

AN ACT concerning revenue.

**Be it enacted by the People of the State of Illinois,
represented in the General Assembly:**

Article 5. Leveling the Playing Field for Illinois Retail Act

Section 5-1. Short title. This Article may be cited as the Leveling the Playing Field for Illinois Retail Act. References in this Article to "this Act" means this Article.

Section 5-5. Findings. The General Assembly finds that certified service providers and certified automated systems simplify use and occupation tax compliance for out-of-state sellers, which fosters higher levels of accurate tax collection and remittance and generates administrative savings and new marginal tax revenue for both State and local taxing jurisdictions. By making the services of certified service providers and certified automated systems available to remote retailers without charge as provided in this Act, the State will substantially eliminate the burden on those remote retailers to collect and remit both State and local taxing jurisdiction use and occupation taxes. While providing a means for remote retailers to collect and remit tax on an even basis with Illinois retailers, this Act also protects existing local tax revenue streams by retaining origin sourcing for all

transactions by retailers maintaining a physical presence in Illinois.

Section 5-10. Definitions. As used in this Act:

"Certified service provider" means an agent certified by the Department to perform the remote retailer's use and occupation tax functions, as outlined in the contract between the State and the certified service provider.

"Certified automated system" means an automated software system that is certified by the State as meeting all performance and tax calculation standards required by Department rules.

"Department" means the Department of Revenue.

"Remote retailer" means a retailer as defined in Section 1 of the Retailers' Occupation Tax Act that has an obligation to collect State and local retailers' occupation tax under subsection (b) of Section 2 of the Retailers' Occupation Tax Act.

"Retailers' occupation tax" means the tax levied under the Retailers' Occupation Tax Act and all applicable local retailers' occupation taxes collected by the Department in conjunction with the State retailers' occupation tax.

Section 5-15. Certification of certified service providers. The Department shall, no later than December 31, 2019, establish standards for the certification of certified

service providers and certified automated systems and may act jointly with other states to accomplish these ends.

The Department may take other actions reasonably required to implement the provisions of this Act, including the adoption of rules and emergency rules and the procurement of goods and services, which also may be coordinated jointly with other states.

Section 5-20. Provision of databases. The Department shall, no later than July 1, 2020:

(1) provide and maintain an electronic, downloadable database of defined product categories that identifies the taxability of each category;

(2) provide and maintain an electronic, downloadable database of all retailers' occupation tax rates for the jurisdictions in this State that levy a retailers' occupation tax; and

(3) provide and maintain an electronic, downloadable database that assigns delivery addresses in this State to the applicable taxing jurisdictions.

Section 5-25. Certification. The Department shall, no later than July 1, 2020:

(1) provide uniform minimum standards that companies wishing to be designated as a certified service provider in this State must meet; those minimum standards must include

an expedited certification process for companies that have been certified in at least 5 other states;

(2) provide uniform minimum standards that certified automated systems must meet; those minimum standards may include an expedited certification process for automated systems that have been certified in at least 5 other states;

(3) establish a certification process to review the systems of companies wishing to be designated as a certified service provider in this State or of companies wishing to use a certified automated process; this certification process shall provide that companies that meet all required standards and whose systems have been tested and approved by the Department for properly determining the taxability of items to be sold, the correct tax rate to apply to a transaction, and the appropriate jurisdictions to which the tax shall be remitted, shall be certified;

(4) enter into a contractual relationship with each company that qualifies as a certified service provider or that will be using a certified automated system; those contracts shall, at a minimum, provide:

(A) the responsibilities of the certified service provider and the remote retailers that contract with the certified service provider or the user of a certified automated system related to liability for

proper collection and remittance of use and occupation taxes;

(B) the responsibilities of the certified service provider and the remote retailers that contract with the certified service provider or the user of a certified service provider related to record keeping and auditing;

(C) for the protection and confidentiality of tax information; and

(D) compensation equal to 1.75% of the tax dollars collected and remitted to the State by a certified service provider on a timely basis on behalf of remote retailers; remote retailers using a certified service provider may not claim the vendor's discount allowed under the Retailers' Occupation Tax Act or the Service Occupation Tax Act.

The provisions of this Section shall supersede the provisions of the Illinois Procurement Code.

Section 5-30. Relief from liability. Beginning January 1, 2020, remote retailers using certified service providers or certified automated systems and their certified service providers or certified automated systems providers are relieved from liability to the State for having charged and collected the incorrect amount of use or occupation tax resulting from a certified service provider or certified

automated system relying, at the time of the sale, on: (1) erroneous data provided by the State in database files on tax rates, boundaries, or taxing jurisdictions; or (2) erroneous data provided by the State concerning the taxability of products and services.

The Department shall, to the best of its ability, assign addresses to the proper local taxing jurisdiction using a 9-digit zip code identifier. On an annual basis, the Department shall make available to local taxing jurisdictions the taxing jurisdiction boundaries determined by the Department for their verification. If a jurisdiction fails to verify their taxing jurisdiction boundaries to the Department in any given year, the Department shall assign retailers' occupation tax revenue from remote retail sales based on its best information. In that case, tax revenues from remote retail sales remitted to a taxing jurisdiction based on erroneous local tax boundary information will be assigned to the correct taxing jurisdiction on a prospective basis upon notice of the boundary error from a local taxing jurisdiction. No certified service provider or remote retailer using a certified automated system shall be subject to a class action brought on behalf of customers and arising from, or in any way related to, an overpayment of retailers' occupation tax collected by the certified service provider if, at the time of the sale, they relied on information provided by the Department, regardless of whether that claim is characterized as a tax refund claim. Nothing in

this Section affects a customer's right to seek a refund from the remote retailer as provided in this Act.

Section 5-97. Severability. The provisions of this Act are severable under Section 1.31 of the Statute on Statutes.

Article 10. Parking Excise Tax Act

Section 10-1. Short title. This Article may be cited as the Parking Excise Tax Act. References in this Article to "this Act" mean this Article.

Section 10-5. Definitions.

"Booking intermediary" means any person or entity that facilitates the processing and fulfillment of reservation transactions between an operator and a person or entity desiring parking in a parking lot or garage of that operator.

"Charge or fee paid for parking" means the gross amount of consideration for the use or privilege of parking a motor vehicle in or upon any parking lot or garage in the State, collected by an operator and valued in money, whether received in money or otherwise, including cash, credits, property, and services, determined without any deduction for costs or expenses, but not including charges that are added to the charge or fee on account of the tax imposed by this Act or on account of any other tax imposed on the charge or fee. "Charge

or fee paid for parking" excludes separately stated charges not for the use or privilege or parking and excludes amounts retained by or paid to a booking intermediary for services provided by the booking intermediary. If any separately stated charge is not optional, it shall be presumed that it is part of the charge for the use or privilege or parking.

"Department" means the Department of Revenue.

"Operator" means any person who engages in the business of operating a parking area or garage, or who, directly or through an agreement or arrangement with another party, collects the consideration for parking or storage of motor vehicles, recreational vehicles, or other self-propelled vehicles, at that parking place. This includes, but is not limited to, any facilitator or aggregator that collects from the purchaser the charge or fee paid for parking. "Operator" does not include a bank, credit card company, payment processor, booking intermediary, or person whose involvement is limited to performing functions that are similar to those performed by a bank, credit card company, payment processor, or booking intermediary.

"Parking area or garage" means any real estate, building, structure, premises, enclosure or other place, whether enclosed or not, except a public way, within the State, where motor vehicles, recreational vehicles, or other self-propelled vehicles, are stored, housed or parked for hire, charge, fee or other valuable consideration in a condition ready for use, or

where rent or compensation is paid to the owner, manager, operator or lessee of the premises for the housing, storing, sheltering, keeping or maintaining motor vehicles, recreational vehicles, or other self-propelled vehicles. "Parking area or garage" includes any parking area or garage, whether the vehicle is parked by the owner of the vehicle or by the operator or an attendant.

"Person" means any natural individual, firm, trust, estate, partnership, association, joint stock company, joint venture, corporation, limited liability company, or a receiver, trustee, guardian, or other representative appointed by order of any court.

"Purchase price" means the consideration paid for the purchase of a parking space in a parking area or garage, valued in money, whether received in money or otherwise, including cash, gift cards, credits, and property, and shall be determined without any deduction on account of the cost of materials used, labor or service costs, or any other expense whatsoever.

"Purchase price" includes any and all charges that the recipient pays related to or incidental to obtaining the use or privilege of using a parking space in a parking area or garage, including but not limited to any and all related markups, service fees, convenience fees, facilitation fees, cancellation fees, overtime fees, or other such charges, regardless of terminology. However, "purchase price" shall not

include consideration paid for:

(1) optional, separately stated charges not for the use or privilege of using a parking space in the parking area or garage;

(2) any charge for a dishonored check;

(3) any finance or credit charge, penalty or charge for delayed payment, or discount for prompt payment;

(4) any purchase by a purchaser if the operator is prohibited by federal or State Constitution, treaty, convention, statute or court decision from collecting the tax from such purchaser;

(5) the isolated or occasional sale of parking spaces subject to tax under this Act by a person who does not hold himself out as being engaged (or who does not habitually engage) in selling of parking spaces; and

(6) any amounts added to a purchaser's bills because of charges made pursuant to the tax imposed by this Act. If credit is extended, then the amount thereof shall be included only as and when payments are made.

"Purchaser" means any person who acquires a parking space in a parking area or garage for use for valuable consideration.

"Use" means the exercise by any person of any right or power over, or the enjoyment of, a parking space in a parking area or garage subject to tax under this Act.

Section 10-10. Imposition of tax; calculation of tax.

(a) Beginning on January 1, 2020, a tax is imposed on the privilege of using in this State a parking space in a parking area or garage for the use of parking one or more motor vehicles, recreational vehicles, or other self-propelled vehicles, at the rate of:

(1) 6% of the purchase price for a parking space paid for on an hourly, daily, or weekly basis; and

(2) 9% of the purchase price for a parking space paid for on a monthly or annual basis.

(b) The tax shall be collected from the purchaser by the operator.

(c) An operator that has paid or remitted the tax imposed by this Act to another operator in connection with the same parking transaction, or the use of the same parking space, that is subject to tax under this Act, shall be entitled to a credit for such tax paid or remitted against the amount of tax owed under this Act, provided that the other operator is registered under this Act. The operator claiming the credit shall have the burden of proving it is entitled to claim a credit.

(d) If any operator erroneously collects tax or collects more from the purchaser than the purchaser's liability for the transaction, the purchaser shall have a legal right to claim a refund of such amount from the operator. However, if such amount is not refunded to the purchaser for any reason, the operator is liable to pay such amount to the Department.

(e) The tax imposed by this Section is not imposed with

respect to any transaction in interstate commerce, to the extent that the transaction may not, under the Constitution and statutes of the United States, be made the subject of taxation by this State.

Section 10-15. Filing of returns and deposit of proceeds. On or before the last day of each calendar month, every operator engaged in the business of providing to purchasers parking areas and garages in this State during the preceding calendar month shall file a return with the Department, stating:

(1) the name of the operator;

(2) the address of its principal place of business and the address of the principal place of business from which it provides parking areas and garages in this State;

(3) the total amount of receipts received by the operator during the preceding calendar month or quarter, as the case may be, from sales of parking spaces to purchasers in parking areas or garages during the preceding calendar month or quarter;

(4) deductions allowed by law;

(5) the total amount of receipts received by the operator during the preceding calendar month or quarter upon which the tax was computed;

(6) the amount of tax due; and

(7) such other reasonable information as the

Department may require.

If an operator ceases to engage in the kind of business that makes it responsible for filing returns under this Act, then that operator shall file a final return under this Act with the Department on or before the last day of the month after discontinuing such business.

All returns required to be filed and payments required to be made under this Act shall be by electronic means. Taxpayers who demonstrate hardship in filing or paying electronically may petition the Department to waive the electronic filing or payment requirement, or both. The Department may require a separate return for the tax under this Act or combine the return for the tax under this Act with the return for other taxes.

If the same person has more than one business registered with the Department under separate registrations under this Act, that person shall not file each return that is due as a single return covering all such registered businesses but shall file separate returns for each such registered business.

If the operator is a corporation, the return filed on behalf of that corporation shall be signed by the president, vice-president, secretary, or treasurer, or by a properly accredited agent of such corporation.

The operator filing the return under this Act shall, at the time of filing the return, pay to the Department the amount of tax imposed by this Act less a discount of 1.75%, not to exceed

\$1,000 per month, which is allowed to reimburse the operator for the expenses incurred in keeping records, preparing and filing returns, remitting the tax, and supplying data to the Department on request.

If any payment provided for in this Section exceeds the taxpayer's liabilities under this Act, as shown on an original return, the Department may authorize the taxpayer to credit such excess payment against liability subsequently to be remitted to the Department under this Act, in accordance with reasonable rules adopted by the Department. If the Department subsequently determines that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer's discount shall be reduced by an amount equal to the difference between the discount as applied to the credit taken and that actually due, and that taxpayer shall be liable for penalties and interest on such difference.

Section 10-20. Exemptions. The tax imposed by this Act shall not apply to:

(1) parking in a parking area or garage operated by the federal government or its instrumentalities that has been issued an active tax exemption number by the Department under Section 1g of the Retailers' Occupation Tax Act; for this exemption to apply, the parking area or garage must be operated by the federal government or its instrumentalities; the exemption under this paragraph (1)

does not apply if the parking area or garage is operated by a third party, whether under a lease or other contractual arrangement, or any other manner whatsoever;

(2) residential off-street parking for home or apartment tenants or condominium occupants, if the arrangement for such parking is provided in the home or apartment lease or in a separate writing between the landlord and tenant, or in a condominium agreement between the condominium association and the owner, occupant, or guest of a unit, whether the parking charge is payable to the landlord, condominium association, or to the operator of the parking spaces;

(3) parking by hospital employees in a parking space that is owned and operated by the hospital for which they work; and

(4) parking in a parking area or garage where 3 or fewer motor vehicles are stored, housed, or parked for hire, charge, fee or other valuable consideration, if the operator of the parking area or garage does not act as the operator of more than a total of 3 parking spaces located in the State; if any operator of parking areas or garages, including any facilitator or aggregator, acts as an operator of more than 3 parking spaces in total that are located in the State, then this exemption shall not apply to any of those spaces.

Section 10-25. Collection of tax.

(a) Beginning with bills issued or charges collected for a purchase of a parking space in a parking area or garage on and after January 1, 2020, the tax imposed by this Act shall be collected from the purchaser by the operator at the rate stated in Section 10-10 and shall be remitted to the Department as provided in this Act. All charges for parking spaces in a parking area or garage are presumed subject to tax collection. Operators shall collect the tax from purchasers by adding the tax to the amount of the purchase price received from the purchaser. The tax imposed by the Act shall when collected be stated as a distinct item separate and apart from the purchase price of the service subject to tax under this Act. However, where it is not possible to state the tax separately the Department may by rule exempt such purchases from this requirement so long as purchasers are notified by language on the invoice or notified by a sign that the tax is included in the purchase price.

(b) Any person purchasing a parking space in a parking area or garage subject to tax under this Act as to which there has been no charge made to him of the tax imposed by Section 10-10, shall make payment of the tax imposed by Section 10-10 of this Act in the form and manner provided by the Department, such payment to be made to the Department in the manner and form required by the Department not later than the 20th day of the month following the month of purchase of the parking space.

Section 10-30. Registration of operators.

(a) A person who engages in business as an operator of a parking area or garage in this State shall register with the Department. Application for a certificate of registration shall be made to the Department, by electronic means, in the form and manner prescribed by the Department and shall contain any reasonable information the Department may require. Upon receipt of the application for a certificate of registration in proper form and manner, the Department shall issue to the applicant a certificate of registration. Operators who demonstrate that they do not have access to the Internet or demonstrate hardship in applying electronically may petition the Department to waive the electronic application requirements.

(b) The Department may refuse to issue or reissue a certificate of registration to any applicant for the reasons set forth in Section 2505-380 of the Department of Revenue Law of the Civil Administrative Code of Illinois.

(c) Any person aggrieved by any decision of the Department under this Section may, within 20 days after notice of such decision, protest and request a hearing, whereupon the Department shall give notice to such person of the time and place fixed for such hearing and shall hold a hearing in conformity with the provisions of this Act and then issue its final administrative decision in the matter to such person. In

the absence of such a protest within 20 days, the Department's decision shall become final without any further determination being made or notice given.

Section 10-35. Revocation of certificate of registration.

(a) The Department may, after notice and a hearing as provided in this Act, revoke the certificate of registration of any operator who violates any of the provisions of this Act or any rule adopted pursuant to this Act. Before revocation of a certificate of registration, the Department shall, within 90 days after non-compliance and at least 7 days prior to the date of the hearing, give the operator so accused notice in writing of the charge against him or her, and on the date designated shall conduct a hearing upon this matter. The lapse of such 90-day period shall not preclude the Department from conducting revocation proceedings at a later date if necessary. Any hearing held under this Section shall be conducted by the Director or by any officer or employee of the Department designated in writing by the Director.

(b) The Department may revoke a certificate of registration for the reasons set forth in Section 2505-380 of the Department of Revenue Law of the Civil Administrative Code of Illinois.

(c) Upon the hearing of any such proceeding, the Director or any officer or employee of the Department designated in writing by the Director may administer oaths, and the Department may procure by its subpoena the attendance of

witnesses and, by its subpoena duces tecum, the production of relevant books and papers. Any circuit court, upon application either of the operator or of the Department, may, by order duly entered, require the attendance of witnesses and the production of relevant books and papers before the Department in any hearing relating to the revocation of certificates of registration. Upon refusal or neglect to obey the order of the court, the court may compel obedience thereof by proceedings for contempt.

(d) The Department may, by application to any circuit court, obtain an injunction requiring any person who engages in business as an operator under this Act to obtain a certificate of registration. Upon refusal or neglect to obey the order of the court, the court may compel obedience by proceedings for contempt.

Section 10-40. Valet services.

(a) Persons engaged in the business of providing valet services are subject to the tax imposed by this Act on the purchase price received in connection with their valet parking operations.

(b) Persons engaged in the business of providing valet services are entitled to take the credit in subsection (c) of Section 10-10.

(c) Tips received by persons parking cars for persons engaged in the business of providing valet services are not

subject to the tax imposed by this Act if the tips are retained by the person receiving the tip. If the tips are turned over to the valet business, the tips shall be included in the purchase price.

Section 10-45. Tax collected as debt owed to State. The tax herein required to be collected by any operator or valet business and any such tax collected by that person, shall constitute a debt owed by that person to this State.

Section 10-50. Incorporation by reference. Section 10-55. Deposit of proceeds from parking excise tax. The moneys received by the Department from the tax imposed by this Act shall be deposited into the Capital Projects Fund.

The Department shall determine the duration of the certificate of exemption awarded under this Act. The duration of the certificate of exemption may not exceed 20 calendar years. The Department and any data center seeking the exemption, including a data center operator on behalf of itself and its tenants, must enter into a memorandum of understanding that at a minimum provides:

To the extent that a business issued a certificate of exemption under this Section has obtained an Enterprise Zone Building Materials Exemption Certificate or a High Impact Business Building Materials Exemption Certificate, no additional reporting for those building materials exemption benefits is required under this Section.

Failure to file a report under this subsection (h) may result in suspension or revocation of the certificate of exemption. The Department shall adopt rules governing suspension or revocation of the certificate of exemption, including the length of suspension. Factors to be considered in determining whether a data center certificate of exemption shall be suspended or revoked include, but are not limited to, prior compliance with the reporting requirements, cooperation in discontinuing and correcting violations, the extent of the violation, and whether the violation was willful or inadvertent.

605-1025 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois is entitled to a credit against the taxes imposed under subsections (a) and (b) of Section 201 of this Act. The amount of the credit shall be 20% of the wages paid during the taxable year to a full-time or part-time employee of a construction contractor employed by a certified data center if those wages are paid for the construction of a new data center in a geographic area that meets any one of the following criteria:

(1) the area has a poverty rate of at least 20%, according to the latest federal decennial census;

(2) 75% or more of the children in the area participate in the federal free lunch program, according to reported statistics from the State Board of Education;

(3) 20% or more of the households in the area receive assistance under the Supplemental Nutrition Assistance Program (SNAP); or

If the taxpayer is a partnership, a Subchapter S corporation, or a limited liability company that has elected partnership tax treatment, the credit shall be allowed to the

partners, shareholders, or members in accordance with the determination of income and distributive share of income under Sections 702 and 704 and subchapter S of the Internal Revenue Code, as applicable. The Department, in cooperation with the Department of Commerce and Economic Opportunity, shall adopt rules to enforce and administer this Section. This Section is exempt from the provisions of Section 250 of this Act.

(b) In no event shall a credit under this Section reduce the taxpayer's liability to less than zero. If the amount of the credit exceeds the tax liability for the year, the excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The tax credit shall be applied to the earliest year for which there is a tax liability. If there are credits for more than one year that are available to offset a liability, the earlier credit shall be applied first.

(c) No credit shall be allowed with respect to any certification for any taxable year ending after the revocation of the certification by the Department of Commerce and Economic Opportunity. Upon receiving notification by the Department of Commerce and Economic Opportunity of the revocation of certification, the Department shall notify the taxpayer that no credit is allowed for any taxable year ending after the revocation date, as stated in such notification. If any credit has been allowed with respect to a certification for a taxable year ending after the revocation date, any refund paid to the

taxpayer for that taxable year shall, to the extent of that credit allowed, be an erroneous refund within the meaning of Section 912 of this Act.

Section 15-30. The Use Tax Act is amended by changing Sections 2 and 3-5 as follows:

(35 ILCS 105/2) (from Ch. 120, par. 439.2)

Sec. 2. Definitions.

"Use" means the exercise by any person of any right or power over tangible personal property incident to the ownership of that property, except that it does not include the sale of such property in any form as tangible personal property in the regular course of business to the extent that such property is not first subjected to a use for which it was purchased, and does not include the use of such property by its owner for demonstration purposes: Provided that the property purchased is deemed to be purchased for the purpose of resale, despite first being used, to the extent to which it is resold as an ingredient of an intentionally produced product or by-product of manufacturing. "Use" does not mean the demonstration use or interim use of tangible personal property by a retailer before he sells that tangible personal property. For watercraft or aircraft, if the period of demonstration use or interim use by the retailer exceeds 18 months, the retailer shall pay on the retailers' original cost price the tax imposed by this Act, and

no credit for that tax is permitted if the watercraft or aircraft is subsequently sold by the retailer. "Use" does not mean the physical incorporation of tangible personal property, to the extent not first subjected to a use for which it was purchased, as an ingredient or constituent, into other tangible personal property (a) which is sold in the regular course of business or (b) which the person incorporating such ingredient or constituent therein has undertaken at the time of such purchase to cause to be transported in interstate commerce to destinations outside the State of Illinois: Provided that the property purchased is deemed to be purchased for the purpose of resale, despite first being used, to the extent to which it is resold as an ingredient of an intentionally produced product or by-product of manufacturing.

"Watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

"Purchase at retail" means the acquisition of the ownership of or title to tangible personal property through a sale at retail.

"Purchaser" means anyone who, through a sale at retail, acquires the ownership of tangible personal property for a valuable consideration.

"Sale at retail" means any transfer of the ownership of or title to tangible personal property to a purchaser, for the

purpose of use, and not for the purpose of resale in any form as tangible personal property to the extent not first subjected to a use for which it was purchased, for a valuable consideration: Provided that the property purchased is deemed to be purchased for the purpose of resale, despite first being used, to the extent to which it is resold as an ingredient of an intentionally produced product or by-product of manufacturing. For this purpose, slag produced as an incident to manufacturing pig iron or steel and sold is considered to be an intentionally produced by-product of manufacturing. "Sale at retail" includes any such transfer made for resale unless made in compliance with Section 2c of the Retailers' Occupation Tax Act, as incorporated by reference into Section 12 of this Act. Transactions whereby the possession of the property is transferred but the seller retains the title as security for payment of the selling price are sales.

"Sale at retail" shall also be construed to include any Illinois florist's sales transaction in which the purchase order is received in Illinois by a florist and the sale is for use or consumption, but the Illinois florist has a florist in another state deliver the property to the purchaser or the purchaser's donee in such other state.

Nonreusable tangible personal property that is used by persons engaged in the business of operating a restaurant, cafeteria, or drive-in is a sale for resale when it is transferred to customers in the ordinary course of business as

part of the sale of food or beverages and is used to deliver, package, or consume food or beverages, regardless of where consumption of the food or beverages occurs. Examples of those items include, but are not limited to nonreusable, paper and plastic cups, plates, baskets, boxes, sleeves, buckets or other containers, utensils, straws, placemats, napkins, doggie bags, and wrapping or packaging materials that are transferred to customers as part of the sale of food or beverages in the ordinary course of business.

The purchase, employment and transfer of such tangible personal property as newsprint and ink for the primary purpose of conveying news (with or without other information) is not a purchase, use or sale of tangible personal property.

"Selling price" means the consideration for a sale valued in money whether received in money or otherwise, including cash, credits, property other than as hereinafter provided, and services, but, prior to January 1, 2020, not including the value of or credit given for traded-in tangible personal property where the item that is traded-in is of like kind and character as that which is being sold; beginning January 1, 2020, "selling price" includes the portion of the value of or credit given for traded-in motor vehicles of the First Division as defined in Section 1-146 of the Illinois Vehicle Code of like kind and character as that which is being sold that exceeds \$10,000. "Selling price", ~~and~~ shall be determined without any deduction on account of the cost of the property

sold, the cost of materials used, labor or service cost or any other expense whatsoever, but does not include interest or finance charges which appear as separate items on the bill of sale or sales contract nor charges that are added to prices by sellers on account of the seller's tax liability under the "Retailers' Occupation Tax Act", or on account of the seller's duty to collect, from the purchaser, the tax that is imposed by this Act, or, except as otherwise provided with respect to any cigarette tax imposed by a home rule unit, on account of the seller's tax liability under any local occupation tax administered by the Department, or, except as otherwise provided with respect to any cigarette tax imposed by a home rule unit on account of the seller's duty to collect, from the purchasers, the tax that is imposed under any local use tax administered by the Department. Effective December 1, 1985, "selling price" shall include charges that are added to prices by sellers on account of the seller's tax liability under the Cigarette Tax Act, on account of the seller's duty to collect, from the purchaser, the tax imposed under the Cigarette Use Tax Act, and on account of the seller's duty to collect, from the purchaser, any cigarette tax imposed by a home rule unit.

Notwithstanding any law to the contrary, for any motor vehicle, as defined in Section 1-146 of the Vehicle Code, that is sold on or after January 1, 2015 for the purpose of leasing the vehicle for a defined period that is longer than one year and (1) is a motor vehicle of the second division that: (A) is

a self-contained motor vehicle designed or permanently converted to provide living quarters for recreational, camping, or travel use, with direct walk through access to the living quarters from the driver's seat; (B) is of the van configuration designed for the transportation of not less than 7 nor more than 16 passengers; or (C) has a gross vehicle weight rating of 8,000 pounds or less or (2) is a motor vehicle of the first division, "selling price" or "amount of sale" means the consideration received by the lessor pursuant to the lease contract, including amounts due at lease signing and all monthly or other regular payments charged over the term of the lease. Also included in the selling price is any amount received by the lessor from the lessee for the leased vehicle that is not calculated at the time the lease is executed, including, but not limited to, excess mileage charges and charges for excess wear and tear. For sales that occur in Illinois, with respect to any amount received by the lessor from the lessee for the leased vehicle that is not calculated at the time the lease is executed, the lessor who purchased the motor vehicle does not incur the tax imposed by the Use Tax Act on those amounts, and the retailer who makes the retail sale of the motor vehicle to the lessor is not required to collect the tax imposed by this Act or to pay the tax imposed by the Retailers' Occupation Tax Act on those amounts. However, the lessor who purchased the motor vehicle assumes the liability for reporting and paying the tax on those amounts directly to

the Department in the same form (Illinois Retailers' Occupation Tax, and local retailers' occupation taxes, if applicable) in which the retailer would have reported and paid such tax if the retailer had accounted for the tax to the Department. For amounts received by the lessor from the lessee that are not calculated at the time the lease is executed, the lessor must file the return and pay the tax to the Department by the due date otherwise required by this Act for returns other than transaction returns. If the retailer is entitled under this Act to a discount for collecting and remitting the tax imposed under this Act to the Department with respect to the sale of the motor vehicle to the lessor, then the right to the discount provided in this Act shall be transferred to the lessor with respect to the tax paid by the lessor for any amount received by the lessor from the lessee for the leased vehicle that is not calculated at the time the lease is executed; provided that the discount is only allowed if the return is timely filed and for amounts timely paid. The "selling price" of a motor vehicle that is sold on or after January 1, 2015 for the purpose of leasing for a defined period of longer than one year shall not be reduced by the value of or credit given for traded-in tangible personal property owned by the lessor, nor shall it be reduced by the value of or credit given for traded-in tangible personal property owned by the lessee, regardless of whether the trade-in value thereof is assigned by the lessee to the lessor. In the case of a motor vehicle that is sold for the

purpose of leasing for a defined period of longer than one year, the sale occurs at the time of the delivery of the vehicle, regardless of the due date of any lease payments. A lessor who incurs a Retailers' Occupation Tax liability on the sale of a motor vehicle coming off lease may not take a credit against that liability for the Use Tax the lessor paid upon the purchase of the motor vehicle (or for any tax the lessor paid with respect to any amount received by the lessor from the lessee for the leased vehicle that was not calculated at the time the lease was executed) if the selling price of the motor vehicle at the time of purchase was calculated using the definition of "selling price" as defined in this paragraph. Notwithstanding any other provision of this Act to the contrary, lessors shall file all returns and make all payments required under this paragraph to the Department by electronic means in the manner and form as required by the Department. This paragraph does not apply to leases of motor vehicles for which, at the time the lease is entered into, the term of the lease is not a defined period, including leases with a defined initial period with the option to continue the lease on a month-to-month or other basis beyond the initial defined period.

The phrase "like kind and character" shall be liberally construed (including but not limited to any form of motor vehicle for any form of motor vehicle, or any kind of farm or agricultural implement for any other kind of farm or

agricultural implement), while not including a kind of item which, if sold at retail by that retailer, would be exempt from retailers' occupation tax and use tax as an isolated or occasional sale.

"Department" means the Department of Revenue.

"Person" means any natural individual, firm, partnership, association, joint stock company, joint adventure, public or private corporation, limited liability company, or a receiver, executor, trustee, guardian or other representative appointed by order of any court.

"Retailer" means and includes every person engaged in the business of making sales at retail as defined in this Section.

A person who holds himself or herself out as being engaged (or who habitually engages) in selling tangible personal property at retail is a retailer hereunder with respect to such sales (and not primarily in a service occupation) notwithstanding the fact that such person designs and produces such tangible personal property on special order for the purchaser and in such a way as to render the property of value only to such purchaser, if such tangible personal property so produced on special order serves substantially the same function as stock or standard items of tangible personal property that are sold at retail.

A person whose activities are organized and conducted primarily as a not-for-profit service enterprise, and who engages in selling tangible personal property at retail

(whether to the public or merely to members and their guests) is a retailer with respect to such transactions, excepting only a person organized and operated exclusively for charitable, religious or educational purposes either (1), to the extent of sales by such person to its members, students, patients or inmates of tangible personal property to be used primarily for the purposes of such person, or (2), to the extent of sales by such person of tangible personal property which is not sold or offered for sale by persons organized for profit. The selling of school books and school supplies by schools at retail to students is not "primarily for the purposes of" the school which does such selling. This paragraph does not apply to nor subject to taxation occasional dinners, social or similar activities of a person organized and operated exclusively for charitable, religious or educational purposes, whether or not such activities are open to the public.

A person who is the recipient of a grant or contract under Title VII of the Older Americans Act of 1965 (P.L. 92-258) and serves meals to participants in the federal Nutrition Program for the Elderly in return for contributions established in amount by the individual participant pursuant to a schedule of suggested fees as provided for in the federal Act is not a retailer under this Act with respect to such transactions.

Persons who engage in the business of transferring tangible personal property upon the redemption of trading stamps are retailers hereunder when engaged in such business.

The isolated or occasional sale of tangible personal property at retail by a person who does not hold himself out as being engaged (or who does not habitually engage) in selling such tangible personal property at retail or a sale through a bulk vending machine does not make such person a retailer hereunder. However, any person who is engaged in a business which is not subject to the tax imposed by the "Retailers' Occupation Tax Act" because of involving the sale of or a contract to sell real estate or a construction contract to improve real estate, but who, in the course of conducting such business, transfers tangible personal property to users or consumers in the finished form in which it was purchased, and which does not become real estate, under any provision of a construction contract or real estate sale or real estate sales agreement entered into with some other person arising out of or because of such nontaxable business, is a retailer to the extent of the value of the tangible personal property so transferred. If, in such transaction, a separate charge is made for the tangible personal property so transferred, the value of such property, for the purposes of this Act, is the amount so separately charged, but not less than the cost of such property to the transferor; if no separate charge is made, the value of such property, for the purposes of this Act, is the cost to the transferor of such tangible personal property.

"Retailer maintaining a place of business in this State", or any like term, means and includes any of the following

retailers:

(1) A retailer having or maintaining within this State, directly or by a subsidiary, an office, distribution house, sales house, warehouse or other place of business, or any agent or other representative operating within this State under the authority of the retailer or its subsidiary, irrespective of whether such place of business or agent or other representative is located here permanently or temporarily, or whether such retailer or subsidiary is licensed to do business in this State. However, the ownership of property that is located at the premises of a printer with which the retailer has contracted for printing and that consists of the final printed product, property that becomes a part of the final printed product, or copy from which the printed product is produced shall not result in the retailer being deemed to have or maintain an office, distribution house, sales house, warehouse, or other place of business within this State.

(1.1) (Blank). ~~A retailer having a contract with a person located in this State under which the person, for a commission or other consideration based upon the sale of tangible personal property by the retailer, directly or indirectly refers potential customers to the retailer by providing to the potential customers a promotional code or other mechanism that allows the retailer to track purchases referred by such persons. Examples of mechanisms that allow~~

~~the retailer to track purchases referred by such persons include but are not limited to the use of a link on the person's Internet website, promotional codes distributed through the person's hand-delivered or mailed material, and promotional codes distributed by the person through radio or other broadcast media. The provisions of this paragraph (1.1) shall apply only if the cumulative gross receipts from sales of tangible personal property by the retailer to customers who are referred to the retailer by all persons in this State under such contracts exceed \$10,000 during the preceding 4 quarterly periods ending on the last day of March, June, September, and December. A retailer meeting the requirements of this paragraph (1.1) shall be presumed to be maintaining a place of business in this State but may rebut this presumption by submitting proof that the referrals or other activities pursued within this State by such persons were not sufficient to meet the nexus standards of the United States Constitution during the preceding 4 quarterly periods.~~

(1.2) (Blank). ~~Beginning July 1, 2011, a retailer having a contract with a person located in this State under which:~~

~~(A) the retailer sells the same or substantially similar line of products as the person located in this State and does so using an identical or substantially similar name, trade name, or trademark as the person~~

~~located in this State; and~~

~~(B) the retailer provides a commission or other consideration to the person located in this State based upon the sale of tangible personal property by the retailer.~~

~~The provisions of this paragraph (1.2) shall apply only if the cumulative gross receipts from sales of tangible personal property by the retailer to customers in this State under all such contracts exceed \$10,000 during the preceding 4 quarterly periods ending on the last day of March, June, September, and December.~~

~~(2) (Blank). A retailer soliciting orders for tangible personal property by means of a telecommunication or television shopping system (which utilizes toll free numbers) which is intended by the retailer to be broadcast by cable television or other means of broadcasting, to consumers located in this State.~~

~~(3) (Blank). A retailer, pursuant to a contract with a broadcaster or publisher located in this State, soliciting orders for tangible personal property by means of advertising which is disseminated primarily to consumers located in this State and only secondarily to bordering jurisdictions.~~

~~(4) (Blank). A retailer soliciting orders for tangible personal property by mail if the solicitations are substantial and recurring and if the retailer benefits from~~

~~any banking, financing, debt collection, telecommunication, or marketing activities occurring in this State or benefits from the location in this State of authorized installation, servicing, or repair facilities.~~

(5) (Blank). ~~A retailer that is owned or controlled by the same interests that own or control any retailer engaging in business in the same or similar line of business in this State.~~

(6) (Blank). ~~A retailer having a franchisee or licensee operating under its trade name if the franchisee or licensee is required to collect the tax under this Section.~~

(7) (Blank). ~~A retailer, pursuant to a contract with a cable television operator located in this State, soliciting orders for tangible personal property by means of advertising which is transmitted or distributed over a cable television system in this State.~~

(8) (Blank). ~~A retailer engaging in activities in Illinois, which activities in the state in which the retail business engaging in such activities is located would constitute maintaining a place of business in that state.~~

(9) Beginning October 1, 2018 through June 30, 2020, a retailer making sales of tangible personal property to purchasers in Illinois from outside of Illinois if:

- (A) the cumulative gross receipts from sales of tangible personal property to purchasers in Illinois are \$100,000 or more; or

(B) the retailer enters into 200 or more separate transactions for the sale of tangible personal property to purchasers in Illinois.

The retailer shall determine on a quarterly basis, ending on the last day of March, June, September, and December, whether he or she meets the criteria of either subparagraph (A) or (B) of this paragraph (9) for the preceding 12-month period. If the retailer meets the criteria of either subparagraph (A) or (B) for a 12-month period, he or she is considered a retailer maintaining a place of business in this State and is required to collect and remit the tax imposed under this Act and file returns for one year. At the end of that one-year period, the retailer shall determine whether the retailer met the criteria of either subparagraph (A) or (B) during the preceding 12-month period. If the retailer met the criteria in either subparagraph (A) or (B) for the preceding 12-month period, he or she is considered a retailer maintaining a place of business in this State and is required to collect and remit the tax imposed under this Act and file returns for the subsequent year. If at the end of a one-year period a retailer that was required to collect and remit the tax imposed under this Act determines that he or she did not meet the criteria in either subparagraph (A) or (B) during the preceding 12-month period, the retailer shall subsequently determine on a

quarterly basis, ending on the last day of March, June, September, and December, whether he or she meets the criteria of either subparagraph (A) or (B) for the preceding 12-month period.

"Bulk vending machine" means a vending machine, containing unsorted confections, nuts, toys, or other items designed primarily to be used or played with by children which, when a coin or coins of a denomination not larger than \$0.50 are inserted, are dispensed in equal portions, at random and without selection by the customer.

If the equipment is leased in a manner that does not qualify for this exemption or is used in any other non-exempt manner, the lessor shall be liable for the tax imposed under this Act or the Service Use Tax Act, as the case may be, based on the fair market value of the property at the time the non-qualifying use occurs. No lessor shall collect or attempt to collect an amount (however designated) that purports to reimburse that lessor for the tax imposed by this Act or the Service Use Tax Act, as the case may be, if the tax has not been paid by the lessor. If a lessor improperly collects any such amount from the lessee, the lessee shall have a legal right to claim a refund of that amount from the lessor. If, however, that amount is not refunded to the lessee for any

reason, the lessor is liable to pay that amount to the Department.

This paragraph does not apply to fundraising events (i) for the benefit of private home instruction or (ii) for which the fundraising entity purchases the personal property sold at the events from another individual or entity that sold the property for the purpose of resale by the fundraising entity and that profits

(31) Beginning on August 2, 2001 (the effective date of

Public Act 92-227), computers and communications equipment utilized for any hospital purpose and equipment used in the diagnosis, analysis, or treatment of hospital patients purchased by a lessor who leases the equipment, under a lease of one year or longer executed or in effect at the time the lessor would otherwise be subject to the tax imposed by this Act, to a hospital that has been issued an active tax exemption identification number by the Department under Section 1g of the Retailers' Occupation Tax Act. If the equipment is leased in a manner that does not qualify for this exemption or is used in any other nonexempt manner, the lessor shall be liable for the tax imposed under this Act or the Service Use Tax Act, as the case may be, based on the fair market value of the property at the time the nonqualifying use occurs. No lessor shall collect or attempt to collect an amount (however designated) that purports to reimburse that lessor for the tax imposed by this Act or the Service Use Tax Act, as the case may be, if the tax has not been paid by the lessor. If a lessor improperly collects any such amount from the lessee, the lessee shall have a legal right to claim a refund of that amount from the lessor. If, however, that amount is not refunded to the lessee for any reason, the lessor is liable to pay that amount to the Department. This paragraph is exempt from the provisions of Section 3-90.

leases the property, under a lease of one year or longer executed or in effect at the time the lessor would otherwise be subject to the tax imposed by this Act, to a governmental body that has been issued an active sales tax exemption identification number by the Department under Section 1g of the Retailers' Occupation Tax Act. If the property is leased in a manner that does not qualify for this exemption or used in any other nonexempt manner, the lessor shall be liable for the tax imposed under this Act or the Service Use Tax Act, as the case may be, based on the fair market value of the property at the time the nonqualifying use occurs. No lessor shall collect or attempt to collect an amount (however designated) that purports to reimburse that lessor for the tax imposed by this Act or the Service Use Tax Act, as the case may be, if the tax has not been paid by the lessor. If a lessor improperly collects any such amount from the lessee, the lessee shall have a legal right to claim a refund of that amount from the lessor. If, however, that amount is not refunded to the lessee for any reason, the lessor is liable to pay that amount to the Department. This paragraph is exempt from the provisions of Section 3-90.

branches of learning by methods common to public schools and that compare favorably in their scope and intensity with the course of study presented in tax-supported schools, and vocational or technical schools or institutes organized and operated exclusively to provide a course of study of not less than 6 weeks duration and designed to prepare individuals to follow a trade or to pursue a manual, technical, mechanical, industrial, business, or commercial occupation.

construction or operation of a data center that has been granted a certificate of exemption by the Department of Commerce and Economic Opportunity, whether that tangible personal property is purchased by the owner, operator, or tenant of the data center or by a contractor or subcontractor of the owner, operator, or tenant. Data centers that would have qualified for a certificate of exemption prior to January 1, 2020 had this amendatory Act of the 101st General Assembly been in effect, may apply for and obtain an exemption for subsequent purchases of computer equipment or enabling software purchased or leased to upgrade, supplement, or replace computer equipment or enabling software purchased or leased in the original investment that would have qualified.

The Department of Commerce and Economic Opportunity shall grant a certificate of exemption under this item (32) to qualified data centers as defined by Section 605-1025 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

For the purposes of this item (32):

"Data center" means a building or a series of buildings rehabilitated or constructed to house working servers in one physical location or multiple sites within the State of Illinois.

"Qualified tangible personal property" means: electrical systems and equipment; climate control and chilling equipment and systems; mechanical systems and

equipment; monitoring and secure systems; emergency generators; hardware; computers; servers; data storage devices; network connectivity equipment; racks; cabinets; telecommunications cabling infrastructure; raised floor systems; peripheral components or systems; software; mechanical, electrical, or plumbing systems; battery systems; cooling systems and towers; temperature control systems; other cabling; and other data center infrastructure equipment and systems necessary to operate qualified tangible personal property, including fixtures; and component parts of any of the foregoing, including installation, maintenance, repair, refurbishment, and replacement of qualified tangible personal property to generate, transform, transmit, distribute, or manage electricity necessary to operate qualified tangible personal property; and all other tangible personal property that is essential to the operations of a computer data center. The term "qualified tangible personal property" also includes building materials physically incorporated in to the qualifying data center. To document the exemption allowed under this Section, the retailer must obtain from the purchaser a copy of the certificate of eligibility issued by the Department of Commerce and Economic Opportunity.

This item (32) is exempt from the provisions of Section 3-55.

Section 15-45. The Retailers' Occupation Tax Act is amended by changing Sections 1, 2, 2-5, 2-12, and 2a as follows:

(35 ILCS 120/1) (from Ch. 120, par. 440)

Sec. 1. Definitions. "Sale at retail" means any transfer of the ownership of or title to tangible personal property to a purchaser, for the purpose of use or consumption, and not for the purpose of resale in any form as tangible personal property to the extent not first subjected to a use for which it was purchased, for a valuable consideration: Provided that the property purchased is deemed to be purchased for the purpose of resale, despite first being used, to the extent to which it is resold as an ingredient of an intentionally produced product or byproduct of manufacturing. For this purpose, slag produced as an incident to manufacturing pig iron or steel and sold is considered to be an intentionally produced byproduct of manufacturing. Transactions whereby the possession of the property is transferred but the seller retains the title as security for payment of the selling price shall be deemed to be sales.

"Sale at retail" shall be construed to include any transfer of the ownership of or title to tangible personal property to a

purchaser, for use or consumption by any other person to whom such purchaser may transfer the tangible personal property without a valuable consideration, and to include any transfer, whether made for or without a valuable consideration, for resale in any form as tangible personal property unless made in compliance with Section 2c of this Act.

Sales of tangible personal property, which property, to the extent not first subjected to a use for which it was purchased, as an ingredient or constituent, goes into and forms a part of tangible personal property subsequently the subject of a "Sale at retail", are not sales at retail as defined in this Act: Provided that the property purchased is deemed to be purchased for the purpose of resale, despite first being used, to the extent to which it is resold as an ingredient of an intentionally produced product or byproduct of manufacturing.

"Sale at retail" shall be construed to include any Illinois florist's sales transaction in which the purchase order is received in Illinois by a florist and the sale is for use or consumption, but the Illinois florist has a florist in another state deliver the property to the purchaser or the purchaser's donee in such other state.

Nonreusable tangible personal property that is used by persons engaged in the business of operating a restaurant, cafeteria, or drive-in is a sale for resale when it is transferred to customers in the ordinary course of business as part of the sale of food or beverages and is used to deliver,

package, or consume food or beverages, regardless of where consumption of the food or beverages occurs. Examples of those items include, but are not limited to nonreusable, paper and plastic cups, plates, baskets, boxes, sleeves, buckets or other containers, utensils, straws, placemats, napkins, doggie bags, and wrapping or packaging materials that are transferred to customers as part of the sale of food or beverages in the ordinary course of business.

The purchase, employment and transfer of such tangible personal property as newsprint and ink for the primary purpose of conveying news (with or without other information) is not a purchase, use or sale of tangible personal property.

A person whose activities are organized and conducted primarily as a not-for-profit service enterprise, and who engages in selling tangible personal property at retail (whether to the public or merely to members and their guests) is engaged in the business of selling tangible personal property at retail with respect to such transactions, excepting only a person organized and operated exclusively for charitable, religious or educational purposes either (1), to the extent of sales by such person to its members, students, patients or inmates of tangible personal property to be used primarily for the purposes of such person, or (2), to the extent of sales by such person of tangible personal property which is not sold or offered for sale by persons organized for profit. The selling of school books and school supplies by

schools at retail to students is not "primarily for the purposes of" the school which does such selling. The provisions of this paragraph shall not apply to nor subject to taxation occasional dinners, socials or similar activities of a person organized and operated exclusively for charitable, religious or educational purposes, whether or not such activities are open to the public.

A person who is the recipient of a grant or contract under Title VII of the Older Americans Act of 1965 (P.L. 92-258) and serves meals to participants in the federal Nutrition Program for the Elderly in return for contributions established in amount by the individual participant pursuant to a schedule of suggested fees as provided for in the federal Act is not engaged in the business of selling tangible personal property at retail with respect to such transactions.

"Purchaser" means anyone who, through a sale at retail, acquires the ownership of or title to tangible personal property for a valuable consideration.

"Reseller of motor fuel" means any person engaged in the business of selling or delivering or transferring title of motor fuel to another person other than for use or consumption. No person shall act as a reseller of motor fuel within this State without first being registered as a reseller pursuant to Section 2c or a retailer pursuant to Section 2a.

"Selling price" or the "amount of sale" means the consideration for a sale valued in money whether received in

money or otherwise, including cash, credits, property, other than as hereinafter provided, and services, but, prior to January 1, 2020, not including the value of or credit given for traded-in tangible personal property where the item that is traded-in is of like kind and character as that which is being sold; beginning January 1, 2020, "selling price" includes the portion of the value of or credit given for traded-in motor vehicles of the First Division as defined in Section 1-146 of the Illinois Vehicle Code of like kind and character as that which is being sold that exceeds \$10,000. "Selling price", and shall be determined without any deduction on account of the cost of the property sold, the cost of materials used, labor or service cost or any other expense whatsoever, but does not include charges that are added to prices by sellers on account of the seller's tax liability under this Act, or on account of the seller's duty to collect, from the purchaser, the tax that is imposed by the Use Tax Act, or, except as otherwise provided with respect to any cigarette tax imposed by a home rule unit, on account of the seller's tax liability under any local occupation tax administered by the Department, or, except as otherwise provided with respect to any cigarette tax imposed by a home rule unit on account of the seller's duty to collect, from the purchasers, the tax that is imposed under any local use tax administered by the Department. Effective December 1, 1985, "selling price" shall include charges that are added to prices by sellers on account of the seller's tax liability

under the Cigarette Tax Act, on account of the sellers' duty to collect, from the purchaser, the tax imposed under the Cigarette Use Tax Act, and on account of the seller's duty to collect, from the purchaser, any cigarette tax imposed by a home rule unit.

Notwithstanding any law to the contrary, for any motor vehicle, as defined in Section 1-146 of the Vehicle Code, that is sold on or after January 1, 2015 for the purpose of leasing the vehicle for a defined period that is longer than one year and (1) is a motor vehicle of the second division that: (A) is a self-contained motor vehicle designed or permanently converted to provide living quarters for recreational, camping, or travel use, with direct walk through access to the living quarters from the driver's seat; (B) is of the van configuration designed for the transportation of not less than 7 nor more than 16 passengers; or (C) has a gross vehicle weight rating of 8,000 pounds or less or (2) is a motor vehicle of the first division, "selling price" or "amount of sale" means the consideration received by the lessor pursuant to the lease contract, including amounts due at lease signing and all monthly or other regular payments charged over the term of the lease. Also included in the selling price is any amount received by the lessor from the lessee for the leased vehicle that is not calculated at the time the lease is executed, including, but not limited to, excess mileage charges and charges for excess wear and tear. For sales that occur in

Illinois, with respect to any amount received by the lessor from the lessee for the leased vehicle that is not calculated at the time the lease is executed, the lessor who purchased the motor vehicle does not incur the tax imposed by the Use Tax Act on those amounts, and the retailer who makes the retail sale of the motor vehicle to the lessor is not required to collect the tax imposed by the Use Tax Act or to pay the tax imposed by this Act on those amounts. However, the lessor who purchased the motor vehicle assumes the liability for reporting and paying the tax on those amounts directly to the Department in the same form (Illinois Retailers' Occupation Tax, and local retailers' occupation taxes, if applicable) in which the retailer would have reported and paid such tax if the retailer had accounted for the tax to the Department. For amounts received by the lessor from the lessee that are not calculated at the time the lease is executed, the lessor must file the return and pay the tax to the Department by the due date otherwise required by this Act for returns other than transaction returns. If the retailer is entitled under this Act to a discount for collecting and remitting the tax imposed under this Act to the Department with respect to the sale of the motor vehicle to the lessor, then the right to the discount provided in this Act shall be transferred to the lessor with respect to the tax paid by the lessor for any amount received by the lessor from the lessee for the leased vehicle that is not calculated at the time the lease is executed; provided that the discount is only

allowed if the return is timely filed and for amounts timely paid. The "selling price" of a motor vehicle that is sold on or after January 1, 2015 for the purpose of leasing for a defined period of longer than one year shall not be reduced by the value of or credit given for traded-in tangible personal property owned by the lessor, nor shall it be reduced by the value of or credit given for traded-in tangible personal property owned by the lessee, regardless of whether the trade-in value thereof is assigned by the lessee to the lessor. In the case of a motor vehicle that is sold for the purpose of leasing for a defined period of longer than one year, the sale occurs at the time of the delivery of the vehicle, regardless of the due date of any lease payments. A lessor who incurs a Retailers' Occupation Tax liability on the sale of a motor vehicle coming off lease may not take a credit against that liability for the Use Tax the lessor paid upon the purchase of the motor vehicle (or for any tax the lessor paid with respect to any amount received by the lessor from the lessee for the leased vehicle that was not calculated at the time the lease was executed) if the selling price of the motor vehicle at the time of purchase was calculated using the definition of "selling price" as defined in this paragraph. Notwithstanding any other provision of this Act to the contrary, lessors shall file all returns and make all payments required under this paragraph to the Department by electronic means in the manner and form as required by the Department. This paragraph does not

apply to leases of motor vehicles for which, at the time the lease is entered into, the term of the lease is not a defined period, including leases with a defined initial period with the option to continue the lease on a month-to-month or other basis beyond the initial defined period.

The phrase "like kind and character" shall be liberally construed (including but not limited to any form of motor vehicle for any form of motor vehicle, or any kind of farm or agricultural implement for any other kind of farm or agricultural implement), while not including a kind of item which, if sold at retail by that retailer, would be exempt from retailers' occupation tax and use tax as an isolated or occasional sale.

"Gross receipts" from the sales of tangible personal property at retail means the total selling price or the amount of such sales, as hereinbefore defined. In the case of charge and time sales, the amount thereof shall be included only as and when payments are received by the seller. Receipts or other consideration derived by a seller from the sale, transfer or assignment of accounts receivable to a wholly owned subsidiary will not be deemed payments prior to the time the purchaser makes payment on such accounts.

"Department" means the Department of Revenue.

"Person" means any natural individual, firm, partnership, association, joint stock company, joint adventure, public or private corporation, limited liability company, or a receiver,

executor, trustee, guardian or other representative appointed by order of any court.

The isolated or occasional sale of tangible personal property at retail by a person who does not hold himself out as being engaged (or who does not habitually engage) in selling such tangible personal property at retail, or a sale through a bulk vending machine, does not constitute engaging in a business of selling such tangible personal property at retail within the meaning of this Act; provided that any person who is engaged in a business which is not subject to the tax imposed by this Act because of involving the sale of or a contract to sell real estate or a construction contract to improve real estate or a construction contract to engineer, install, and maintain an integrated system of products, but who, in the course of conducting such business, transfers tangible personal property to users or consumers in the finished form in which it was purchased, and which does not become real estate or was not engineered and installed, under any provision of a construction contract or real estate sale or real estate sales agreement entered into with some other person arising out of or because of such nontaxable business, is engaged in the business of selling tangible personal property at retail to the extent of the value of the tangible personal property so transferred. If, in such a transaction, a separate charge is made for the tangible personal property so transferred, the value of such property, for the purpose of this Act, shall be the amount so

separately charged, but not less than the cost of such property to the transferor; if no separate charge is made, the value of such property, for the purposes of this Act, is the cost to the transferor of such tangible personal property. Construction contracts for the improvement of real estate consisting of engineering, installation, and maintenance of voice, data, video, security, and all telecommunication systems do not constitute engaging in a business of selling tangible personal property at retail within the meaning of this Act if they are sold at one specified contract price.

A person who holds himself or herself out as being engaged (or who habitually engages) in selling tangible personal property at retail is a person engaged in the business of selling tangible personal property at retail hereunder with respect to such sales (and not primarily in a service occupation) notwithstanding the fact that such person designs and produces such tangible personal property on special order for the purchaser and in such a way as to render the property of value only to such purchaser, if such tangible personal property so produced on special order serves substantially the same function as stock or standard items of tangible personal property that are sold at retail.

Persons who engage in the business of transferring tangible personal property upon the redemption of trading stamps are engaged in the business of selling such property at retail and shall be liable for and shall pay the tax imposed by this Act

on the basis of the retail value of the property transferred upon redemption of such stamps.

"Bulk vending machine" means a vending machine, containing unsorted confections, nuts, toys, or other items designed primarily to be used or played with by children which, when a coin or coins of a denomination not larger than \$0.50 are inserted, are dispensed in equal portions, at random and without selection by the customer.

"Remote retailer" means a retailer located outside of this State that does not maintain within this State, directly or by a subsidiary, an office, distribution house, sales house, warehouse or other place of business, or any agent or other representative operating within this State under the authority of the retailer or its subsidiary, irrespective of whether such place of business or agent is located here permanently or temporarily or whether such retailer or subsidiary is licensed to do business in this State.

(35 ILCS 120/2) (from Ch. 120, par. 441)

Sec. 2. Tax imposed.

(a) A tax is imposed upon persons engaged in the business of selling at retail tangible personal property, including computer software, and including photographs, negatives, and positives that are the product of photoprocessing, but not including products of photoprocessing produced for use in

motion pictures for public commercial exhibition. Beginning January 1, 2001, prepaid telephone calling arrangements shall be considered tangible personal property subject to the tax imposed under this Act regardless of the form in which those arrangements may be embodied, transmitted, or fixed by any method now known or hereafter developed. Sales of (1) electricity delivered to customers by wire; (2) natural or artificial gas that is delivered to customers through pipes, pipelines, or mains; and (3) water that is delivered to customers through pipes, pipelines, or mains are not subject to tax under this Act. The provisions of this amendatory Act of the 98th General Assembly are declaratory of existing law as to the meaning and scope of this Act.

(b) Beginning on July 1, 2020, a remote retailer is engaged in the occupation of selling at retail in Illinois for purposes of this Act, if:

(1) the cumulative gross receipts from sales of tangible personal property to purchasers in Illinois are \$100,000 or more; or

(2) the retailer enters into 200 or more separate transactions for the sale of tangible personal property to purchasers in Illinois.

Remote retailers that meet or exceed the threshold in either paragraph (1) or (2) above shall be liable for all applicable State and locally imposed retailers' occupation taxes on all retail sales to Illinois purchasers.

The remote retailer shall determine on a quarterly basis, ending on the last day of March, June, September, and December, whether he or she meets the criteria of either paragraph (1) or (2) of this subsection for the preceding 12-month period. If the retailer meets the criteria of either paragraph (1) or (2) for a 12-month period, he or she is considered a retailer maintaining a place of business in this State and is required to collect and remit the tax imposed under this Act and all retailers' occupation tax imposed by local taxing jurisdictions in Illinois, provided such local taxes are administered by the Department, and to file all applicable returns for one year. At the end of that one-year period, the retailer shall determine whether the retailer met the criteria of either paragraph (1) or (2) for the preceding 12-month period. If the retailer met the criteria in either paragraph (1) or (2) for the preceding 12-month period, he or she is considered a retailer maintaining a place of business in this State and is required to collect and remit all applicable State and local retailers' occupation taxes and file returns for the subsequent year. If, at the end of a one-year period, a retailer that was required to collect and remit the tax imposed under this Act determines that he or she did not meet the criteria in either paragraph (1) or (2) during the preceding 12-month period, then the retailer shall subsequently determine on a quarterly basis, ending on the last day of March, June, September, and December, whether he or she meets

the criteria of either paragraph (1) or (2) for the preceding 12-month period.

(35 ILCS 120/2-5)

(1) Farm chemicals.

(2) Farm machinery and equipment, both new and used, including that manufactured on special order, certified by the purchaser to be used primarily for production agriculture or State or federal agricultural programs, including individual replacement parts for the machinery and equipment, including machinery and equipment purchased for lease, and including implements of husbandry defined in Section 1-130 of the Illinois Vehicle Code, farm machinery and agricultural chemical and fertilizer spreaders, and nurse wagons required to be registered under Section 3-809 of the Illinois Vehicle Code, but excluding other motor vehicles required to be registered under the Illinois Vehicle Code. Horticultural polyhouses or hoop houses used for propagating, growing, or overwintering plants shall be considered farm machinery and equipment under this item (2). Agricultural chemical tender tanks and dry boxes shall include units sold separately from a motor vehicle required

to be licensed and units sold mounted on a motor vehicle required to be licensed, if the selling price of the tender is separately stated.

Farm machinery and equipment shall include precision farming equipment that is installed or purchased to be installed on farm machinery and equipment including, but not limited to, tractors, harvesters, sprayers, planters, seeders, or spreaders. Precision farming equipment includes, but is not limited to, soil testing sensors, computers, monitors, software, global positioning and mapping systems, and other such equipment.

Farm machinery and equipment also includes computers, sensors, software, and related equipment used primarily in the computer-assisted operation of production agriculture facilities, equipment, and activities such as, but not limited to, the collection, monitoring, and correlation of animal and crop data for the purpose of formulating animal diets and agricultural chemicals. This item (2) is exempt from the provisions of Section 2-70.

The purpose of this Section is to specify where a retailer is deemed to be engaged in the business of selling tangible personal property for the purposes of this Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act, and for the purpose of collecting any other local retailers' occupation tax administered by the Department. This Section applies only with respect to the particular selling activities described in the following paragraphs. The provisions of this Section are not intended to, and shall not be interpreted to, affect where a retailer is deemed to be engaged in the business of selling with respect to any activity that is not specifically described in the following paragraphs.

(1) If a purchaser who is present at the retailer's place of business, having no prior commitment to the retailer, agrees to purchase and makes payment for tangible

personal property at the retailer's place of business, then the transaction shall be deemed an over-the-counter sale occurring at the retailer's same place of business where the purchaser was present and made payment for that tangible personal property if the retailer regularly stocks the purchased tangible personal property or similar tangible personal property in the quantity, or similar quantity, for sale at the retailer's same place of business and then either (i) the purchaser takes possession of the tangible personal property at the same place of business or (ii) the retailer delivers or arranges for the tangible personal property to be delivered to the purchaser.

(2) If a purchaser, having no prior commitment to the retailer, agrees to purchase tangible personal property and makes payment over the phone, in writing, or via the Internet and takes possession of the tangible personal property at the retailer's place of business, then the sale shall be deemed to have occurred at the retailer's place of business where the purchaser takes possession of the property if the retailer regularly stocks the item or similar items in the quantity, or similar quantities, purchased by the purchaser.

(3) A retailer is deemed to be engaged in the business of selling food, beverages, or other tangible personal property through a vending machine at the location where the vending machine is located at the time the sale is made

if (i) the vending machine is a device operated by coin, currency, credit card, token, coupon or similar device; (2) the food, beverage or other tangible personal property is contained within the vending machine and dispensed from the vending machine; and (3) the purchaser takes possession of the purchased food, beverage or other tangible personal property immediately.

This paragraph does not apply to coal or another mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the United States Constitution as a sale in interstate or foreign commerce.

(5) A retailer selling tangible personal property to a nominal lessee or bailee pursuant to a lease with a dollar or other nominal option to purchase is engaged in the business of selling at the location where the property is

first delivered to the lessee or bailee for its intended use.

(6) Beginning on July 1, 2020, for the purposes of determining the correct local retailers' occupation tax rate, retail sales made by a remote retailer that meet or exceed the thresholds established in paragraph (1) or (2) of subsection (b) of Section 2 of this Act shall be deemed to be made at the Illinois location to which the tangible personal property is shipped or delivered or at which possession is taken by the purchaser.

Such expedited registration process shall allow the Department to register a taxpayer based upon the same registration information required by the Streamlined Sales Tax Governing Board for states participating in the Streamlined Sales Tax Project.

The Department may deny a certificate of registration to any applicant if a person who is named as the owner, a partner, a manager or member of a limited liability company, or a corporate officer of the applicant on the application for the certificate of registration is or has been named as the owner, a partner, a manager or member of a limited liability company, or a corporate officer on the application for the certificate of registration of another retailer that is in default for moneys due under this Act or any other tax or fee Act administered by the Department. For purposes of this paragraph only, in determining whether a person is in default for moneys due, the Department shall include only amounts established as a final liability within the 20 years prior to the date of the Department's notice of denial of a certificate of registration.

The Department may require an applicant for a certificate of registration hereunder to, at the time of filing such application, furnish a bond from a surety company authorized to do business in the State of Illinois, or an irrevocable bank letter of credit or a bond signed by 2 personal sureties who have filed, with the Department, sworn statements disclosing

net assets equal to at least 3 times the amount of the bond to be required of such applicant, or a bond secured by an assignment of a bank account or certificate of deposit, stocks or bonds, conditioned upon the applicant paying to the State of Illinois all moneys becoming due under this Act and under any other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration that is issued to the applicant under this Act will permit the applicant to engage in business without registering separately under such other law, ordinance or resolution. In making a determination as to whether to require a bond or other security, the Department shall take into consideration whether the owner, any partner, any manager or member of a limited liability company, or a corporate officer of the applicant is or has been the owner, a partner, a manager or member of a limited liability company, or a corporate officer of another retailer that is in default for moneys due under this Act or any other tax or fee Act administered by the Department; and whether the owner, any partner, any manager or member of a limited liability company, or a corporate officer of the applicant is or has been the owner, a partner, a manager or member of a limited liability company, or a corporate officer of another retailer whose certificate of registration has been revoked within the previous 5 years under this Act or any other tax or fee Act administered by the Department. If a bond or other security is required, the Department shall fix the amount

of the bond or other security, taking into consideration the amount of money expected to become due from the applicant under this Act and under any other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration that is issued to the applicant under this Act will permit the applicant to engage in business without registering separately under such other law, ordinance, or resolution. The amount of security required by the Department shall be such as, in its opinion, will protect the State of Illinois against failure to pay the amount which may become due from the applicant under this Act and under any other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration that is issued to the applicant under this Act will permit the applicant to engage in business without registering separately under such other law, ordinance or resolution, but the amount of the security required by the Department shall not exceed three times the amount of the applicant's average monthly tax liability, or \$50,000.00, whichever amount is lower.

No certificate of registration under this Act shall be issued by the Department until the applicant provides the Department with satisfactory security, if required, as herein provided for.

Upon receipt of the application for certificate of registration in proper form, and upon approval by the Department of the security furnished by the applicant, if

required, the Department shall issue to such applicant a certificate of registration which shall permit the person to whom it is issued to engage in the business of selling tangible personal property at retail in this State. The certificate of registration shall be conspicuously displayed at the place of business which the person so registered states in his application to be the principal place of business from which he engages in the business of selling tangible personal property at retail in this State.

No certificate of registration issued prior to July 1, 2017 to a taxpayer who files returns required by this Act on a monthly basis or renewed prior to July 1, 2017 by a taxpayer who files returns required by this Act on a monthly basis shall be valid after the expiration of 5 years from the date of its issuance or last renewal. No certificate of registration issued on or after July 1, 2017 to a taxpayer who files returns required by this Act on a monthly basis or renewed on or after July 1, 2017 by a taxpayer who files returns required by this Act on a monthly basis shall be valid after the expiration of one year from the date of its issuance or last renewal. The expiration date of a sub-certificate of registration shall be that of the certificate of registration to which the sub-certificate relates. Prior to July 1, 2017, a certificate of registration shall automatically be renewed, subject to revocation as provided by this Act, for an additional 5 years from the date of its expiration unless otherwise notified by

the Department as provided by this paragraph. On and after July 1, 2017, a certificate of registration shall automatically be renewed, subject to revocation as provided by this Act, for an additional one year from the date of its expiration unless otherwise notified by the Department as provided by this paragraph.

Where a taxpayer to whom a certificate of registration is issued under this Act is in default to the State of Illinois for delinquent returns or for moneys due under this Act or any other State tax law or municipal or county ordinance administered or enforced by the Department, the Department shall, not less than 60 days before the expiration date of such certificate of registration, give notice to the taxpayer to whom the certificate was issued of the account period of the delinquent returns, the amount of tax, penalty and interest due and owing from the taxpayer, and that the certificate of registration shall not be automatically renewed upon its expiration date unless the taxpayer, on or before the date of expiration, has filed and paid the delinquent returns or paid the defaulted amount in full. A taxpayer to whom such a notice is issued shall be deemed an applicant for renewal. The Department shall promulgate regulations establishing procedures for taxpayers who file returns on a monthly basis but desire and qualify to change to a quarterly or yearly filing basis and will no longer be subject to renewal under this Section, and for taxpayers who file returns on a yearly or

quarterly basis but who desire or are required to change to a monthly filing basis and will be subject to renewal under this Section.

The Department may in its discretion approve renewal by an applicant who is in default if, at the time of application for renewal, the applicant files all of the delinquent returns or pays to the Department such percentage of the defaulted amount as may be determined by the Department and agrees in writing to waive all limitations upon the Department for collection of the remaining defaulted amount to the Department over a period not to exceed 5 years from the date of renewal of the certificate; however, no renewal application submitted by an applicant who is in default shall be approved if the immediately preceding renewal by the applicant was conditioned upon the installment payment agreement described in this Section. The payment agreement herein provided for shall be in addition to and not in lieu of the security that may be required by this Section of a taxpayer who is no longer considered a prior continuous compliance taxpayer. The execution of the payment agreement as provided in this Act shall not toll the accrual of interest at the statutory rate.

The Department may suspend a certificate of registration if the Department finds that the person to whom the certificate of registration has been issued knowingly sold contraband cigarettes.

A certificate of registration issued under this Act more

than 5 years before January 1, 1990 (the effective date of Public Act 86-383) shall expire and be subject to the renewal provisions of this Section on the next anniversary of the date of issuance of such certificate which occurs more than 6 months after January 1, 1990 (the effective date of Public Act 86-383). A certificate of registration issued less than 5 years before January 1, 1990 (the effective date of Public Act 86-383) shall expire and be subject to the renewal provisions of this Section on the 5th anniversary of the issuance of the certificate.

If the person so registered states that he operates other places of business from which he engages in the business of selling tangible personal property at retail in this State, the Department shall furnish him with a sub-certificate of registration for each such place of business, and the applicant shall display the appropriate sub-certificate of registration at each such place of business. All sub-certificates of registration shall bear the same registration number as that appearing upon the certificate of registration to which such sub-certificates relate.

If the applicant will sell tangible personal property at retail through vending machines, the Department shall furnish him with a sub-certificate of registration for each such vending machine, and the applicant shall display the appropriate sub-certificate of registration on each such vending machine by attaching the sub-certificate of

registration to a conspicuous part of such vending machine. If a person who is registered to sell tangible personal property at retail through vending machines adds an additional vending machine or additional vending machines to the number of vending machines he or she uses in his or her business of selling tangible personal property at retail, he or she shall notify the Department, on a form prescribed by the Department, to request an additional sub-certificate or additional sub-certificates of registration, as applicable. With each such request, the applicant shall report the number of sub-certificates of registration he or she is requesting as well as the total number of vending machines from which he or she makes retail sales.

Where the same person engages in 2 or more businesses of selling tangible personal property at retail in this State, which businesses are substantially different in character or engaged in under different trade names or engaged in under other substantially dissimilar circumstances (so that it is more practicable, from an accounting, auditing or bookkeeping standpoint, for such businesses to be separately registered), the Department may require or permit such person (subject to the same requirements concerning the furnishing of security as those that are provided for hereinbefore in this Section as to each application for a certificate of registration) to apply for and obtain a separate certificate of registration for each such business or for any of such businesses, under a single

certificate of registration supplemented by related sub-certificates of registration.

Any person who is registered under the Retailers' Occupation Tax Act as of March 8, 1963, and who, during the 3-year period immediately prior to March 8, 1963, or during a continuous 3-year period part of which passed immediately before and the remainder of which passes immediately after March 8, 1963, has been so registered continuously and who is determined by the Department not to have been either delinquent or deficient in the payment of tax liability during that period under this Act or under any other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration that is issued to the registrant under this Act will permit the registrant to engage in business without registering separately under such other law, ordinance or resolution, shall be considered to be a Prior Continuous Compliance taxpayer. Also any taxpayer who has, as verified by the Department, faithfully and continuously complied with the condition of his bond or other security under the provisions of this Act for a period of 3 consecutive years shall be considered to be a Prior Continuous Compliance taxpayer.

Every Prior Continuous Compliance taxpayer shall be exempt from all requirements under this Act concerning the furnishing of a bond or other security as a condition precedent to his being authorized to engage in the business of selling tangible personal property at retail in this State. This exemption shall

continue for each such taxpayer until such time as he may be determined by the Department to be delinquent in the filing of any returns, or is determined by the Department (either through the Department's issuance of a final assessment which has become final under the Act, or by the taxpayer's filing of a return which admits tax that is not paid to be due) to be delinquent or deficient in the paying of any tax under this Act or under any other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration that is issued to the registrant under this Act will permit the registrant to engage in business without registering separately under such other law, ordinance or resolution, at which time that taxpayer shall become subject to all the financial responsibility requirements of this Act and, as a condition of being allowed to continue to engage in the business of selling tangible personal property at retail, may be required to post bond or other acceptable security with the Department covering liability which such taxpayer may thereafter incur. Any taxpayer who fails to pay an admitted or established liability under this Act may also be required to post bond or other acceptable security with this Department guaranteeing the payment of such admitted or established liability.

No certificate of registration shall be issued to any person who is in default to the State of Illinois for moneys due under this Act or under any other State tax law or

municipal or county tax ordinance or resolution under which the certificate of registration that is issued to the applicant under this Act will permit the applicant to engage in business without registering separately under such other law, ordinance or resolution.

Any person aggrieved by any decision of the Department under this Section may, within 20 days after notice of such decision, protest and request a hearing, whereupon the Department shall give notice to such person of the time and place fixed for such hearing and shall hold a hearing in conformity with the provisions of this Act and then issue its final administrative decision in the matter to such person. In the absence of such a protest within 20 days, the Department's decision shall become final without any further determination being made or notice given.

With respect to security other than bonds (upon which the Department may sue in the event of a forfeiture), if the taxpayer fails to pay, when due, any amount whose payment such security guarantees, the Department shall, after such liability is admitted by the taxpayer or established by the Department through the issuance of a final assessment that has become final under the law, convert the security which that taxpayer has furnished into money for the State, after first giving the taxpayer at least 10 days' written notice, by registered or certified mail, to pay the liability or forfeit such security to the Department. If the security consists of

stocks or bonds or other securities which are listed on a public exchange, the Department shall sell such securities through such public exchange. If the security consists of an irrevocable bank letter of credit, the Department shall convert the security in the manner provided for in the Uniform Commercial Code. If the security consists of a bank certificate of deposit, the Department shall convert the security into money by demanding and collecting the amount of such bank certificate of deposit from the bank which issued such certificate. If the security consists of a type of stocks or other securities which are not listed on a public exchange, the Department shall sell such security to the highest and best bidder after giving at least 10 days' notice of the date, time and place of the intended sale by publication in the "State Official Newspaper". If the Department realizes more than the amount of such liability from the security, plus the expenses incurred by the Department in converting the security into money, the Department shall pay such excess to the taxpayer who furnished such security, and the balance shall be paid into the State Treasury.

The Department shall discharge any surety and shall release and return any security deposited, assigned, pledged or otherwise provided to it by a taxpayer under this Section within 30 days after:

- (1) such taxpayer becomes a Prior Continuous Compliance taxpayer; or

(2) such taxpayer has ceased to collect receipts on which he is required to remit tax to the Department, has filed a final tax return, and has paid to the Department an amount sufficient to discharge his remaining tax liability, as determined by the Department, under this Act and under every other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration issued under this Act permits the registrant to engage in business without registering separately under such other law, ordinance or resolution. The Department shall make a final determination of the taxpayer's outstanding tax liability as expeditiously as possible after his final tax return has been filed; if the Department cannot make such final determination within 45 days after receiving the final tax return, within such period it shall so notify the taxpayer, stating its reasons therefor.

~~Act from the additional taxes imposed by this amendatory Act of the 97th General Assembly shall be paid each month into the Healthcare Provider Relief Fund.~~

(b) The payment of such taxes shall be evidenced by a stamp affixed to each original package of cigarettes, or an authorized substitute for such stamp imprinted on each original package of such cigarettes underneath the sealed transparent outside wrapper of such original package, as hereinafter provided. However, such taxes are not imposed upon any activity in such business in interstate commerce or otherwise, which activity may not under the Constitution and statutes of the United States be made the subject of taxation by this State.

~~Beginning on the effective date of this amendatory Act of the 92nd General Assembly and through June 30, 2006, all of the moneys received by the Department of Revenue pursuant to this Act and the Cigarette Use Tax Act, other than the moneys that are dedicated to the Common School Fund, shall be distributed each month as follows: first, there shall be paid into the General Revenue Fund an amount which, when added to the amount paid into the Common School Fund for that month, equals \$33,300,000, except that in the month of August of 2004, this amount shall equal \$83,300,000; then, from the moneys remaining, if any amounts required to be paid into the General Revenue Fund in previous months remain unpaid, those amounts shall be paid into the General Revenue Fund; then, beginning on April 1, 2003, from the moneys remaining, \$5,000,000 per month~~

~~shall be paid into the School Infrastructure Fund; then, if any amounts required to be paid into the School Infrastructure Fund in previous months remain unpaid, those amounts shall be paid into the School Infrastructure Fund; then the moneys remaining, if any, shall be paid into the Long Term Care Provider Fund. To the extent that more than \$25,000,000 has been paid into the General Revenue Fund and Common School Fund per month for the period of July 1, 1993 through the effective date of this amendatory Act of 1994 from combined receipts of the Cigarette Tax Act and the Cigarette Use Tax Act, notwithstanding the distribution provided in this Section, the Department of Revenue is hereby directed to adjust the distribution provided in this Section to increase the next monthly payments to the Long Term Care Provider Fund by the amount paid to the General Revenue Fund and Common School Fund in excess of \$25,000,000 per month and to decrease the next monthly payments to the General Revenue Fund and Common School Fund by that same excess amount.~~

Beginning on July 1, 2006, all of the moneys received by the Department of Revenue pursuant to this Act and the Cigarette Use Tax Act, other than the moneys that are dedicated to the Common School Fund and, beginning on the effective date of this amendatory Act of the 97th General Assembly, other than the moneys from the additional taxes imposed by this amendatory Act of the 97th General Assembly that must be paid each month into the Healthcare Provider Relief Fund, and other than the

the Long-Term Care Provider Fund under this Section.

(e) If the ~~When any~~ tax imposed herein terminates or has terminated, distributors who have bought stamps while such tax was in effect and who therefore paid such tax, but who can show, to the Department's satisfaction, that they sold the cigarettes to which they affixed such stamps after such tax had terminated and did not recover the tax or its equivalent from purchasers, shall be allowed by the Department to take credit for such absorbed tax against subsequent tax stamp purchases from the Department by such distributor.

(f) The impact of the tax levied by this Act is imposed upon the retailer and shall be prepaid or pre-collected by the distributor for the purpose of convenience and facility only, and the amount of the tax shall be added to the price of the cigarettes sold by such distributor. Collection of the tax shall be evidenced by a stamp or stamps affixed to each original package of cigarettes, as hereinafter provided. Any distributor who purchases stamps may credit any excess payments verified by the Department against amounts subsequently due for the purchase of additional stamps, until such time as no excess payment remains.

(g) Each distributor shall collect the tax from the retailer at or before the time of the sale, shall affix the stamps as hereinafter required, and shall remit the tax collected from retailers to the Department, as hereinafter provided. Any distributor who fails to properly collect and pay

~~the tax imposed by this Act shall be liable for the tax. Any distributor having cigarettes to which stamps have been affixed in his possession for sale on the effective date of this amendatory Act of 1989 shall not be required to pay the additional tax imposed by this amendatory Act of 1989 on such stamped cigarettes. Any distributor having cigarettes to which stamps have been affixed in his or her possession for sale at 12:01 a.m. on the effective date of this amendatory Act of 1993, is required to pay the additional tax imposed by this amendatory Act of 1993 on such stamped cigarettes. This payment, less the discount provided in subsection (b), shall be due when the distributor first makes a purchase of cigarette tax stamps after the effective date of this amendatory Act of 1993, or on the first due date of a return under this Act after the effective date of this amendatory Act of 1993, whichever occurs first. Any distributor having cigarettes to which stamps have been affixed in his possession for sale on December 15, 1997 shall not be required to pay the additional tax imposed by this amendatory Act of 1997 on such stamped cigarettes.~~

~~Any distributor having cigarettes to which stamps have been affixed in his or her possession for sale on July 1, 2002 shall not be required to pay the additional tax imposed by this amendatory Act of the 92nd General Assembly on those stamped cigarettes.~~

(h) Any distributor having cigarettes in his or her possession on July 1, 2019 to which tax stamps have been

affixed, and any distributor having stamps in his or her possession on July 1, 2019 that have not been affixed to packages of cigarettes before July 1, 2019, is required to pay the additional tax that begins on July 1, 2019 imposed by this amendatory Act of the 101st General Assembly to the extent that the volume of affixed and unaffixed stamps in the distributor's possession on July 1, 2019 exceeds the average monthly volume of cigarette stamps purchased by the distributor in calendar year 2018. This payment, less the discount provided in subsection (1), is due when the distributor first makes a purchase of cigarette stamps on or after July 1, 2019 or on the first due date of a return under this Act occurring on or after July 1, 2019, whichever occurs first. Those distributors may elect to pay the additional tax on packages of cigarettes to which stamps have been affixed and on any stamps in the distributor's possession that have not been affixed to packages of cigarettes in their possession on July 1, 2019 over a period not to exceed 12 months from the due date of the additional tax by notifying the Department in writing. The first payment for distributors making such election is due when the distributor first makes a purchase of cigarette tax stamps on or after July 1, 2019 or on the first due date of a return under this Act occurring on or after July 1, 2019, whichever occurs first. Distributors making such an election are not entitled to take the discount provided in subsection (1) on such payments.

(i) Any retailer having cigarettes in ~~its~~ his or her

possession on July 1, 2019 ~~June 24, 2012~~ to which tax stamps have been affixed is not required to pay the additional tax that begins on July 1, 2019 ~~June 24, 2012~~ imposed by this amendatory Act of the 101st General Assembly ~~this amendatory Act of the 97th General Assembly~~ on those stamped cigarettes. ~~Any distributor having cigarettes in his or her possession on June 24, 2012 to which tax stamps have been affixed, and any distributor having stamps in his or her possession on June 24, 2012 that have not been affixed to packages of cigarettes before June 24, 2012, is required to pay the additional tax that begins on June 24, 2012 imposed by this amendatory Act of the 97th General Assembly to the extent the calendar year 2012 average monthly volume of cigarette stamps in the distributor's possession exceeds the average monthly volume of cigarette stamps purchased by the distributor in calendar year 2011. This payment, less the discount provided in subsection (b), is due when the distributor first makes a purchase of cigarette stamps on or after June 24, 2012 or on the first due date of a return under this Act occurring on or after June 24, 2012, whichever occurs first. Those distributors may elect to pay the additional tax on packages of cigarettes to which stamps have been affixed and on any stamps in the distributor's possession that have not been affixed to packages of cigarettes over a period not to exceed 12 months from the due date of the additional tax by notifying the Department in writing. The first payment for distributors making such election is due when~~

~~the distributor first makes a purchase of cigarette tax stamps on or after June 24, 2012 or on the first due date of a return under this Act occurring on or after June 24, 2012, whichever occurs first. Distributors making such an election are not entitled to take the discount provided in subsection (b) on such payments.~~

(j) Distributors making sales of cigarettes to secondary distributors shall add the amount of the tax to the price of the cigarettes sold by the distributors. Secondary distributors making sales of cigarettes to retailers shall include the amount of the tax in the price of the cigarettes sold to retailers. The amount of tax shall not be less than the amount of taxes imposed by the State and all local jurisdictions. The amount of local taxes shall be calculated based on the location of the retailer's place of business shown on the retailer's certificate of registration or sub-registration issued to the retailer pursuant to Section 2a of the Retailers' Occupation Tax Act. The original packages of cigarettes sold to the retailer shall bear all the required stamps, or other indicia, for the taxes included in the price of cigarettes.

(k) The amount of the Cigarette Tax imposed by this Act shall be separately stated, apart from the price of the goods, by distributors, manufacturer representatives, secondary distributors, and retailers, in all bills and sales invoices.

(l) ~~(b)~~ The distributor shall be required to collect the

tax ~~taxes~~ provided under paragraph (a) hereof, and, to cover the costs of such collection, shall be allowed a discount during any year commencing July 1st and ending the following June 30th in accordance with the schedule set out hereinbelow, which discount shall be allowed at the time of purchase of the stamps when purchase is required by this Act, or at the time when the tax is remitted to the Department without the purchase of stamps from the Department when that method of paying the tax is required or authorized by this Act. ~~Prior to December 1, 1985, a discount equal to 1 2/3% of the amount of the tax up to and including the first \$700,000 paid hereunder by such distributor to the Department during any such year; 1 1/3% of the next \$700,000 of tax or any part thereof, paid hereunder by such distributor to the Department during any such year; 1% of the next \$700,000 of tax, or any part thereof, paid hereunder by such distributor to the Department during any such year, and 2/3 of 1% of the amount of any additional tax paid hereunder by such distributor to the Department during any such year shall apply.~~

On and after December 1, 1985, a discount equal to 1.75% of the amount of the tax payable under this Act up to and including the first \$3,000,000 paid hereunder by such distributor to the Department during any such year and 1.5% of the amount of any additional tax paid hereunder by such distributor to the Department during any such year shall apply.

Two or more distributors that use a common means of

affixing revenue tax stamps or that are owned or controlled by the same interests shall be treated as a single distributor for the purpose of computing the discount.

(m) ~~(e)~~ The taxes herein imposed are in addition to all other occupation or privilege taxes imposed by the State of Illinois, or by any political subdivision thereof, or by any municipal corporation.

Sec. 10-10. Tax imposed.

(a) Except as otherwise provided in this Section with respect to little cigars, on the first day of the third month after the month in which this Act becomes law, a tax is imposed on any person engaged in business as a distributor of tobacco products, as defined in Section 10-5, at the rate of (i) 18% of the wholesale price of tobacco products sold or otherwise disposed of to retailers or consumers located in this State prior to July 1, 2012 and (ii) 36% of the wholesale price of tobacco products sold or otherwise disposed of to retailers or consumers located in this State beginning on July 1, 2012; except that, beginning on January 1, 2013, the tax on moist snuff shall be imposed at a rate of \$0.30 per ounce, and a proportionate tax at the like rate on all fractional parts of an ounce, sold or otherwise disposed of to retailers or consumers located in this State; and except that, beginning July 1, 2019, the tax on electronic cigarettes shall be imposed at the rate of 15% of the wholesale price of electronic cigarettes sold or otherwise disposed of to retailers or consumers located in this State. Section 20-15. Illinois Works Preapprenticeship Program;

(a) The Illinois Works Preapprenticeship Program is established and shall be administered by the Department. The goal of the Illinois Works Preapprenticeship Program is to create a network of community-based organizations throughout the State that will recruit, prescreen, and provide preapprenticeship skills training to create a qualified, diverse pipeline of workers who are prepared for careers in the construction and building trades. Upon completion of the Illinois Works Preapprenticeship Program, the candidates will be skilled and work-ready.

(b) There is created the Illinois Works Fund, a special fund in the State treasury. The Illinois Works Fund shall be administered by the Department. The Illinois Works Fund shall be used to provide funding for community-based organizations throughout the State. In addition to any other transfers that may be provided for by law, on and after July 1, 2019 and until June 30, 2020, at the direction of the Director of the Governor's Office of Management and Budget, the State Comptroller shall direct and the State Treasurer shall transfer amounts not exceeding a total of \$25,000,000 from the Rebuild Illinois Projects Fund to the Illinois Works Fund.

(c) Each community-based organization that receives funding from the Illinois Works Fund shall provide an annual report to the Illinois Works Review Panel by April 1 of each calendar year. The annual report shall include the following

information:

The Illinois Works Bid Credit Program shall allow contractors and subcontractors to earn bid credits for use toward future bids for public works projects in order to increase the chances that the contractor and the subcontractors will be selected.

Contractors or subcontractors may be eligible for bid credits for employing apprentices who have completed the Illinois Works Preapprenticeship Program. Contractors or

subcontractors shall earn bid credits at a rate established by the Department and published on the Department's website, including any appropriate caps.

The Illinois Works Credit Bank is hereby created and shall be administered by the Department. The Illinois Works Credit Bank shall track the bid credits.

The Department shall report to the Illinois Works Review Panel the following: (i) the number of bid credits awarded by the Department; (ii) the number of bid credits submitted by the contractor or subcontractor to the agency administering the public works contract; and (iii) the number of bid credits accepted by the agency for such contract. Any agency that awards bid credits pursuant to the Illinois Works Credit Bank Program shall report to the Department the number of bid credits it accepted for the public works contract.

Upon a finding that a contractor or subcontractor has reported falsified records to the Department in order to fraudulently obtain bid credits, the Department shall permanently bar the contractor or subcontractor from participating in the Illinois Works Bid Credit Program and may

suspend the contractor or subcontractor from bidding on or participating in any public works project. False or fraudulent claims for payment relating to false bid credits may be subject to damages and penalties under applicable law.

(b) Before or during the term of a contract subject to this Section, the Department may reduce or waive the goals set forth in paragraph (2) of subsection (a). Prior to the Department granting a request for a reduction or waiver, the Department shall hold a public hearing and shall consult with the Business Enterprise Council under the Business Enterprise for

Minorities, Women, and Persons with Disabilities Act and the Chief Procurement Officer of the agency administering the public works contract. The Department may grant a reduction or waiver upon a determination that:

(1) the contractor or subcontractor has demonstrated that insufficient apprentices are available;

(2) the reasonable and necessary requirements of the contract do not allow the goal to be met;

(3) there is a disproportionately high ratio of material costs to labor hours that makes meeting the goal infeasible; or

(4) apprentice labor hour goals conflict with existing requirements, including federal requirements, in connection with the public work.

(c) Contractors and subcontractors must submit a certification to the Department and the agency that is administering the contract demonstrating that the contractor or subcontractor has either:

(1) met the apprentice labor hour goals set forth in paragraph (2) of subsection (a); or

(2) received a reduction or waiver pursuant to subsection (b).

It shall be deemed to be a material breach of the contract and entitle the State to declare a default, terminate the contract, and exercise those remedies provided for in the contract, at law, or in equity if the contractor or

subcontractor fails to submit the certification required in this subsection or submits false or misleading information.

(d) No later than one year after the effective date of this Act, and by April 1 of every calendar year thereafter, the Department of Labor shall submit a report to the Illinois Works Review Panel regarding the use of apprentices under the Illinois Works Apprenticeship Initiative for public works projects. To the extent it is available, the report shall include the following information:

(2) the number of apprentices used in each public works project, broken down by trade; and

(3) the number and percentage of minorities, women, and veterans utilized as apprentices on each public works project.

(e) The Department shall adopt any rules deemed necessary to implement the Illinois Works Apprenticeship Initiative.

Sec. 20-10. Competitive sealed bidding; reverse auction.

(a) Conditions for use. All contracts shall be awarded by competitive sealed bidding except as otherwise provided in Section 20-5.

(b) Invitation for bids. An invitation for bids shall be issued and shall include a purchase description and the material contractual terms and conditions applicable to the

procurement.

(c) Public notice. Public notice of the invitation for bids shall be published in the Illinois Procurement Bulletin at least 14 calendar days before the date set in the invitation for the opening of bids.

(d) Bid opening. Bids shall be opened publicly or through an electronic procurement system in the presence of one or more witnesses at the time and place designated in the invitation for bids. The name of each bidder, including earned and applied bid credit from the Illinois Works Jobs Program Act, the amount of each bid, and other relevant information as may be specified by rule shall be recorded. After the award of the contract, the winning bid and the record of each unsuccessful bid shall be open to public inspection.

(e) Bid acceptance and bid evaluation. Bids shall be unconditionally accepted without alteration or correction, except as authorized in this Code. Bids shall be evaluated based on the requirements set forth in the invitation for bids, which may include criteria to determine acceptability such as inspection, testing, quality, workmanship, delivery, and suitability for a particular purpose. Those criteria that will affect the bid price and be considered in evaluation for award, such as discounts, transportation costs, and total or life cycle costs, shall be objectively measurable. The invitation for bids shall set forth the evaluation criteria to be used.

(f) Correction or withdrawal of bids. Correction or

withdrawal of inadvertently erroneous bids before or after award, or cancellation of awards of contracts based on bid mistakes, shall be permitted in accordance with rules. After bid opening, no changes in bid prices or other provisions of bids prejudicial to the interest of the State or fair competition shall be permitted. All decisions to permit the correction or withdrawal of bids based on bid mistakes shall be supported by written determination made by a State purchasing officer.

(g) Award. The contract shall be awarded with reasonable promptness by written notice to the lowest responsible and responsive bidder whose bid meets the requirements and criteria set forth in the invitation for bids, except when a State purchasing officer determines it is not in the best interest of the State and by written explanation determines another bidder shall receive the award. The explanation shall appear in the appropriate volume of the Illinois Procurement Bulletin. The written explanation must include:

- (1) a description of the agency's needs;
- (2) a determination that the anticipated cost will be fair and reasonable;
- (3) a listing of all responsible and responsive bidders; and
- (4) the name of the bidder selected, the total contract price, and the reasons for selecting that bidder.

Each chief procurement officer may adopt guidelines to

implement the requirements of this subsection (g).

The written explanation shall be filed with the Legislative Audit Commission and the Procurement Policy Board, and be made available for inspection by the public, within 30 calendar days after the agency's decision to award the contract.

(h) Multi-step sealed bidding. When it is considered impracticable to initially prepare a purchase description to support an award based on price, an invitation for bids may be issued requesting the submission of unpriced offers to be followed by an invitation for bids limited to those bidders whose offers have been qualified under the criteria set forth in the first solicitation.

(i) Alternative procedures. Notwithstanding any other provision of this Act to the contrary, the Director of the Illinois Power Agency may create alternative bidding procedures to be used in procuring professional services under Section 1-56, subsections (a) and (c) of Section 1-75 and subsection (d) of Section 1-78 of the Illinois Power Agency Act and Section 16-111.5(c) of the Public Utilities Act and to procure renewable energy resources under Section 1-56 of the Illinois Power Agency Act. These alternative procedures shall be set forth together with the other criteria contained in the invitation for bids, and shall appear in the appropriate volume of the Illinois Procurement Bulletin.

(j) Reverse auction. Notwithstanding any other provision of this Section and in accordance with rules adopted by the

chief procurement officer, that chief procurement officer may procure supplies or services through a competitive electronic auction bidding process after the chief procurement officer determines that the use of such a process will be in the best interest of the State. The chief procurement officer shall publish that determination in his or her next volume of the Illinois Procurement Bulletin.

An invitation for bids shall be issued and shall include (i) a procurement description, (ii) all contractual terms, whenever practical, and (iii) conditions applicable to the procurement, including a notice that bids will be received in an electronic auction manner.

Public notice of the invitation for bids shall be given in the same manner as provided in subsection (c).

Bids shall be accepted electronically at the time and in the manner designated in the invitation for bids. During the auction, a bidder's price shall be disclosed to other bidders. Bidders shall have the opportunity to reduce their bid prices during the auction. At the conclusion of the auction, the record of the bid prices received and the name of each bidder shall be open to public inspection.

After the auction period has terminated, withdrawal of bids shall be permitted as provided in subsection (f).

The contract shall be awarded within 60 calendar days after the auction by written notice to the lowest responsible bidder, or all bids shall be rejected except as otherwise provided in

this Code. Extensions of the date for the award may be made by mutual written consent of the State purchasing officer and the lowest responsible bidder.

This subsection does not apply to (i) procurements of professional and artistic services, (ii) telecommunications services, communication services, and information services, and (iii) contracts for construction projects, including design professional services.

Rules proposed by the Board may be adopted as emergency rules pursuant to Section 5-45 of the Illinois Administrative Procedure Act.

(c) The Board shall levy and collect all fees, surcharges, civil penalties, and monthly taxes on adjusted gross sports wagering receipts imposed by this Act and deposit all moneys into the Sports Wagering Fund, except as otherwise provided under this Act.

(d) The Board may exercise any other powers necessary to enforce the provisions of this Act that it regulates and the rules of the Board.

(e) The Board shall adopt rules for a license to be employed by a master sports wagering licensee when the employee works in a designated gaming area that has sports wagering or performs duties in furtherance of or associated with the operation of sports wagering by the master sports wagering licensee (occupational license), which shall require an annual license fee of \$250. License fees shall be deposited into the State Gaming Fund and used for the administration of this Act.

Information shared under this subsection (f) must be submitted in the form and manner as required by rule. If a sports governing body has notified the Board that real-time information sharing for wagers placed on its sports events is necessary and desirable, licensees may share the same information in the form and manner required by the Board by rule with the sports governing body or its designee with respect to wagers on its sports events subject to applicable federal, State, or local laws or regulations, including, without limitation, privacy laws and regulations. the integrity of a particular sport or the sports betting industry. The Board shall grant the request upon a demonstration of good cause from the requester and consultation with licensees. The Board shall respond to a request pursuant to this subsection (g) concerning a particular event before the start of the event or, if it is not feasible to respond before the start of the event, as soon as practicable.

The fingerprints shall be furnished by the applicant's officers and directors (if a corporation), members (if a limited liability company), and partners (if a partnership). The fingerprints shall be accompanied by a signed authorization for the release of information by the Federal Bureau of Investigation. The Board may require additional background checks on licensees when they apply for license renewal, and an applicant convicted of a disqualifying offense shall not be licensed.

(a-10) The taxes imposed by this Section shall be paid by the licensed owner to the Board not later than 5:00 o'clock p.m. of the day after the day when the wagers were made.

(a-15) If the privilege tax imposed under subsection (a-3) is no longer imposed pursuant to item (i) of the last paragraph of subsection (a-3), then by June 15 of each year, each owners licensee, other than an owners licensee that admitted 1,000,000 persons or fewer in calendar year 2004, must, in addition to the payment of all amounts otherwise due under this Section, pay to the Board a reconciliation payment in the amount, if any, by which the licensed owner's base amount exceeds the amount of net privilege tax paid by the licensed owner to the Board in the then current State fiscal year. A licensed owner's net privilege tax obligation due for the balance of the State fiscal year shall be reduced up to the total of the amount paid by the licensed owner in its June 15 reconciliation payment. The obligation imposed by this subsection (a-15) is binding on any person, firm, corporation, or other entity that acquires an ownership interest in any such owners license. The obligation imposed under this subsection (a-15) terminates on the earliest of: (i) July 1, 2007, (ii) the first day after the effective date of this amendatory Act of the 94th General Assembly that riverboat gambling operations are conducted pursuant to a

If an owners licensee pays an amount in excess of its liability under this Section, the Board shall apply the overpayment to future payments required under this Section.

For purposes of this subsection (a-15):

Section 35-20. The Illinois Lottery Law is amended by changing Section 9.1 as follows:

(20 ILCS 1605/9.1)

Sec. 9.1. Private manager and management agreement.

(a) As used in this Section:

"Offeror" means a person or group of persons that responds to a request for qualifications under this Section.

"Request for qualifications" means all materials and documents prepared by the Department to solicit the following from offerors:

"Final offeror" means the offeror ultimately selected by the Governor to be the private manager for the Lottery under subsection (h) of this Section.

(b) By September 15, 2010, the Governor shall select a private manager for the total management of the Lottery with integrated functions, such as lottery game design, supply of goods and services, and advertising and as specified in this Section.

(c) Pursuant to the terms of this subsection, the Department shall endeavor to expeditiously terminate the existing contracts in support of the Lottery in effect on the effective date of this amendatory Act of the 96th General Assembly in connection with the selection of the private manager. As part of its obligation to terminate these contracts and select the private manager, the Department shall establish a mutually agreeable timetable to transfer the functions of existing contractors to the private manager so that existing Lottery operations are not materially diminished or impaired during the transition. To that end, the Department shall do the following:

(1) where such contracts contain a provision authorizing termination upon notice, the Department shall provide notice of termination to occur upon the mutually agreed timetable for transfer of functions;

(2) upon the expiration of any initial term or renewal term of the current Lottery contracts, the Department shall

not renew such contract for a term extending beyond the mutually agreed timetable for transfer of functions; or

(3) in the event any current contract provides for termination of that contract upon the implementation of a contract with the private manager, the Department shall perform all necessary actions to terminate the contract on the date that coincides with the mutually agreed timetable for transfer of functions.

If the contracts to support the current operation of the Lottery in effect on the effective date of this amendatory Act of the 96th General Assembly are not subject to termination as provided for in this subsection (c), then the Department may include a provision in the contract with the private manager specifying a mutually agreeable methodology for incorporation.

The Department shall be the employer of all such bargaining unit employees assigned to perform such work for the private manager, and such employees shall be State employees, as defined by the Personnel Code. Department employees shall operate under the same employment policies, rules, regulations, and procedures, as other employees of the Department. In addition, neither historical representation

(3) A provision imposing an affirmative duty on the private manager to provide the Department with material information and with any information the private manager reasonably believes the Department would want to know to enable the Department to conduct the Lottery.

(4) A provision requiring the private manager to provide the Department with advance notice of any operating decision that bears significantly on the public interest, including, but not limited to, decisions on the kinds of games to be offered to the public and decisions affecting the relative risk and reward of the games being offered, so the Department has a reasonable opportunity to evaluate and countermand that decision.

(5) A provision providing for compensation of the private manager that may consist of, among other things, a fee for services and a performance based bonus as consideration for managing the Lottery, including terms that may provide the private manager with an increase in compensation if Lottery revenues grow by a specified percentage in a given year.

(6) (Blank).

(7) A provision requiring the deposit of all Lottery proceeds to be deposited into the State Lottery Fund except as otherwise provided in Section 20 of this Act.

(8) A provision requiring the private manager to locate its principal office within the State.

(8-5) A provision encouraging that at least 20% of the cost of contracts entered into for goods and services by the private manager in connection with its management of the Lottery, other than contracts with sales agents or technical advisors, be awarded to businesses that are a

minority-owned business, a women-owned business, or a business owned by a person with disability, as those terms are defined in the Business Enterprise for Minorities, Women, and Persons with Disabilities Act.

(9) A requirement that so long as the private manager complies with all the conditions of the agreement under the oversight of the Department, the private manager shall have the following duties and obligations with respect to the management of the Lottery:

validity of tickets claimed to be winning tickets, (vii) the basis upon which retailer commissions are established by the manager, and (viii) minimum payouts.

(10) A requirement that advertising and promotion must be consistent with Section 7.8a of this Act.

(11) A requirement that the private manager market the Lottery to those residents who are new, infrequent, or lapsed players of the Lottery, especially those who are most likely to make regular purchases on the Internet as permitted by law.

(12) A code of ethics for the private manager's officers and employees.

(13) A requirement that the Department monitor and oversee the private manager's practices and take action that the Department considers appropriate to ensure that the private manager is in compliance with the terms of the management agreement, while allowing the manager, unless specifically prohibited by law or the management agreement, to negotiate and sign its own contracts with vendors.

(14) A provision requiring the private manager to periodically file, at least on an annual basis, appropriate financial statements in a form and manner acceptable to the Department.

(18) Procedures for amendment of the agreement.

(19) A provision requiring the private manager to engage in an open and competitive bidding process for any procurement having a cost in excess of \$50,000 that is not a part of the private manager's final offer. The process shall favor the selection of a vendor deemed to have submitted a proposal that provides the Lottery with the best overall value. The process shall not be subject to the provisions of the Illinois Procurement Code, unless specifically required by the management agreement.

(20) The transition of rights and obligations, including any associated equipment or other assets used in the operation of the Lottery, from the manager to any successor manager of the lottery, including the Department, following the termination of or foreclosure upon the management agreement.

(21) Right of use of copyrights, trademarks, and service marks held by the Department in the name of the State. The agreement must provide that any use of them by the manager shall only be for the purpose of fulfilling its

obligations under the management agreement during the term of the agreement.

(22) The disclosure of any information requested by the Department to enable it to comply with the reporting requirements and information requests provided for under subsection (p) of this Section.

(e) Notwithstanding any other law to the contrary, the Department shall select a private manager through a competitive request for qualifications process consistent with Section 20-35 of the Illinois Procurement Code, which shall take into account:

(1) the offeror's ability to market the Lottery to those residents who are new, infrequent, or lapsed players of the Lottery, especially those who are most likely to make regular purchases on the Internet;

(2) the offeror's ability to address the State's concern with the social effects of gambling on those who can least afford to do so;

(3) the offeror's ability to provide the most successful management of the Lottery for the benefit of the people of the State based on current and past business practices or plans of the offeror; and

(4) the offeror's poor or inadequate past performance in servicing, equipping, operating or managing a lottery on behalf of Illinois, another State or foreign government and attracting persons who are not currently regular players of

a lottery.

(f) The Department may retain the services of an advisor or advisors with significant experience in financial services or the management, operation, and procurement of goods, services, and equipment for a government-run lottery to assist in the preparation of the terms of the request for qualifications and selection of the private manager. Any prospective advisor seeking to provide services under this subsection (f) shall disclose any material business or financial relationship during the past 3 years with any potential offeror, or with a contractor or subcontractor presently providing goods, services, or equipment to the Department to support the Lottery. The Department shall evaluate the material business or financial relationship of each prospective advisor. The Department shall not select any prospective advisor with a substantial business or financial relationship that the Department deems to impair the objectivity of the services to be provided by the prospective advisor. During the course of the advisor's engagement by the Department, and for a period of one year thereafter, the advisor shall not enter into any business or financial relationship with any offeror or any vendor identified to assist an offeror in performing its obligations under the management agreement. Any advisor retained by the Department shall be disqualified from being an offeror. The Department shall not include terms in the request for qualifications that provide a material advantage whether

directly or indirectly to any potential offeror, or any contractor or subcontractor presently providing goods, services, or equipment to the Department to support the Lottery, including terms contained in previous responses to requests for proposals or qualifications submitted to Illinois, another State or foreign government when those terms are uniquely associated with a particular potential offeror, contractor, or subcontractor. The request for proposals offered by the Department on December 22, 2008 as "LOT08GAMESYS" and reference number "22016176" is declared void.

(g) The Department shall select at least 2 offerors as finalists to potentially serve as the private manager no later than August 9, 2010. Upon making preliminary selections, the Department shall schedule a public hearing on the finalists' proposals and provide public notice of the hearing at least 7 calendar days before the hearing. The notice must include all of the following:

- (3) A brief description of the management agreement to be awarded.
- (4) The identity of the offerors that have been selected as finalists to serve as the private manager.
- (5) The address and telephone number of the Department.

(h) At the public hearing, the Department shall (i) provide

sufficient time for each finalist to present and explain its proposal to the Department and the Governor or the Governor's designee, including an opportunity to respond to questions posed by the Department, Governor, or designee and (ii) allow the public and non-selected offerors to comment on the presentations. The Governor or a designee shall attend the public hearing. After the public hearing, the Department shall have 14 calendar days to recommend to the Governor whether a management agreement should be entered into with a particular finalist. After reviewing the Department's recommendation, the Governor may accept or reject the Department's recommendation, and shall select a final offeror as the private manager by publication of a notice in the Illinois Procurement Bulletin on or before September 15, 2010. The Governor shall include in the notice a detailed explanation and the reasons why the final offeror is superior to other offerors and will provide management services in a manner that best achieves the objectives of this Section. The Governor shall also sign the management agreement with the private manager.

(i) Any action to contest the private manager selected by the Governor under this Section must be brought within 7 calendar days after the publication of the notice of the designation of the private manager as provided in subsection (h) of this Section.

(j) The Lottery shall remain, for so long as a private manager manages the Lottery in accordance with provisions of

this Act, a Lottery conducted by the State, and the State shall not be authorized to sell or transfer the Lottery to a third party.

(k) Any tangible personal property used exclusively in connection with the lottery that is owned by the Department and leased to the private manager shall be owned by the Department in the name of the State and shall be considered to be public property devoted to an essential public and governmental function.

(l) The Department may exercise any of its powers under this Section or any other law as necessary or desirable for the execution of the Department's powers under this Section.

(m) Neither this Section nor any management agreement entered into under this Section prohibits the General Assembly from authorizing forms of gambling that are not in direct competition with the Lottery. The forms of gambling authorized by this amendatory Act of the 101st General Assembly constitute authorized forms of gambling that are not in direct competition with the Lottery.

(n) The private manager shall be subject to a complete investigation in the third, seventh, and tenth years of the agreement (if the agreement is for a 10-year term) by the Department in cooperation with the Auditor General to determine whether the private manager has complied with this Section and the management agreement. The private manager shall bear the cost of an investigation or reinvestigation of the private

manager under this subsection.

(o) The powers conferred by this Section are in addition and supplemental to the powers conferred by any other law. If any other law or rule is inconsistent with this Section, including, but not limited to, provisions of the Illinois Procurement Code, then this Section controls as to any management agreement entered into under this Section. This Section and any rules adopted under this Section contain full and complete authority for a management agreement between the Department and a private manager. No law, procedure, proceeding, publication, notice, consent, approval, order, or act by the Department or any other officer, Department, agency, or instrumentality of the State or any political subdivision is required for the Department to enter into a management agreement under this Section. This Section contains full and complete authority for the Department to approve any contracts entered into by a private manager with a vendor providing goods, services, or both goods and services to the private manager under the terms of the management agreement, including subcontractors of such vendors.

Upon receipt of a written request from the Chief Procurement Officer, the Department shall provide to the Chief Procurement Officer a complete and un-redacted copy of the management agreement or any contract that is subject to the Department's approval authority under this subsection (o). The Department shall provide a copy of the agreement or contract to

the Chief Procurement Officer in the time specified by the Chief Procurement Officer in his or her written request, but no later than 5 business days after the request is received by the Department. The Chief Procurement Officer must retain any portions of the management agreement or of any contract designated by the Department as confidential, proprietary, or trade secret information in complete confidence pursuant to subsection (g) of Section 7 of the Freedom of Information Act. The Department shall also provide the Chief Procurement Officer with reasonable advance written notice of any contract that is pending Department approval.

Notwithstanding any other provision of this Section to the contrary, the Chief Procurement Officer shall adopt administrative rules, including emergency rules, to establish a procurement process to select a successor private manager if a private management agreement has been terminated. The selection process shall at a minimum take into account the criteria set forth in items (1) through (4) of subsection (e) of this Section and may include provisions consistent with subsections (f), (g), (h), and (i) of this Section. The Chief Procurement Officer shall also implement and administer the adopted selection process upon the termination of a private management agreement. The Department, after the Chief Procurement Officer certifies that the procurement process has been followed in accordance with the rules adopted under this subsection (o), shall select a final offeror as the private

manager and sign the management agreement with the private manager.

Except as provided in Sections 21.5, 21.6, 21.7, 21.8, 21.9, ~~and~~ 21.10, and 21.11, ~~21.10~~ the Department shall distribute all proceeds of lottery tickets and shares sold in the following priority and manner:

(4) On or before September 30 of each fiscal year, deposit any estimated remaining proceeds from the prior fiscal year, subject to payments under items (1), (2), and (3), into the Capital Projects Fund. Beginning in fiscal year 2019, the amount deposited shall be increased or decreased each year by the amount the estimated payment differs from the amount determined from each year-end financial audit. Only remaining net deficits from prior

fiscal years may reduce the requirement to deposit these funds, as determined by the annual financial audit.

(p) The Department shall be subject to the following reporting and information request requirements:

(1) the Department shall submit written quarterly reports to the Governor and the General Assembly on the activities and actions of the private manager selected under this Section;

(2) upon request of the Chief Procurement Officer, the Department shall promptly produce information related to the procurement activities of the Department and the private manager requested by the Chief Procurement Officer; the Chief Procurement Officer must retain confidential, proprietary, or trade secret information designated by the Department in complete confidence pursuant to subsection (g) of Section 7 of the Freedom of Information Act; and

Section 35-30. The State Finance Act is amended by changing Section 6z-45 as follows:

(30 ILCS 105/6z-45)

Sec. 6z-45. The School Infrastructure Fund.

(a) The School Infrastructure Fund is created as a special fund in the State Treasury.

In addition to any other deposits authorized by law, beginning January 1, 2000, on the first day of each month, or as soon thereafter as may be practical, the State Treasurer and State Comptroller shall transfer the sum of \$5,000,000 from the General Revenue Fund to the School Infrastructure Fund, except that, notwithstanding any other provision of law, and in addition to any other transfers that may be provided for by law, before June 30, 2012, the Comptroller and the Treasurer shall transfer \$45,000,000 from the General Revenue Fund into the School Infrastructure Fund, and, for fiscal year 2013 only, the Treasurer and the Comptroller shall transfer \$1,250,000 from the General Revenue Fund to the School Infrastructure Fund on the first day of each month; provided, however, that no such transfers shall be made from July 1, 2001 through June 30, 2003.

(a-5) Money in the School Infrastructure Fund may be used to pay the expenses of the State Board of Education, the Governor's Office of Management and Budget, and the Capital

Development Board in administering programs under the School Construction Law, the total expenses not to exceed \$1,315,000 in any fiscal year.

(b) Subject to the transfer provisions set forth below, money in the School Infrastructure Fund shall, if and when the State of Illinois incurs any bonded indebtedness for the construction of school improvements under subsection (e) of Section 5 of the General Obligation Bond Act, be set aside and used for the purpose of paying and discharging annually the principal and interest on that bonded indebtedness then due and payable, and for no other purpose.

In addition to other transfers to the General Obligation Bond Retirement and Interest Fund made pursuant to Section 15 of the General Obligation Bond Act, upon each delivery of bonds issued for construction of school improvements under the School Construction Law, the State Comptroller shall compute and certify to the State Treasurer the total amount of principal of, interest on, and premium, if any, on such bonds during the then current and each succeeding fiscal year. With respect to the interest payable on variable rate bonds, such certifications shall be calculated at the maximum rate of interest that may be payable during the fiscal year, after taking into account any credits permitted in the related indenture or other instrument against the amount of such interest required to be appropriated for that period.

On or before the last day of each month, the State

Treasurer and State Comptroller shall transfer from the School Infrastructure Fund to the General Obligation Bond Retirement and Interest Fund an amount sufficient to pay the aggregate of the principal of, interest on, and premium, if any, on the bonds payable on their next payment date, divided by the number of monthly transfers occurring between the last previous payment date (or the delivery date if no payment date has yet occurred) and the next succeeding payment date. Interest payable on variable rate bonds shall be calculated at the maximum rate of interest that may be payable for the relevant period, after taking into account any credits permitted in the related indenture or other instrument against the amount of such interest required to be appropriated for that period. Interest for which moneys have already been deposited into the capitalized interest account within the General Obligation Bond Retirement and Interest Fund shall not be included in the calculation of the amounts to be transferred under this subsection.

(b-5) The money deposited into the School Infrastructure Fund from transfers pursuant to subsections (c-30) and (c-35) of Section 13 of the Illinois Riverboat ~~Riverboat~~ Gambling Act shall be applied, without further direction, as provided in subsection (b-3) of Section 5-35 of the School Construction Law.

(c) The surplus, if any, in the School Infrastructure Fund after payments made pursuant to subsections (a-5), (b), and (b-5) of this Section shall, subject to appropriation, be used

The rates under this subsection (b) are subject to the provisions of Section 201.5.

(b-5) Surcharge; sale or exchange of assets, properties, and intangibles of organization gaming licensees. For each of taxable years 2019 through 2027, a surcharge is imposed on all taxpayers on income arising from the sale or exchange of capital assets, depreciable business property, real property used in the trade or business, and Section 197 intangibles (i)

of an organization licensee under the Illinois Horse Racing Act of 1975 and (ii) of an organization gaming licensee under the Illinois Gambling Act. The amount of the surcharge is equal to the amount of federal income tax liability for the taxable year attributable to those sales and exchanges. The surcharge imposed shall not apply if:

(1) the organization gaming license, organization license, or racetrack property is transferred as a result of any of the following:

(A) bankruptcy, a receivership, or a debt adjustment initiated by or against the initial licensee or the substantial owners of the initial licensee;

(B) cancellation, revocation, or termination of any such license by the Illinois Gaming Board or the Illinois Racing Board;

(C) a determination by the Illinois Gaming Board that transfer of the license is in the best interests of Illinois gaming;

(D) the death of an owner of the equity interest in a licensee;

(E) the acquisition of a controlling interest in the stock or substantially all of the assets of a publicly traded company;

(F) a transfer by a parent company to a wholly owned subsidiary; or

(G) the transfer or sale to or by one person to another person where both persons were initial owners of the license when the license was issued; or

(2) the controlling interest in the organization gaming license, organization license, or racetrack property is transferred in a transaction to lineal descendants in which no gain or loss is recognized or as a result of a transaction in accordance with Section 351 of the Internal Revenue Code in which no gain or loss is recognized; or

(3) live horse racing was not conducted in 2010 at a racetrack located within 3 miles of the Mississippi River under a license issued pursuant to the Illinois Horse Racing Act of 1975.

The transfer of an organization gaming license, organization license, or racetrack property by a person other than the initial licensee to receive the organization gaming license is not subject to a surcharge. The Department shall adopt rules necessary to implement and administer this subsection.

(c) Personal Property Tax Replacement Income Tax. Beginning on July 1, 1979 and thereafter, in addition to such income tax, there is also hereby imposed the Personal Property Tax Replacement Income Tax measured by net income on every corporation (including Subchapter S corporations), partnership and trust, for each taxable year ending after June 30, 1979.

Such taxes are imposed on the privilege of earning or receiving income in or as a resident of this State. The Personal Property Tax Replacement Income Tax shall be in addition to the income tax imposed by subsections (a) and (b) of this Section and in addition to all other occupation or privilege taxes imposed by this State or by any municipal corporation or political subdivision thereof.

(d) Additional Personal Property Tax Replacement Income Tax Rates. The personal property tax replacement income tax imposed by this subsection and subsection (c) of this Section in the case of a corporation, other than a Subchapter S corporation and except as adjusted by subsection (d-1), shall be an additional amount equal to 2.85% of such taxpayer's net income for the taxable year, except that beginning on January 1, 1981, and thereafter, the rate of 2.85% specified in this subsection shall be reduced to 2.5%, and in the case of a partnership, trust or a Subchapter S corporation shall be an additional amount equal to 1.5% of such taxpayer's net income for the taxable year.

(d-1) Rate reduction for certain foreign insurers. In the case of a foreign insurer, as defined by Section 35A-5 of the Illinois Insurance Code, whose state or country of domicile imposes on insurers domiciled in Illinois a retaliatory tax (excluding any insurer whose premiums from reinsurance assumed are 50% or more of its total insurance premiums as determined under paragraph (2) of subsection (b) of Section 304, except

that for purposes of this determination premiums from reinsurance do not include premiums from inter-affiliate reinsurance arrangements), beginning with taxable years ending on or after December 31, 1999, the sum of the rates of tax imposed by subsections (b) and (d) shall be reduced (but not increased) to the rate at which the total amount of tax imposed under this Act, net of all credits allowed under this Act, shall equal (i) the total amount of tax that would be imposed on the foreign insurer's net income allocable to Illinois for the taxable year by such foreign insurer's state or country of domicile if that net income were subject to all income taxes and taxes measured by net income imposed by such foreign insurer's state or country of domicile, net of all credits allowed or (ii) a rate of zero if no such tax is imposed on such income by the foreign insurer's state of domicile. For the purposes of this subsection (d-1), an inter-affiliate includes a mutual insurer under common management.

(1) For the purposes of subsection (d-1), in no event shall the sum of the rates of tax imposed by subsections (b) and (d) be reduced below the rate at which the sum of:

(A) the total amount of tax imposed on such foreign insurer under this Act for a taxable year, net of all credits allowed under this Act, plus

(B) the privilege tax imposed by Section 409 of the Illinois Insurance Code, the fire insurance company tax imposed by Section 12 of the Fire Investigation

Act, and the fire department taxes imposed under Section 11-10-1 of the Illinois Municipal Code, equals 1.25% for taxable years ending prior to December 31, 2003, or 1.75% for taxable years ending on or after December 31, 2003, of the net taxable premiums written for the taxable year, as described by subsection (1) of Section 409 of the Illinois Insurance Code. This paragraph will in no event increase the rates imposed under subsections (b) and (d).

(2) Any reduction in the rates of tax imposed by this subsection shall be applied first against the rates imposed by subsection (b) and only after the tax imposed by subsection (a) net of all credits allowed under this Section other than the credit allowed under subsection (i) has been reduced to zero, against the rates imposed by subsection (d).

This subsection (d-1) is exempt from the provisions of Section 250.

(e) Investment credit. A taxpayer shall be allowed a credit against the Personal Property Tax Replacement Income Tax for investment in qualified property.

(1) A taxpayer shall be allowed a credit equal to .5% of the basis of qualified property placed in service during the taxable year, provided such property is placed in service on or after July 1, 1984. There shall be allowed an additional credit equal to .5% of the basis of qualified

property placed in service during the taxable year, provided such property is placed in service on or after July 1, 1986, and the taxpayer's base employment within Illinois has increased by 1% or more over the preceding year as determined by the taxpayer's employment records filed with the Illinois Department of Employment Security. Taxpayers who are new to Illinois shall be deemed to have met the 1% growth in base employment for the first year in which they file employment records with the Illinois Department of Employment Security. The provisions added to this Section by Public Act 85-1200 (and restored by Public Act 87-895) shall be construed as declaratory of existing law and not as a new enactment. If, in any year, the increase in base employment within Illinois over the preceding year is less than 1%, the additional credit shall be limited to that percentage times a fraction, the numerator of which is .5% and the denominator of which is 1%, but shall not exceed .5%. The investment credit shall not be allowed to the extent that it would reduce a taxpayer's liability in any tax year below zero, nor may any credit for qualified property be allowed for any year other than the year in which the property was placed in service in Illinois. For tax years ending on or after December 31, 1987, and on or before December 31, 1988, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the

credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit years if the taxpayer (i) makes investments which cause the creation of a minimum of 2,000 full-time equivalent jobs in Illinois, (ii) is located in an enterprise zone established pursuant to the Illinois Enterprise Zone Act and (iii) is certified by the Department of Commerce and Community Affairs (now Department of Commerce and Economic Opportunity) as complying with the requirements specified in clause (i) and (ii) by July 1, 1986. The Department of Commerce and Community Affairs (now Department of Commerce and Economic Opportunity) shall notify the Department of Revenue of all such certifications immediately. For tax years ending after December 31, 1988, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit years. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, earlier credit

shall be applied first.

(2) The term "qualified property" means property which:

(A) is tangible, whether new or used, including buildings and structural components of buildings and signs that are real property, but not including land or improvements to real property that are not a structural component of a building such as landscaping, sewer lines, local access roads, fencing, parking lots, and other appurtenances;

(B) is depreciable pursuant to Section 167 of the Internal Revenue Code, except that "3-year property" as defined in Section 168(c)(2)(A) of that Code is not eligible for the credit provided by this subsection (e);

(C) is acquired by purchase as defined in Section 179(d) of the Internal Revenue Code;

(D) is used in Illinois by a taxpayer who is primarily engaged in manufacturing, or in mining coal or fluorite, or in retailing, or was placed in service on or after July 1, 2006 in a River Edge Redevelopment Zone established pursuant to the River Edge Redevelopment Zone Act; and

(E) has not previously been used in Illinois in such a manner and by such a person as would qualify for the credit provided by this subsection (e) or

subsection (f).

(3) For purposes of this subsection (e), "manufacturing" means the material staging and production of tangible personal property by procedures commonly regarded as manufacturing, processing, fabrication, or assembling which changes some existing material into new shapes, new qualities, or new combinations. For purposes of this subsection (e) the term "mining" shall have the same meaning as the term "mining" in Section 613(c) of the Internal Revenue Code. For purposes of this subsection (e), the term "retailing" means the sale of tangible personal property for use or consumption and not for resale, or services rendered in conjunction with the sale of tangible personal property for use or consumption and not for resale. For purposes of this subsection (e), "tangible personal property" has the same meaning as when that term is used in the Retailers' Occupation Tax Act, and, for taxable years ending after December 31, 2008, does not include the generation, transmission, or distribution of electricity.

(4) The basis of qualified property shall be the basis used to compute the depreciation deduction for federal income tax purposes.

(5) If the basis of the property for federal income tax depreciation purposes is increased after it has been placed in service in Illinois by the taxpayer, the amount of such

increase shall be deemed property placed in service on the date of such increase in basis.

(6) The term "placed in service" shall have the same meaning as under Section 46 of the Internal Revenue Code.

(7) If during any taxable year, any property ceases to be qualified property in the hands of the taxpayer within 48 months after being placed in service, or the situs of any qualified property is moved outside Illinois within 48 months after being placed in service, the Personal Property Tax Replacement Income Tax for such taxable year shall be increased. Such increase shall be determined by (i) recomputing the investment credit which would have been allowed for the year in which credit for such property was originally allowed by eliminating such property from such computation and, (ii) subtracting such recomputed credit from the amount of credit previously allowed. For the purposes of this paragraph (7), a reduction of the basis of qualified property resulting from a redetermination of the purchase price shall be deemed a disposition of qualified property to the extent of such reduction.

(8) Unless the investment credit is extended by law, the basis of qualified property shall not include costs incurred after December 31, 2018, except for costs incurred pursuant to a binding contract entered into on or before December 31, 2018.

(9) Each taxable year ending before December 31, 2000,

a partnership may elect to pass through to its partners the credits to which the partnership is entitled under this subsection (e) for the taxable year. A partner may use the credit allocated to him or her under this paragraph only against the tax imposed in subsections (c) and (d) of this Section. If the partnership makes that election, those credits shall be allocated among the partners in the partnership in accordance with the rules set forth in Section 704(b) of the Internal Revenue Code, and the rules promulgated under that Section, and the allocated amount of the credits shall be allowed to the partners for that taxable year. The partnership shall make this election on its Personal Property Tax Replacement Income Tax return for that taxable year. The election to pass through the credits shall be irrevocable.

For taxable years ending on or after December 31, 2000, a partner that qualifies its partnership for a subtraction under subparagraph (I) of paragraph (2) of subsection (d) of Section 203 or a shareholder that qualifies a Subchapter S corporation for a subtraction under subparagraph (S) of paragraph (2) of subsection (b) of Section 203 shall be allowed a credit under this subsection (e) equal to its share of the credit earned under this subsection (e) during the taxable year by the partnership or Subchapter S corporation, determined in accordance with the determination of income and distributive share of income

under Sections 702 and 704 and Subchapter S of the Internal Revenue Code. This paragraph is exempt from the provisions of Section 250.

(f) Investment credit; Enterprise Zone; River Edge Redevelopment Zone.

(1) A taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for investment in qualified property which is placed in service in an Enterprise Zone created pursuant to the Illinois Enterprise Zone Act or, for property placed in service on or after July 1, 2006, a River Edge Redevelopment Zone established pursuant to the River Edge Redevelopment Zone Act. For partners, shareholders of Subchapter S corporations, and owners of limited liability companies, if the liability company is treated as a partnership for purposes of federal and State income taxation, there shall be allowed a credit under this subsection (f) to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and Subchapter S of the Internal Revenue Code. The credit shall be .5% of the basis for such property. The credit shall be available only in the taxable year in which the property is placed in service in the Enterprise Zone or River Edge Redevelopment Zone and shall not be allowed to the extent that it would reduce a taxpayer's liability for the tax imposed by subsections (a) and (b) of this Section

to below zero. For tax years ending on or after December 31, 1985, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, the credit accruing first in time shall be applied first.

(2) The term qualified property means property which:

(A) is tangible, whether new or used, including buildings and structural components of buildings;

(B) is depreciable pursuant to Section 167 of the Internal Revenue Code, except that "3-year property" as defined in Section 168(c)(2)(A) of that Code is not eligible for the credit provided by this subsection (f);

(C) is acquired by purchase as defined in Section 179(d) of the Internal Revenue Code;

(D) is used in the Enterprise Zone or River Edge Redevelopment Zone by the taxpayer; and

(E) has not been previously used in Illinois in such a manner and by such a person as would qualify for

the credit provided by this subsection (f) or subsection (e).

(3) The basis of qualified property shall be the basis used to compute the depreciation deduction for federal income tax purposes.

(4) If the basis of the property for federal income tax depreciation purposes is increased after it has been placed in service in the Enterprise Zone or River Edge Redevelopment Zone by the taxpayer, the amount of such increase shall be deemed property placed in service on the date of such increase in basis.

(5) The term "placed in service" shall have the same meaning as under Section 46 of the Internal Revenue Code.

(6) If during any taxable year, any property ceases to be qualified property in the hands of the taxpayer within 48 months after being placed in service, or the situs of any qualified property is moved outside the Enterprise Zone or River Edge Redevelopment Zone within 48 months after being placed in service, the tax imposed under subsections (a) and (b) of this Section for such taxable year shall be increased. Such increase shall be determined by (i) recomputing the investment credit which would have been allowed for the year in which credit for such property was originally allowed by eliminating such property from such computation, and (ii) subtracting such recomputed credit from the amount of credit previously allowed. For the

purposes of this paragraph (6), a reduction of the basis of qualified property resulting from a redetermination of the purchase price shall be deemed a disposition of qualified property to the extent of such reduction.

(7) There shall be allowed an additional credit equal to 0.5% of the basis of qualified property placed in service during the taxable year in a River Edge Redevelopment Zone, provided such property is placed in service on or after July 1, 2006, and the taxpayer's base employment within Illinois has increased by 1% or more over the preceding year as determined by the taxpayer's employment records filed with the Illinois Department of Employment Security. Taxpayers who are new to Illinois shall be deemed to have met the 1% growth in base employment for the first year in which they file employment records with the Illinois Department of Employment Security. If, in any year, the increase in base employment within Illinois over the preceding year is less than 1%, the additional credit shall be limited to that percentage times a fraction, the numerator of which is 0.5% and the denominator of which is 1%, but shall not exceed 0.5%.

(g) (Blank).

(h) Investment credit; High Impact Business.

(1) Subject to subsections (b) and (b-5) of Section 5.5 of the Illinois Enterprise Zone Act, a taxpayer shall be allowed a credit against the tax imposed by subsections (a)

and (b) of this Section for investment in qualified property which is placed in service by a Department of Commerce and Economic Opportunity designated High Impact Business. The credit shall be .5% of the basis for such property. The credit shall not be available (i) until the minimum investments in qualified property set forth in subdivision (a)(3)(A) of Section 5.5 of the Illinois Enterprise Zone Act have been satisfied or (ii) until the time authorized in subsection (b-5) of the Illinois Enterprise Zone Act for entities designated as High Impact Businesses under subdivisions (a)(3)(B), (a)(3)(C), and (a)(3)(D) of Section 5.5 of the Illinois Enterprise Zone Act, and shall not be allowed to the extent that it would reduce a taxpayer's liability for the tax imposed by subsections (a) and (b) of this Section to below zero. The credit applicable to such investments shall be taken in the taxable year in which such investments have been completed. The credit for additional investments beyond the minimum investment by a designated high impact business authorized under subdivision (a)(3)(A) of Section 5.5 of the Illinois Enterprise Zone Act shall be available only in the taxable year in which the property is placed in service and shall not be allowed to the extent that it would reduce a taxpayer's liability for the tax imposed by subsections (a) and (b) of this Section to below zero. For tax years ending on or after December 31, 1987, the credit shall be allowed

for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, the credit accruing first in time shall be applied first.

Changes made in this subdivision (h) (1) by Public Act 88-670 restore changes made by Public Act 85-1182 and reflect existing law.

(2) The term qualified property means property which:

(A) is tangible, whether new or used, including buildings and structural components of buildings;

(B) is depreciable pursuant to Section 167 of the Internal Revenue Code, except that "3-year property" as defined in Section 168(c) (2) (A) of that Code is not eligible for the credit provided by this subsection (h);

(C) is acquired by purchase as defined in Section 179(d) of the Internal Revenue Code; and

(D) is not eligible for the Enterprise Zone Investment Credit provided by subsection (f) of this Section.

(3) The basis of qualified property shall be the basis used to compute the depreciation deduction for federal income tax purposes.

(4) If the basis of the property for federal income tax depreciation purposes is increased after it has been placed in service in a federally designated Foreign Trade Zone or Sub-Zone located in Illinois by the taxpayer, the amount of such increase shall be deemed property placed in service on the date of such increase in basis.

(5) The term "placed in service" shall have the same meaning as under Section 46 of the Internal Revenue Code.

(6) If during any taxable year ending on or before December 31, 1996, any property ceases to be qualified property in the hands of the taxpayer within 48 months after being placed in service, or the situs of any qualified property is moved outside Illinois within 48 months after being placed in service, the tax imposed under subsections (a) and (b) of this Section for such taxable year shall be increased. Such increase shall be determined by (i) recomputing the investment credit which would have been allowed for the year in which credit for such property was originally allowed by eliminating such property from such computation, and (ii) subtracting such recomputed credit from the amount of credit previously allowed. For the purposes of this paragraph (6), a reduction of the basis of qualified property resulting from a

redetermination of the purchase price shall be deemed a disposition of qualified property to the extent of such reduction.

(7) Beginning with tax years ending after December 31, 1996, if a taxpayer qualifies for the credit under this subsection (h) and thereby is granted a tax abatement and the taxpayer relocates its entire facility in violation of the explicit terms and length of the contract under Section 18-183 of the Property Tax Code, the tax imposed under subsections (a) and (b) of this Section shall be increased for the taxable year in which the taxpayer relocated its facility by an amount equal to the amount of credit received by the taxpayer under this subsection (h).

(i) Credit for Personal Property Tax Replacement Income Tax. For tax years ending prior to December 31, 2003, a credit shall be allowed against the tax imposed by subsections (a) and (b) of this Section for the tax imposed by subsections (c) and (d) of this Section. This credit shall be computed by multiplying the tax imposed by subsections (c) and (d) of this Section by a fraction, the numerator of which is base income allocable to Illinois and the denominator of which is Illinois base income, and further multiplying the product by the tax rate imposed by subsections (a) and (b) of this Section.

Any credit earned on or after December 31, 1986 under this subsection which is unused in the year the credit is computed because it exceeds the tax liability imposed by subsections (a)

and (b) for that year (whether it exceeds the original liability or the liability as later amended) may be carried forward and applied to the tax liability imposed by subsections (a) and (b) of the 5 taxable years following the excess credit year, provided that no credit may be carried forward to any year ending on or after December 31, 2003. This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability the earliest credit arising under this subsection shall be applied first.

If, during any taxable year ending on or after December 31, 1986, the tax imposed by subsections (c) and (d) of this Section for which a taxpayer has claimed a credit under this subsection (i) is reduced, the amount of credit for such tax shall also be reduced. Such reduction shall be determined by recomputing the credit to take into account the reduced tax imposed by subsections (c) and (d). If any portion of the reduced amount of credit has been carried to a different taxable year, an amended return shall be filed for such taxable year to reduce the amount of credit claimed.

(j) Training expense credit. Beginning with tax years ending on or after December 31, 1986 and prior to December 31, 2003, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) under this Section for all amounts paid or accrued, on behalf of all persons employed by

the taxpayer in Illinois or Illinois residents employed outside of Illinois by a taxpayer, for educational or vocational training in semi-technical or technical fields or semi-skilled or skilled fields, which were deducted from gross income in the computation of taxable income. The credit against the tax imposed by subsections (a) and (b) shall be 1.6% of such training expenses. For partners, shareholders of subchapter S corporations, and owners of limited liability companies, if the liability company is treated as a partnership for purposes of federal and State income taxation, there shall be allowed a credit under this subsection (j) to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and subchapter S of the Internal Revenue Code.

Any credit allowed under this subsection which is unused in the year the credit is earned may be carried forward to each of the 5 taxable years following the year for which the credit is first computed until it is used. This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability the earliest credit arising under this subsection shall be applied first. No carryforward credit may be claimed in any tax year ending on or after December 31, 2003.

(k) Research and development credit. For tax years ending after July 1, 1990 and prior to December 31, 2003, and

beginning again for tax years ending on or after December 31, 2004, and ending prior to January 1, 2022, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for increasing research activities in this State. The credit allowed against the tax imposed by subsections (a) and (b) shall be equal to 6 1/2% of the qualifying expenditures for increasing research activities in this State. For partners, shareholders of subchapter S corporations, and owners of limited liability companies, if the liability company is treated as a partnership for purposes of federal and State income taxation, there shall be allowed a credit under this subsection to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and subchapter S of the Internal Revenue Code.

For purposes of this subsection, "qualifying expenditures" means the qualifying expenditures as defined for the federal credit for increasing research activities which would be allowable under Section 41 of the Internal Revenue Code and which are conducted in this State, "qualifying expenditures for increasing research activities in this State" means the excess of qualifying expenditures for the taxable year in which incurred over qualifying expenditures for the base period, "qualifying expenditures for the base period" means the average of the qualifying expenditures for each year in the base period, and "base period" means the 3 taxable years immediately

preceding the taxable year for which the determination is being made.

Any credit in excess of the tax liability for the taxable year may be carried forward. A taxpayer may elect to have the unused credit shown on its final completed return carried over as a credit against the tax liability for the following 5 taxable years or until it has been fully used, whichever occurs first; provided that no credit earned in a tax year ending prior to December 31, 2003 may be carried forward to any year ending on or after December 31, 2003.

If an unused credit is carried forward to a given year from 2 or more earlier years, that credit arising in the earliest year will be applied first against the tax liability for the given year. If a tax liability for the given year still remains, the credit from the next earliest year will then be applied, and so on, until all credits have been used or no tax liability for the given year remains. Any remaining unused credit or credits then will be carried forward to the next following year in which a tax liability is incurred, except that no credit can be carried forward to a year which is more than 5 years after the year in which the expense for which the credit is given was incurred.

No inference shall be drawn from this amendatory Act of the 91st General Assembly in construing this Section for taxable years beginning before January 1, 1999.

It is the intent of the General Assembly that the research

and development credit under this subsection (k) shall apply continuously for all tax years ending on or after December 31, 2004 and ending prior to January 1, 2022, including, but not limited to, the period beginning on January 1, 2016 and ending on the effective date of this amendatory Act of the 100th General Assembly. All actions taken in reliance on the continuation of the credit under this subsection (k) by any taxpayer are hereby validated.

(1) Environmental Remediation Tax Credit.

(i) For tax years ending after December 31, 1997 and on or before December 31, 2001, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for certain amounts paid for unreimbursed eligible remediation costs, as specified in this subsection. For purposes of this Section, "unreimbursed eligible remediation costs" means costs approved by the Illinois Environmental Protection Agency ("Agency") under Section 58.14 of the Environmental Protection Act that were paid in performing environmental remediation at a site for which a No Further Remediation Letter was issued by the Agency and recorded under Section 58.10 of the Environmental Protection Act. The credit must be claimed for the taxable year in which Agency approval of the eligible remediation costs is granted. The credit is not available to any taxpayer if the taxpayer or any related party caused or contributed to, in any material respect, a

release of regulated substances on, in, or under the site that was identified and addressed by the remedial action pursuant to the Site Remediation Program of the Environmental Protection Act. After the Pollution Control Board rules are adopted pursuant to the Illinois Administrative Procedure Act for the administration and enforcement of Section 58.9 of the Environmental Protection Act, determinations as to credit availability for purposes of this Section shall be made consistent with those rules. For purposes of this Section, "taxpayer" includes a person whose tax attributes the taxpayer has succeeded to under Section 381 of the Internal Revenue Code and "related party" includes the persons disallowed a deduction for losses by paragraphs (b), (c), and (f) (1) of Section 267 of the Internal Revenue Code by virtue of being a related taxpayer, as well as any of its partners. The credit allowed against the tax imposed by subsections (a) and (b) shall be equal to 25% of the unreimbursed eligible remediation costs in excess of \$100,000 per site, except that the \$100,000 threshold shall not apply to any site contained in an enterprise zone as determined by the Department of Commerce and Community Affairs (now Department of Commerce and Economic Opportunity). The total credit allowed shall not exceed \$40,000 per year with a maximum total of \$150,000 per site. For partners and shareholders of subchapter S corporations, there shall be

allowed a credit under this subsection to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and subchapter S of the Internal Revenue Code.

(ii) A credit allowed under this subsection that is unused in the year the credit is earned may be carried forward to each of the 5 taxable years following the year for which the credit is first earned until it is used. The term "unused credit" does not include any amounts of unreimbursed eligible remediation costs in excess of the maximum credit per site authorized under paragraph (i). This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability, the earliest credit arising under this subsection shall be applied first. A credit allowed under this subsection may be sold to a buyer as part of a sale of all or part of the remediation site for which the credit was granted. The purchaser of a remediation site and the tax credit shall succeed to the unused credit and remaining carry-forward period of the seller. To perfect the transfer, the assignor shall record the transfer in the chain of title for the site and provide written notice to the Director of the Illinois Department of Revenue of the assignor's intent to sell the remediation site and the amount of the tax credit to be transferred as a portion of

the sale. In no event may a credit be transferred to any taxpayer if the taxpayer or a related party would not be eligible under the provisions of subsection (i).

(iii) For purposes of this Section, the term "site" shall have the same meaning as under Section 58.2 of the Environmental Protection Act.

(m) Education expense credit. Beginning with tax years ending after December 31, 1999, a taxpayer who is the custodian of one or more qualifying pupils shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for qualified education expenses incurred on behalf of the qualifying pupils. The credit shall be equal to 25% of qualified education expenses, but in no event may the total credit under this subsection claimed by a family that is the custodian of qualifying pupils exceed (i) \$500 for tax years ending prior to December 31, 2017, and (ii) \$750 for tax years ending on or after December 31, 2017. In no event shall a credit under this subsection reduce the taxpayer's liability under this Act to less than zero. Notwithstanding any other provision of law, for taxable years beginning on or after January 1, 2017, no taxpayer may claim a credit under this subsection (m) if the taxpayer's adjusted gross income for the taxable year exceeds (i) \$500,000, in the case of spouses filing a joint federal tax return or (ii) \$250,000, in the case of all other taxpayers. This subsection is exempt from the provisions of Section 250 of this Act.

For purposes of this subsection:

"Qualifying pupils" means individuals who (i) are residents of the State of Illinois, (ii) are under the age of 21 at the close of the school year for which a credit is sought, and (iii) during the school year for which a credit is sought were full-time pupils enrolled in a kindergarten through twelfth grade education program at any school, as defined in this subsection.

"Qualified education expense" means the amount incurred on behalf of a qualifying pupil in excess of \$250 for tuition, book fees, and lab fees at the school in which the pupil is enrolled during the regular school year.

"School" means any public or nonpublic elementary or secondary school in Illinois that is in compliance with Title VI of the Civil Rights Act of 1964 and attendance at which satisfies the requirements of Section 26-1 of the School Code, except that nothing shall be construed to require a child to attend any particular public or nonpublic school to qualify for the credit under this Section.

"Custodian" means, with respect to qualifying pupils, an Illinois resident who is a parent, the parents, a legal guardian, or the legal guardians of the qualifying pupils.

(n) River Edge Redevelopment Zone site remediation tax credit.

(i) For tax years ending on or after December 31, 2006, a taxpayer shall be allowed a credit against the tax

imposed by subsections (a) and (b) of this Section for certain amounts paid for unreimbursed eligible remediation costs, as specified in this subsection. For purposes of this Section, "unreimbursed eligible remediation costs" means costs approved by the Illinois Environmental Protection Agency ("Agency") under Section 58.14a of the Environmental Protection Act that were paid in performing environmental remediation at a site within a River Edge Redevelopment Zone for which a No Further Remediation Letter was issued by the Agency and recorded under Section 58.10 of the Environmental Protection Act. The credit must be claimed for the taxable year in which Agency approval of the eligible remediation costs is granted. The credit is not available to any taxpayer if the taxpayer or any related party caused or contributed to, in any material respect, a release of regulated substances on, in, or under the site that was identified and addressed by the remedial action pursuant to the Site Remediation Program of the Environmental Protection Act. Determinations as to credit availability for purposes of this Section shall be made consistent with rules adopted by the Pollution Control Board pursuant to the Illinois Administrative Procedure Act for the administration and enforcement of Section 58.9 of the Environmental Protection Act. For purposes of this Section, "taxpayer" includes a person whose tax attributes the taxpayer has succeeded to under Section 381 of the

Internal Revenue Code and "related party" includes the persons disallowed a deduction for losses by paragraphs (b), (c), and (f)(1) of Section 267 of the Internal Revenue Code by virtue of being a related taxpayer, as well as any of its partners. The credit allowed against the tax imposed by subsections (a) and (b) shall be equal to 25% of the unreimbursed eligible remediation costs in excess of \$100,000 per site.

(ii) A credit allowed under this subsection that is unused in the year the credit is earned may be carried forward to each of the 5 taxable years following the year for which the credit is first earned until it is used. This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability, the earliest credit arising under this subsection shall be applied first. A credit allowed under this subsection may be sold to a buyer as part of a sale of all or part of the remediation site for which the credit was granted. The purchaser of a remediation site and the tax credit shall succeed to the unused credit and remaining carry-forward period of the seller. To perfect the transfer, the assignor shall record the transfer in the chain of title for the site and provide written notice to the Director of the Illinois Department of Revenue of the assignor's intent to sell the remediation site and the

amount of the tax credit to be transferred as a portion of the sale. In no event may a credit be transferred to any taxpayer if the taxpayer or a related party would not be eligible under the provisions of subsection (i).

(iii) For purposes of this Section, the term "site" shall have the same meaning as under Section 58.2 of the Environmental Protection Act.

(o) For each of taxable years during the Compassionate Use of Medical Cannabis Pilot Program, a surcharge is imposed on all taxpayers on income arising from the sale or exchange of capital assets, depreciable business property, real property used in the trade or business, and Section 197 intangibles of an organization registrant under the Compassionate Use of Medical Cannabis Pilot Program Act. The amount of the surcharge is equal to the amount of federal income tax liability for the taxable year attributable to those sales and exchanges. The surcharge imposed does not apply if:

(1) the medical cannabis cultivation center registration, medical cannabis dispensary registration, or the property of a registration is transferred as a result of any of the following:

(A) bankruptcy, a receivership, or a debt adjustment initiated by or against the initial registration or the substantial owners of the initial registration;

(B) cancellation, revocation, or termination of

any registration by the Illinois Department of Public Health;

(C) a determination by the Illinois Department of Public Health that transfer of the registration is in the best interests of Illinois qualifying patients as defined by the Compassionate Use of Medical Cannabis Pilot Program Act;

(D) the death of an owner of the equity interest in a registrant;

(E) the acquisition of a controlling interest in the stock or substantially all of the assets of a publicly traded company;

(F) a transfer by a parent company to a wholly owned subsidiary; or

(G) the transfer or sale to or by one person to another person where both persons were initial owners of the registration when the registration was issued; or

(2) the cannabis cultivation center registration, medical cannabis dispensary registration, or the controlling interest in a registrant's property is transferred in a transaction to lineal descendants in which no gain or loss is recognized or as a result of a transaction in accordance with Section 351 of the Internal Revenue Code in which no gain or loss is recognized.

(b) Capital gains and losses.

(1) Real property. Capital gains and losses from sales or exchanges of real property are allocable to this State if the property is located in this State.

(2) Tangible personal property. Capital gains and losses from sales or exchanges of tangible personal property are allocable to this State if, at the time of such sale or exchange:

(A) The property had its situs in this State; or

(B) The taxpayer had its commercial domicile in this State and was not taxable in the state in which the property had its situs.

(3) Intangibles. Capital gains and losses from sales or

exchanges of intangible personal property are allocable to this State if the taxpayer had its commercial domicile in this State at the time of such sale or exchange.

(c) Rents and royalties.

(1) Real property. Rents and royalties from real property are allocable to this State if the property is located in this State.

(2) Tangible personal property. Rents and royalties from tangible personal property are allocable to this State:

(A) If and to the extent that the property is utilized in this State; or

(B) In their entirety if, at the time such rents or royalties were paid or accrued, the taxpayer had its commercial domicile in this State and was not organized under the laws of or taxable with respect to such rents or royalties in the state in which the property was utilized. The extent of utilization of tangible personal property in a state is determined by multiplying the rents or royalties derived from such property by a fraction, the numerator of which is the number of days of physical location of the property in the state during the rental or royalty period in the taxable year and the denominator of which is the number of days of physical location of the property everywhere during all rental or royalty periods in the taxable

year. If the physical location of the property during the rental or royalty period is unknown or unascertainable by the taxpayer, tangible personal property is utilized in the state in which the property was located at the time the rental or royalty payer obtained possession.

(d) Patent and copyright royalties.

(1) Allocation. Patent and copyright royalties are allocable to this State:

(A) If and to the extent that the patent or copyright is utilized by the payer in this State; or

(B) If and to the extent that the patent or copyright is utilized by the payer in a state in which the taxpayer is not taxable with respect to such royalties and, at the time such royalties were paid or accrued, the taxpayer had its commercial domicile in this State.

If the basis of receipts from patent royalties does not permit allocation to states or if the accounting procedures do not reflect states of utilization, the patent is utilized in this State if

the taxpayer has its commercial domicile in this State.

(B) A copyright is utilized in a state to the extent that printing or other publication originates in the state. If the basis of receipts from copyright royalties does not permit allocation to states or if the accounting procedures do not reflect states of utilization, the copyright is utilized in this State if the taxpayer has its commercial domicile in this State.

(35 ILCS 5/304) (from Ch. 120, par. 3-304)

Sec. 304. Business income of persons other than residents.

(a) In general. The business income of a person other than a resident shall be allocated to this State if such person's business income is derived solely from this State. If a person other than a resident derives business income from this State and one or more other states, then, for tax years ending on or before December 30, 1998, and except as otherwise provided by this Section, such person's business income shall be apportioned to this State by multiplying the income by a fraction, the numerator of which is the sum of the property factor (if any), the payroll factor (if any) and 200% of the

sales factor (if any), and the denominator of which is 4 reduced by the number of factors other than the sales factor which have a denominator of zero and by an additional 2 if the sales factor has a denominator of zero. For tax years ending on or after December 31, 1998, and except as otherwise provided by this Section, persons other than residents who derive business income from this State and one or more other states shall compute their apportionment factor by weighting their property, payroll, and sales factors as provided in subsection (h) of this Section.

(1) Property factor.

(A) The property factor is a fraction, the numerator of which is the average value of the person's real and tangible personal property owned or rented and used in the trade or business in this State during the taxable year and the denominator of which is the average value of all the person's real and tangible personal property owned or rented and used in the trade or business during the taxable year.

(B) Property owned by the person is valued at its original cost. Property rented by the person is valued at 8 times the net annual rental rate. Net annual rental rate is the annual rental rate paid by the person less any annual rental rate received by the person from sub-rentals.

(C) The average value of property shall be determined by averaging the values at the beginning and ending of the

taxable year but the Director may require the averaging of monthly values during the taxable year if reasonably required to reflect properly the average value of the person's property.

(2) Payroll factor.

(A) The payroll factor is a fraction, the numerator of which is the total amount paid in this State during the taxable year by the person for compensation, and the denominator of which is the total compensation paid everywhere during the taxable year.

(B) Compensation is paid in this State if:

(i) The individual's service is performed entirely within this State;

(ii) The individual's service is performed both within and without this State, but the service performed without this State is incidental to the individual's service performed within this State; or

(iii) Some of the service is performed within this State and either the base of operations, or if there is no base of operations, the place from which the service is directed or controlled is within this State, or the base of operations or the place from which the service is directed or controlled is not in any state in which some part of the service is performed, but the individual's residence is in this State.

(iv) Compensation paid to nonresident professional

athletes.

(a) General. The Illinois source income of a nonresident individual who is a member of a professional athletic team includes the portion of the individual's total compensation for services performed as a member of a professional athletic team during the taxable year which the number of duty days spent within this State performing services for the team in any manner during the taxable year bears to the total number of duty days spent both within and without this State during the taxable year.

(b) Travel days. Travel days that do not involve either a game, practice, team meeting, or other similar team event are not considered duty days spent in this State. However, such travel days are considered in the total duty days spent both within and without this State.

(c) Definitions. For purposes of this subpart (iv):

(1) The term "professional athletic team" includes, but is not limited to, any professional baseball, basketball, football, soccer, or hockey team.

(2) The term "member of a professional athletic team" includes those employees who are active players, players on the disabled list, and

any other persons required to travel and who travel with and perform services on behalf of a professional athletic team on a regular basis. This includes, but is not limited to, coaches, managers, and trainers.

(3) Except as provided in items (C) and (D) of this subpart (3), the term "duty days" means all days during the taxable year from the beginning of the professional athletic team's official pre-season training period through the last game in which the team competes or is scheduled to compete. Duty days shall be counted for the year in which they occur, including where a team's official pre-season training period through the last game in which the team competes or is scheduled to compete, occurs during more than one tax year.

(A) Duty days shall also include days on which a member of a professional athletic team performs service for a team on a date that does not fall within the foregoing period (e.g., participation in instructional leagues, the "All Star Game", or promotional "caravans"). Performing a service for a professional athletic team includes conducting training and rehabilitation activities, when such

activities are conducted at team facilities.

(B) Also included in duty days are game days, practice days, days spent at team meetings, promotional caravans, preseason training camps, and days served with the team through all post-season games in which the team competes or is scheduled to compete.

(C) Duty days for any person who joins a team during the period from the beginning of the professional athletic team's official pre-season training period through the last game in which the team competes, or is scheduled to compete, shall begin on the day that person joins the team. Conversely, duty days for any person who leaves a team during this period shall end on the day that person leaves the team. Where a person switches teams during a taxable year, a separate duty-day calculation shall be made for the period the person was with each team.

(D) Days for which a member of a professional athletic team is not compensated and is not performing services for the team in any manner, including days when such member of a professional athletic team has been suspended without pay and prohibited from

performing any services for the team, shall not be treated as duty days.

(E) Days for which a member of a professional athletic team is on the disabled list and does not conduct rehabilitation activities at facilities of the team, and is not otherwise performing services for the team in Illinois, shall not be considered duty days spent in this State. All days on the disabled list, however, are considered to be included in total duty days spent both within and without this State.

(4) The term "total compensation for services performed as a member of a professional athletic team" means the total compensation received during the taxable year for services performed:

(A) from the beginning of the official pre-season training period through the last game in which the team competes or is scheduled to compete during that taxable year; and

(B) during the taxable year on a date which does not fall within the foregoing period (e.g., participation in instructional leagues, the "All Star Game", or promotional caravans).

This compensation shall include, but is not limited to, salaries, wages, bonuses as described

in this subpart, and any other type of compensation paid during the taxable year to a member of a professional athletic team for services performed in that year. This compensation does not include strike benefits, severance pay, termination pay, contract or option year buy-out payments, expansion or relocation payments, or any other payments not related to services performed for the team.

For purposes of this subparagraph, "bonuses" included in "total compensation for services performed as a member of a professional athletic team" subject to the allocation described in Section 302(c)(1) are: bonuses earned as a result of play (i.e., performance bonuses) during the season, including bonuses paid for championship, playoff or "bowl" games played by a team, or for selection to all-star league or other honorary positions; and bonuses paid for signing a contract, unless the payment of the signing bonus is not conditional upon the signee playing any games for the team or performing any subsequent services for the team or even making the team, the signing bonus is payable separately from the salary and any other compensation, and the signing bonus is nonrefundable.

(3) Sales factor.

(A) The sales factor is a fraction, the numerator of which is the total sales of the person in this State during the taxable year, and the denominator of which is the total sales of the person everywhere during the taxable year.

(B) Sales of tangible personal property are in this State if:

(i) The property is delivered or shipped to a purchaser, other than the United States government, within this State regardless of the f. o. b. point or other conditions of the sale; or

(ii) The property is shipped from an office, store, warehouse, factory or other place of storage in this State and either the purchaser is the United States government or the person is not taxable in the state of the purchaser; provided, however, that premises owned or leased by a person who has independently contracted with the seller for the printing of newspapers, periodicals or books shall not be deemed to be an office, store, warehouse, factory or other place of storage for purposes of this Section. Sales of tangible personal property are not in this State if the seller and purchaser would be members of the same unitary business group but for the fact that either the seller or purchaser is a person with 80% or more of total business activity outside of the United States and the

property is purchased for resale.

(B-1) Patents, copyrights, trademarks, and similar items of intangible personal property.

(i) Gross receipts from the licensing, sale, or other disposition of a patent, copyright, trademark, or similar item of intangible personal property, other than gross receipts governed by paragraph (B-7) of this item (3), are in this State to the extent the item is utilized in this State during the year the gross receipts are included in gross income.

(ii) Place of utilization.

(I) A patent is utilized in a state to the extent that it is employed in production, fabrication, manufacturing, or other processing in the state or to the extent that a patented product is produced in the state. If a patent is utilized in more than one state, the extent to which it is utilized in any one state shall be a fraction equal to the gross receipts of the licensee or purchaser from sales or leases of items produced, fabricated, manufactured, or processed within that state using the patent and of patented items produced within that state, divided by the total of such gross receipts for all states in which the patent is utilized.

(II) A copyright is utilized in a state to the

extent that printing or other publication originates in the state. If a copyright is utilized in more than one state, the extent to which it is utilized in any one state shall be a fraction equal to the gross receipts from sales or licenses of materials printed or published in that state divided by the total of such gross receipts for all states in which the copyright is utilized.

(III) Trademarks and other items of intangible personal property governed by this paragraph (B-1) are utilized in the state in which the commercial domicile of the licensee or purchaser is located.

(iii) If the state of utilization of an item of property governed by this paragraph (B-1) cannot be determined from the taxpayer's books and records or from the books and records of any person related to the taxpayer within the meaning of Section 267(b) of the Internal Revenue Code, 26 U.S.C. 267, the gross receipts attributable to that item shall be excluded from both the numerator and the denominator of the sales factor.

(B-2) Gross receipts from the license, sale, or other disposition of patents, copyrights, trademarks, and similar items of intangible personal property, other than gross receipts governed by paragraph (B-7) of this item (3), may be included in the numerator or denominator of the

sales factor only if gross receipts from licenses, sales, or other disposition of such items comprise more than 50% of the taxpayer's total gross receipts included in gross income during the tax year and during each of the 2 immediately preceding tax years; provided that, when a taxpayer is a member of a unitary business group, such determination shall be made on the basis of the gross receipts of the entire unitary business group.

(B-5) For taxable years ending on or after December 31, 2008, except as provided in subsections (ii) through (vii), receipts from the sale of telecommunications service or mobile telecommunications service are in this State if the customer's service address is in this State.

(i) For purposes of this subparagraph (B-5), the following terms have the following meanings:

"Ancillary services" means services that are associated with or incidental to the provision of "telecommunications services", including but not limited to "detailed telecommunications billing", "directory assistance", "vertical service", and "voice mail services".

"Air-to-Ground Radiotelephone service" means a radio service, as that term is defined in 47 CFR 22.99, in which common carriers are authorized to offer and provide radio telecommunications service for hire to subscribers in aircraft.

"Call-by-call Basis" means any method of charging for telecommunications services where the price is measured by individual calls.

"Communications Channel" means a physical or virtual path of communications over which signals are transmitted between or among customer channel termination points.

"Conference bridging service" means an "ancillary service" that links two or more participants of an audio or video conference call and may include the provision of a telephone number. "Conference bridging service" does not include the "telecommunications services" used to reach the conference bridge.

"Detailed telecommunications billing service" means an "ancillary service" of separately stating information pertaining to individual calls on a customer's billing statement.

"Home service provider" means the facilities based carrier or reseller with which the customer contracts for the provision of mobile telecommunications

services.

"Mobile telecommunications service" means commercial mobile radio service, as defined in Section 20.3 of Title 47 of the Code of Federal Regulations as in effect on June 1, 1999.

"Place of primary use" means the street address representative of where the customer's use of the telecommunications service primarily occurs, which must be the residential street address or the primary business street address of the customer. In the case of mobile telecommunications services, "place of primary use" must be within the licensed service area of the home service provider.

"Post-paid telecommunication service" means the telecommunications service obtained by making a payment on a call-by-call basis either through the use of a credit card or payment mechanism such as a bank card, travel card, credit card, or debit card, or by charge made to a telephone number which is not associated with the origination or termination of the telecommunications service. A post-paid calling service includes telecommunications service, except a prepaid wireless calling service, that would be a prepaid calling service except it is not exclusively a telecommunication service.

"Prepaid telecommunication service" means the

right to access exclusively telecommunications services, which must be paid for in advance and which enables the origination of calls using an access number or authorization code, whether manually or electronically dialed, and that is sold in predetermined units or dollars of which the number declines with use in a known amount.

"Prepaid Mobile telecommunication service" means a telecommunications service that provides the right to utilize mobile wireless service as well as other non-telecommunication services, including but not limited to ancillary services, which must be paid for in advance that is sold in predetermined units or dollars of which the number declines with use in a known amount.

"Private communication service" means a telecommunication service that entitles the customer to exclusive or priority use of a communications channel or group of channels between or among termination points, regardless of the manner in which such channel or channels are connected, and includes switching capacity, extension lines, stations, and any other associated services that are provided in connection with the use of such channel or channels.

"Service address" means:

- (a) The location of the telecommunications

equipment to which a customer's call is charged and from which the call originates or terminates, regardless of where the call is billed or paid;

(b) If the location in line (a) is not known, service address means the origination point of the signal of the telecommunications services first identified by either the seller's telecommunications system or in information received by the seller from its service provider where the system used to transport such signals is not that of the seller; and

(c) If the locations in line (a) and line (b) are not known, the service address means the location of the customer's place of primary use.

"Telecommunications service" means the electronic transmission, conveyance, or routing of voice, data, audio, video, or any other information or signals to a point, or between or among points. The term "telecommunications service" includes such transmission, conveyance, or routing in which computer processing applications are used to act on the form, code or protocol of the content for purposes of transmission, conveyance or routing without regard to whether such service is referred to as voice over Internet protocol services or is classified by the Federal Communications Commission as enhanced or value

added. "Telecommunications service" does not include:

(a) Data processing and information services that allow data to be generated, acquired, stored, processed, or retrieved and delivered by an electronic transmission to a purchaser when such purchaser's primary purpose for the underlying transaction is the processed data or information;

(b) Installation or maintenance of wiring or equipment on a customer's premises;

(c) Tangible personal property;

(d) Advertising, including but not limited to directory advertising;

(e) Billing and collection services provided to third parties;

(f) Internet access service;

(g) Radio and television audio and video programming services, regardless of the medium, including the furnishing of transmission, conveyance and routing of such services by the programming service provider. Radio and television audio and video programming services shall include but not be limited to cable service as defined in 47 USC 522(6) and audio and video programming services delivered by commercial mobile radio service providers, as defined in 47 CFR 20.3;

(h) "Ancillary services"; or

(i) Digital products "delivered electronically", including but not limited to software, music, video, reading materials or ring tones.

"Vertical service" means an "ancillary service" that is offered in connection with one or more "telecommunications services", which offers advanced calling features that allow customers to identify callers and to manage multiple calls and call connections, including "conference bridging services".

"Voice mail service" means an "ancillary service" that enables the customer to store, send or receive recorded messages. "Voice mail service" does not include any "vertical services" that the customer may be required to have in order to utilize the "voice mail service".

(ii) Receipts from the sale of telecommunications service sold on an individual call-by-call basis are in this State if either of the following applies:

(a) The call both originates and terminates in this State.

(b) The call either originates or terminates in this State and the service address is located in this State.

(iii) Receipts from the sale of postpaid telecommunications service at retail are in this State

if the origination point of the telecommunication signal, as first identified by the service provider's telecommunication system or as identified by information received by the seller from its service provider if the system used to transport telecommunication signals is not the seller's, is located in this State.

(iv) Receipts from the sale of prepaid telecommunications service or prepaid mobile telecommunications service at retail are in this State if the purchaser obtains the prepaid card or similar means of conveyance at a location in this State. Receipts from recharging a prepaid telecommunications service or mobile telecommunications service is in this State if the purchaser's billing information indicates a location in this State.

(v) Receipts from the sale of private communication services are in this State as follows:

(a) 100% of receipts from charges imposed at each channel termination point in this State.

(b) 100% of receipts from charges for the total channel mileage between each channel termination point in this State.

(c) 50% of the total receipts from charges for service segments when those segments are between 2 customer channel termination points, 1 of which is

located in this State and the other is located outside of this State, which segments are separately charged.

(d) The receipts from charges for service segments with a channel termination point located in this State and in two or more other states, and which segments are not separately billed, are in this State based on a percentage determined by dividing the number of customer channel termination points in this State by the total number of customer channel termination points.

(vi) Receipts from charges for ancillary services for telecommunications service sold to customers at retail are in this State if the customer's primary place of use of telecommunications services associated with those ancillary services is in this State. If the seller of those ancillary services cannot determine where the associated telecommunications are located, then the ancillary services shall be based on the location of the purchaser.

(vii) Receipts to access a carrier's network or from the sale of telecommunication services or ancillary services for resale are in this State as follows:

(a) 100% of the receipts from access fees attributable to intrastate telecommunications

service that both originates and terminates in this State.

(b) 50% of the receipts from access fees attributable to interstate telecommunications service if the interstate call either originates or terminates in this State.

(c) 100% of the receipts from interstate end user access line charges, if the customer's service address is in this State. As used in this subdivision, "interstate end user access line charges" includes, but is not limited to, the surcharge approved by the federal communications commission and levied pursuant to 47 CFR 69.

(d) Gross receipts from sales of telecommunication services or from ancillary services for telecommunications services sold to other telecommunication service providers for resale shall be sourced to this State using the apportionment concepts used for non-resale receipts of telecommunications services if the information is readily available to make that determination. If the information is not readily available, then the taxpayer may use any other reasonable and consistent method.

(B-7) For taxable years ending on or after December 31, 2008, receipts from the sale of broadcasting services are

in this State if the broadcasting services are received in this State. For purposes of this paragraph (B-7), the following terms have the following meanings:

"Advertising revenue" means consideration received by the taxpayer in exchange for broadcasting services or allowing the broadcasting of commercials or announcements in connection with the broadcasting of film or radio programming, from sponsorships of the programming, or from product placements in the programming.

"Audience factor" means the ratio that the audience or subscribers located in this State of a station, a network, or a cable system bears to the total audience or total subscribers for that station, network, or cable system. The audience factor for film or radio programming shall be determined by reference to the books and records of the taxpayer or by reference to published rating statistics provided the method used by the taxpayer is consistently used from year to year for this purpose and fairly represents the taxpayer's activity in this State.

"Broadcast" or "broadcasting" or "broadcasting services" means the transmission or provision of film or radio programming, whether through the public airwaves, by cable, by direct or indirect satellite transmission, or by any other means of communication,

either through a station, a network, or a cable system.

"Film" or "film programming" means the broadcast on television of any and all performances, events, or productions, including but not limited to news, sporting events, plays, stories, or other literary, commercial, educational, or artistic works, either live or through the use of video tape, disc, or any other type of format or medium. Each episode of a series of films produced for television shall constitute separate "film" notwithstanding that the series relates to the same principal subject and is produced during one or more tax periods.

"Radio" or "radio programming" means the broadcast on radio of any and all performances, events, or productions, including but not limited to news, sporting events, plays, stories, or other literary, commercial, educational, or artistic works, either live or through the use of an audio tape, disc, or any other format or medium. Each episode in a series of radio programming produced for radio broadcast shall constitute a separate "radio programming" notwithstanding that the series relates to the same principal subject and is produced during one or more tax periods.

(i) In the case of advertising revenue from broadcasting, the customer is the advertiser and

the service is received in this State if the commercial domicile of the advertiser is in this State.

(ii) In the case where film or radio programming is broadcast by a station, a network, or a cable system for a fee or other remuneration received from the recipient of the broadcast, the portion of the service that is received in this State is measured by the portion of the recipients of the broadcast located in this State. Accordingly, the fee or other remuneration for such service that is included in the Illinois numerator of the sales factor is the total of those fees or other remuneration received from recipients in Illinois. For purposes of this paragraph, a taxpayer may determine the location of the recipients of its broadcast using the address of the recipient shown in its contracts with the recipient or using the billing address of the recipient in the taxpayer's records.

(iii) In the case where film or radio programming is broadcast by a station, a network, or a cable system for a fee or other remuneration from the person providing the programming, the portion of the broadcast service that is received by such station, network, or cable system in this

State is measured by the portion of recipients of the broadcast located in this State. Accordingly, the amount of revenue related to such an arrangement that is included in the Illinois numerator of the sales factor is the total fee or other total remuneration from the person providing the programming related to that broadcast multiplied by the Illinois audience factor for that broadcast.

(iv) In the case where film or radio programming is provided by a taxpayer that is a network or station to a customer for broadcast in exchange for a fee or other remuneration from that customer the broadcasting service is received at the location of the office of the customer from which the services were ordered in the regular course of the customer's trade or business. Accordingly, in such a case the revenue derived by the taxpayer that is included in the taxpayer's Illinois numerator of the sales factor is the revenue from such customers who receive the broadcasting service in Illinois.

(v) In the case where film or radio programming is provided by a taxpayer that is not a network or station to another person for broadcasting in exchange for a fee or other remuneration from that

person, the broadcasting service is received at the location of the office of the customer from which the services were ordered in the regular course of the customer's trade or business. Accordingly, in such a case the revenue derived by the taxpayer that is included in the taxpayer's Illinois numerator of the sales factor is the revenue from such customers who receive the broadcasting service in Illinois.

(B-8) Gross receipts from winnings under the Illinois Lottery Law from the assignment of a prize under Section 13.1 of the Illinois Lottery Law are received in this State. This paragraph (B-8) applies only to taxable years ending on or after December 31, 2013.

(B-9) For taxable years ending on or after December 31, 2019, gross receipts from winnings from pari-mutuel wagering conducted at a wagering facility licensed under the Illinois Horse Racing Act of 1975 or from winnings from gambling games conducted on a riverboat or in a casino or organization gaming facility licensed under the Illinois Gambling Act are in this State.

(C) For taxable years ending before December 31, 2008, sales, other than sales governed by paragraphs (B), (B-1), (B-2), and (B-8) are in this State if:

(i) The income-producing activity is performed in this State; or

(ii) The income-producing activity is performed both within and without this State and a greater proportion of the income-producing activity is performed within this State than without this State, based on performance costs.

(C-5) For taxable years ending on or after December 31, 2008, sales, other than sales governed by paragraphs (B), (B-1), (B-2), (B-5), and (B-7), are in this State if any of the following criteria are met:

(i) Sales from the sale or lease of real property are in this State if the property is located in this State.

(ii) Sales from the lease or rental of tangible personal property are in this State if the property is located in this State during the rental period. Sales from the lease or rental of tangible personal property that is characteristically moving property, including, but not limited to, motor vehicles, rolling stock, aircraft, vessels, or mobile equipment are in this State to the extent that the property is used in this State.

(iii) In the case of interest, net gains (but not less than zero) and other items of income from intangible personal property, the sale is in this State if:

(a) in the case of a taxpayer who is a dealer

in the item of intangible personal property within the meaning of Section 475 of the Internal Revenue Code, the income or gain is received from a customer in this State. For purposes of this subparagraph, a customer is in this State if the customer is an individual, trust or estate who is a resident of this State and, for all other customers, if the customer's commercial domicile is in this State. Unless the dealer has actual knowledge of the residence or commercial domicile of a customer during a taxable year, the customer shall be deemed to be a customer in this State if the billing address of the customer, as shown in the records of the dealer, is in this State; or

(b) in all other cases, if the income-producing activity of the taxpayer is performed in this State or, if the income-producing activity of the taxpayer is performed both within and without this State, if a greater proportion of the income-producing activity of the taxpayer is performed within this State than in any other state, based on performance costs.

(iv) Sales of services are in this State if the services are received in this State. For the purposes of this section, gross receipts from the performance of

services provided to a corporation, partnership, or trust may only be attributed to a state where that corporation, partnership, or trust has a fixed place of business. If the state where the services are received is not readily determinable or is a state where the corporation, partnership, or trust receiving the service does not have a fixed place of business, the services shall be deemed to be received at the location of the office of the customer from which the services were ordered in the regular course of the customer's trade or business. If the ordering office cannot be determined, the services shall be deemed to be received at the office of the customer to which the services are billed. If the taxpayer is not taxable in the state in which the services are received, the sale must be excluded from both the numerator and the denominator of the sales factor. The Department shall adopt rules prescribing where specific types of service are received, including, but not limited to, publishing, and utility service.

(D) For taxable years ending on or after December 31, 1995, the following items of income shall not be included in the numerator or denominator of the sales factor: dividends; amounts included under Section 78 of the Internal Revenue Code; and Subpart F income as defined in Section 952 of the Internal Revenue Code. No inference

shall be drawn from the enactment of this paragraph (D) in construing this Section for taxable years ending before December 31, 1995.

(E) Paragraphs (B-1) and (B-2) shall apply to tax years ending on or after December 31, 1999, provided that a taxpayer may elect to apply the provisions of these paragraphs to prior tax years. Such election shall be made in the form and manner prescribed by the Department, shall be irrevocable, and shall apply to all tax years; provided that, if a taxpayer's Illinois income tax liability for any tax year, as assessed under Section 903 prior to January 1, 1999, was computed in a manner contrary to the provisions of paragraphs (B-1) or (B-2), no refund shall be payable to the taxpayer for that tax year to the extent such refund is the result of applying the provisions of paragraph (B-1) or (B-2) retroactively. In the case of a unitary business group, such election shall apply to all members of such group for every tax year such group is in existence, but shall not apply to any taxpayer for any period during which that taxpayer is not a member of such group.

(b) Insurance companies.

(1) In general. Except as otherwise provided by paragraph (2), business income of an insurance company for a taxable year shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is the direct premiums written for insurance upon

property or risk in this State, and the denominator of which is the direct premiums written for insurance upon property or risk everywhere. For purposes of this subsection, the term "direct premiums written" means the total amount of direct premiums written, assessments and annuity considerations as reported for the taxable year on the annual statement filed by the company with the Illinois Director of Insurance in the form approved by the National Convention of Insurance Commissioners or such other form as may be prescribed in lieu thereof.

(2) Reinsurance. If the principal source of premiums written by an insurance company consists of premiums for reinsurance accepted by it, the business income of such company shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is the sum of (i) direct premiums written for insurance upon property or risk in this State, plus (ii) premiums written for reinsurance accepted in respect of property or risk in this State, and the denominator of which is the sum of (iii) direct premiums written for insurance upon property or risk everywhere, plus (iv) premiums written for reinsurance accepted in respect of property or risk everywhere. For purposes of this paragraph, premiums written for reinsurance accepted in respect of property or risk in this State, whether or not otherwise determinable, may, at the election of the company, be determined on the

basis of the proportion which premiums written for reinsurance accepted from companies commercially domiciled in Illinois bears to premiums written for reinsurance accepted from all sources, or, alternatively, in the proportion which the sum of the direct premiums written for insurance upon property or risk in this State by each ceding company from which reinsurance is accepted bears to the sum of the total direct premiums written by each such ceding company for the taxable year. The election made by a company under this paragraph for its first taxable year ending on or after December 31, 2011, shall be binding for that company for that taxable year and for all subsequent taxable years, and may be altered only with the written permission of the Department, which shall not be unreasonably withheld.

(c) Financial organizations.

(1) In general. For taxable years ending before December 31, 2008, business income of a financial organization shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is its business income from sources within this State, and the denominator of which is its business income from all sources. For the purposes of this subsection, the business income of a financial organization from sources within this State is the sum of the amounts referred to in subparagraphs (A) through (E) following, but excluding the

adjusted income of an international banking facility as determined in paragraph (2):

(A) Fees, commissions or other compensation for financial services rendered within this State;

(B) Gross profits from trading in stocks, bonds or other securities managed within this State;

(C) Dividends, and interest from Illinois customers, which are received within this State;

(D) Interest charged to customers at places of business maintained within this State for carrying debit balances of margin accounts, without deduction of any costs incurred in carrying such accounts; and

(E) Any other gross income resulting from the operation as a financial organization within this State. In computing the amounts referred to in paragraphs (A) through (E) of this subsection, any amount received by a member of an affiliated group (determined under Section 1504(a) of the Internal Revenue Code but without reference to whether any such corporation is an "includible corporation" under Section 1504(b) of the Internal Revenue Code) from another member of such group shall be included only to the extent such amount exceeds expenses of the recipient directly related thereto.

(2) International Banking Facility. For taxable years ending before December 31, 2008:

(A) Adjusted Income. The adjusted income of an international banking facility is its income reduced by the amount of the floor amount.

(B) Floor Amount. The floor amount shall be the amount, if any, determined by multiplying the income of the international banking facility by a fraction, not greater than one, which is determined as follows:

(i) The numerator shall be:

The average aggregate, determined on a quarterly basis, of the financial organization's loans to banks in foreign countries, to foreign domiciled borrowers (except where secured primarily by real estate) and to foreign governments and other foreign official institutions, as reported for its branches, agencies and offices within the state on its "Consolidated Report of Condition", Schedule A, Lines 2.c., 5.b., and 7.a., which was filed with the Federal Deposit Insurance Corporation and other regulatory authorities, for the year 1980, minus

The average aggregate, determined on a quarterly basis, of such loans (other than loans of an international banking facility), as reported by the financial institution for its branches, agencies and offices within the state, on the

corresponding Schedule and lines of the Consolidated Report of Condition for the current taxable year, provided, however, that in no case shall the amount determined in this clause (the subtrahend) exceed the amount determined in the preceding clause (the minuend); and

(ii) the denominator shall be the average aggregate, determined on a quarterly basis, of the international banking facility's loans to banks in foreign countries, to foreign domiciled borrowers (except where secured primarily by real estate) and to foreign governments and other foreign official institutions, which were recorded in its financial accounts for the current taxable year.

(C) Change to Consolidated Report of Condition and in Qualification. In the event the Consolidated Report of Condition which is filed with the Federal Deposit Insurance Corporation and other regulatory authorities is altered so that the information required for determining the floor amount is not found on Schedule A, lines 2.c., 5.b. and 7.a., the financial institution shall notify the Department and the Department may, by regulations or otherwise, prescribe or authorize the use of an alternative source for such information. The financial institution shall also notify the Department should its international banking facility fail to

qualify as such, in whole or in part, or should there be any amendment or change to the Consolidated Report of Condition, as originally filed, to the extent such amendment or change alters the information used in determining the floor amount.

(3) For taxable years ending on or after December 31, 2008, the business income of a financial organization shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is its gross receipts from sources in this State or otherwise attributable to this State's marketplace and the denominator of which is its gross receipts everywhere during the taxable year. "Gross receipts" for purposes of this subparagraph (3) means gross income, including net taxable gain on disposition of assets, including securities and money market instruments, when derived from transactions and activities in the regular course of the financial organization's trade or business. The following examples are illustrative:

(i) Receipts from the lease or rental of real or tangible personal property are in this State if the property is located in this State during the rental period. Receipts from the lease or rental of tangible personal property that is characteristically moving property, including, but not limited to, motor vehicles, rolling stock, aircraft, vessels, or mobile

equipment are from sources in this State to the extent that the property is used in this State.

(ii) Interest income, commissions, fees, gains on disposition, and other receipts from assets in the nature of loans that are secured primarily by real estate or tangible personal property are from sources in this State if the security is located in this State.

(iii) Interest income, commissions, fees, gains on disposition, and other receipts from consumer loans that are not secured by real or tangible personal property are from sources in this State if the debtor is a resident of this State.

(iv) Interest income, commissions, fees, gains on disposition, and other receipts from commercial loans and installment obligations that are not secured by real or tangible personal property are from sources in this State if the proceeds of the loan are to be applied in this State. If it cannot be determined where the funds are to be applied, the income and receipts are from sources in this State if the office of the borrower from which the loan was negotiated in the regular course of business is located in this State. If the location of this office cannot be determined, the income and receipts shall be excluded from the numerator and denominator of the sales factor.

(v) Interest income, fees, gains on disposition,

service charges, merchant discount income, and other receipts from credit card receivables are from sources in this State if the card charges are regularly billed to a customer in this State.

(vi) Receipts from the performance of services, including, but not limited to, fiduciary, advisory, and brokerage services, are in this State if the services are received in this State within the meaning of subparagraph (a) (3) (C-5) (iv) of this Section.

(vii) Receipts from the issuance of travelers checks and money orders are from sources in this State if the checks and money orders are issued from a location within this State.

(viii) Receipts from investment assets and activities and trading assets and activities are included in the receipts factor as follows:

(1) Interest, dividends, net gains (but not less than zero) and other income from investment assets and activities from trading assets and activities shall be included in the receipts factor. Investment assets and activities and trading assets and activities include but are not limited to: investment securities; trading account assets; federal funds; securities purchased and sold under agreements to resell or repurchase; options; futures contracts; forward contracts;

notional principal contracts such as swaps; equities; and foreign currency transactions. With respect to the investment and trading assets and activities described in subparagraphs (A) and (B) of this paragraph, the receipts factor shall include the amounts described in such subparagraphs.

(A) The receipts factor shall include the amount by which interest from federal funds sold and securities purchased under resale agreements exceeds interest expense on federal funds purchased and securities sold under repurchase agreements.

(B) The receipts factor shall include the amount by which interest, dividends, gains and other income from trading assets and activities, including but not limited to assets and activities in the matched book, in the arbitrage book, and foreign currency transactions, exceed amounts paid in lieu of interest, amounts paid in lieu of dividends, and losses from such assets and activities.

(2) The numerator of the receipts factor includes interest, dividends, net gains (but not less than zero), and other income from investment assets and activities and from trading assets and

activities described in paragraph (1) of this subsection that are attributable to this State.

(A) The amount of interest, dividends, net gains (but not less than zero), and other income from investment assets and activities in the investment account to be attributed to this State and included in the numerator is determined by multiplying all such income from such assets and activities by a fraction, the numerator of which is the gross income from such assets and activities which are properly assigned to a fixed place of business of the taxpayer within this State and the denominator of which is the gross income from all such assets and activities.

(B) The amount of interest from federal funds sold and purchased and from securities purchased under resale agreements and securities sold under repurchase agreements attributable to this State and included in the numerator is determined by multiplying the amount described in subparagraph (A) of paragraph (1) of this subsection from such funds and such securities by a fraction, the numerator of which is the gross income from such funds and such securities which are

properly assigned to a fixed place of business of the taxpayer within this State and the denominator of which is the gross income from all such funds and such securities.

(C) The amount of interest, dividends, gains, and other income from trading assets and activities, including but not limited to assets and activities in the matched book, in the arbitrage book and foreign currency transactions (but excluding amounts described in subparagraphs (A) or (B) of this paragraph), attributable to this State and included in the numerator is determined by multiplying the amount described in subparagraph (B) of paragraph (1) of this subsection by a fraction, the numerator of which is the gross income from such trading assets and activities which are properly assigned to a fixed place of business of the taxpayer within this State and the denominator of which is the gross income from all such assets and activities.

(D) Properly assigned, for purposes of this paragraph (2) of this subsection, means the investment or trading asset or activity is assigned to the fixed place of business with which it has a preponderance of substantive

contacts. An investment or trading asset or activity assigned by the taxpayer to a fixed place of business without the State shall be presumed to have been properly assigned if:

(i) the taxpayer has assigned, in the regular course of its business, such asset or activity on its records to a fixed place of business consistent with federal or state regulatory requirements;

(ii) such assignment on its records is based upon substantive contacts of the asset or activity to such fixed place of business; and

(iii) the taxpayer uses such records reflecting assignment of such assets or activities for the filing of all state and local tax returns for which an assignment of such assets or activities to a fixed place of business is required.

(E) The presumption of proper assignment of an investment or trading asset or activity provided in subparagraph (D) of paragraph (2) of this subsection may be rebutted upon a showing by the Department, supported by a preponderance of the evidence, that the preponderance of substantive contacts

regarding such asset or activity did not occur at the fixed place of business to which it was assigned on the taxpayer's records. If the fixed place of business that has a preponderance of substantive contacts cannot be determined for an investment or trading asset or activity to which the presumption in subparagraph (D) of paragraph (2) of this subsection does not apply or with respect to which that presumption has been rebutted, that asset or activity is properly assigned to the state in which the taxpayer's commercial domicile is located. For purposes of this subparagraph (E), it shall be presumed, subject to rebuttal, that taxpayer's commercial domicile is in the state of the United States or the District of Columbia to which the greatest number of employees are regularly connected with the management of the investment or trading income or out of which they are working, irrespective of where the services of such employees are performed, as of the last day of the taxable year.

(4) (Blank).

(5) (Blank).

(c-1) Federally regulated exchanges. For taxable years

ending on or after December 31, 2012, business income of a federally regulated exchange shall, at the option of the federally regulated exchange, be apportioned to this State by multiplying such income by a fraction, the numerator of which is its business income from sources within this State, and the denominator of which is its business income from all sources. For purposes of this subsection, the business income within this State of a federally regulated exchange is the sum of the following:

(1) Receipts attributable to transactions executed on a physical trading floor if that physical trading floor is located in this State.

(2) Receipts attributable to all other matching, execution, or clearing transactions, including without limitation receipts from the provision of matching, execution, or clearing services to another entity, multiplied by (i) for taxable years ending on or after December 31, 2012 but before December 31, 2013, 63.77%; and (ii) for taxable years ending on or after December 31, 2013, 27.54%.

(3) All other receipts not governed by subparagraphs (1) or (2) of this subsection (c-1), to the extent the receipts would be characterized as "sales in this State" under item (3) of subsection (a) of this Section.

"Federally regulated exchange" means (i) a "registered entity" within the meaning of 7 U.S.C. Section 1a(40) (A), (B),

or (C), (ii) an "exchange" or "clearing agency" within the meaning of 15 U.S.C. Section 78c (a) (1) or (23), (iii) any such entities regulated under any successor regulatory structure to the foregoing, and (iv) all taxpayers who are members of the same unitary business group as a federally regulated exchange, determined without regard to the prohibition in Section 1501(a) (27) of this Act against including in a unitary business group taxpayers who are ordinarily required to apportion business income under different subsections of this Section; provided that this subparagraph (iv) shall apply only if 50% or more of the business receipts of the unitary business group determined by application of this subparagraph (iv) for the taxable year are attributable to the matching, execution, or clearing of transactions conducted by an entity described in subparagraph (i), (ii), or (iii) of this paragraph.

In no event shall the Illinois apportionment percentage computed in accordance with this subsection (c-1) for any taxpayer for any tax year be less than the Illinois apportionment percentage computed under this subsection (c-1) for that taxpayer for the first full tax year ending on or after December 31, 2013 for which this subsection (c-1) applied to the taxpayer.

(d) Transportation services. For taxable years ending before December 31, 2008, business income derived from furnishing transportation services shall be apportioned to this State in accordance with paragraphs (1) and (2):

(1) Such business income (other than that derived from transportation by pipeline) shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is the revenue miles of the person in this State, and the denominator of which is the revenue miles of the person everywhere. For purposes of this paragraph, a revenue mile is the transportation of 1 passenger or 1 net ton of freight the distance of 1 mile for a consideration. Where a person is engaged in the transportation of both passengers and freight, the fraction above referred to shall be determined by means of an average of the passenger revenue mile fraction and the freight revenue mile fraction, weighted to reflect the person's

(A) relative railway operating income from total passenger and total freight service, as reported to the Interstate Commerce Commission, in the case of transportation by railroad, and

(B) relative gross receipts from passenger and freight transportation, in case of transportation other than by railroad.

(2) Such business income derived from transportation by pipeline shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is the revenue miles of the person in this State, and the denominator of which is the revenue miles of the person

everywhere. For the purposes of this paragraph, a revenue mile is the transportation by pipeline of 1 barrel of oil, 1,000 cubic feet of gas, or of any specified quantity of any other substance, the distance of 1 mile for a consideration.

(3) For taxable years ending on or after December 31, 2008, business income derived from providing transportation services other than airline services shall be apportioned to this State by using a fraction, (a) the numerator of which shall be (i) all receipts from any movement or shipment of people, goods, mail, oil, gas, or any other substance (other than by airline) that both originates and terminates in this State, plus (ii) that portion of the person's gross receipts from movements or shipments of people, goods, mail, oil, gas, or any other substance (other than by airline) that originates in one state or jurisdiction and terminates in another state or jurisdiction, that is determined by the ratio that the miles traveled in this State bears to total miles everywhere and (b) the denominator of which shall be all revenue derived from the movement or shipment of people, goods, mail, oil, gas, or any other substance (other than by airline). Where a taxpayer is engaged in the transportation of both passengers and freight, the fraction above referred to shall first be determined separately for passenger miles and freight miles. Then an

average of the passenger miles fraction and the freight miles fraction shall be weighted to reflect the taxpayer's:

(A) relative railway operating income from total passenger and total freight service, as reported to the Surface Transportation Board, in the case of transportation by railroad; and

(B) relative gross receipts from passenger and freight transportation, in case of transportation other than by railroad.

(4) For taxable years ending on or after December 31, 2008, business income derived from furnishing airline transportation services shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is the revenue miles of the person in this State, and the denominator of which is the revenue miles of the person everywhere. For purposes of this paragraph, a revenue mile is the transportation of one passenger or one net ton of freight the distance of one mile for a consideration. If a person is engaged in the transportation of both passengers and freight, the fraction above referred to shall be determined by means of an average of the passenger revenue mile fraction and the freight revenue mile fraction, weighted to reflect the person's relative gross receipts from passenger and freight airline transportation.

(e) Combined apportionment. Where 2 or more persons are engaged in a unitary business as described in subsection

(a) (27) of Section 1501, a part of which is conducted in this State by one or more members of the group, the business income attributable to this State by any such member or members shall be apportioned by means of the combined apportionment method.

(f) Alternative allocation. If the allocation and apportionment provisions of subsections (a) through (e) and of subsection (h) do not, for taxable years ending before December 31, 2008, fairly represent the extent of a person's business activity in this State, or, for taxable years ending on or after December 31, 2008, fairly represent the market for the person's goods, services, or other sources of business income, the person may petition for, or the Director may, without a petition, permit or require, in respect of all or any part of the person's business activity, if reasonable:

- (1) Separate accounting;
- (2) The exclusion of any one or more factors;
- (3) The inclusion of one or more additional factors which will fairly represent the person's business activities or market in this State; or
- (4) The employment of any other method to effectuate an equitable allocation and apportionment of the person's business income.

(g) Cross reference. For allocation of business income by residents, see Section 301(a).

(h) For tax years ending on or after December 31, 1998, the apportionment factor of persons who apportion their business

income to this State under subsection (a) shall be equal to:

(1) for tax years ending on or after December 31, 1998 and before December 31, 1999, $16 \frac{2}{3}\%$ of the property factor plus $16 \frac{2}{3}\%$ of the payroll factor plus $66 \frac{2}{3}\%$ of the sales factor;

(2) for tax years ending on or after December 31, 1999 and before December 31, 2000, $8 \frac{1}{3}\%$ of the property factor plus $8 \frac{1}{3}\%$ of the payroll factor plus $83 \frac{1}{3}\%$ of the sales factor;

(3) for tax years ending on or after December 31, 2000, the sales factor.

If, in any tax year ending on or after December 31, 1998 and before December 31, 2000, the denominator of the payroll, property, or sales factor is zero, the apportionment factor computed in paragraph (1) or (2) of this subsection for that year shall be divided by an amount equal to 100% minus the percentage weight given to each factor whose denominator is equal to zero.

Sec. 9. The Board shall have all powers necessary and proper to fully and effectively execute the provisions of this Act, including, but not limited to, the following:

(a) The Board is vested with jurisdiction and supervision over all race meetings in this State, over all licensees doing business in this State, over all occupation licensees, and over all persons on the facilities of any licensee. Such jurisdiction shall include the power to issue licenses to the Illinois Department of Agriculture authorizing the pari-mutuel system of wagering on harness and Quarter Horse races held (1) at the Illinois State Fair in Sangamon County, and (2) at the DuQuoin State Fair in Perry County. The jurisdiction of the Board shall also include the power to issue licenses to county fairs which are eligible to receive funds pursuant to the Agricultural Fair Act, as now or hereafter amended, or their agents, authorizing the pari-mutuel system of wagering on horse races conducted at the county fairs receiving such licenses. Such licenses shall be governed by subsection (n) of this Section.

Upon application, the Board shall issue a license to the Illinois Department of Agriculture to conduct harness and Quarter Horse races at the Illinois State Fair and at the DuQuoin State Fairgrounds during the scheduled dates of each fair. The Board shall not require and the Department of Agriculture shall be exempt from the requirements of Sections 15.3, 18 and 19, paragraphs (a)(2), (b), (c), (d), (e), (e-5), (e-10), (f), (g), and (h) of Section 20, and Sections 21, 24 and 25. The Board and the Department of Agriculture may extend any or all of these exemptions to any contractor or agent engaged by the Department of Agriculture to conduct its race meetings when the Board determines that this would best serve the public interest and the interest of horse racing.

Notwithstanding any provision of law to the contrary, it shall be lawful for any licensee to operate pari-mutuel wagering or contract with the Department of Agriculture to operate pari-mutuel wagering at the DuQuoin State Fairgrounds or for the Department to enter into contracts with a licensee, employ its owners, employees or agents and employ such other occupation licensees as the Department deems necessary in connection with race meetings and wagerings.

(b) The Board is vested with the full power to promulgate reasonable rules and regulations for the purpose of administering the provisions of this Act and to prescribe reasonable rules, regulations and conditions under which all horse race meetings or wagering in the State shall be

conducted. Such reasonable rules and regulations are to provide for the prevention of practices detrimental to the public interest and to promote the best interests of horse racing and to impose penalties for violations thereof.

(c) The Board, and any person or persons to whom it delegates this power, is vested with the power to enter the facilities and other places of business of any licensee to determine whether there has been compliance with the provisions of this Act and its rules and regulations.

(d) The Board, and any person or persons to whom it delegates this power, is vested with the authority to investigate alleged violations of the provisions of this Act, its reasonable rules and regulations, orders and final decisions; the Board shall take appropriate disciplinary action against any licensee or occupation licensee for violation thereof or institute appropriate legal action for the enforcement thereof.

(e) The Board, and any person or persons to whom it delegates this power, may eject or exclude from any race meeting or the facilities of any licensee, or any part thereof, any occupation licensee or any other individual whose conduct or reputation is such that his presence on those facilities may, in the opinion of the Board, call into question the honesty and integrity of horse racing or wagering or interfere with the orderly conduct of horse racing or wagering; provided, however, that no person shall be excluded or ejected from the

facilities of any licensee solely on the grounds of race, color, creed, national origin, ancestry, or sex. The power to eject or exclude an occupation licensee or other individual may be exercised for just cause by the licensee or the Board, subject to subsequent hearing by the Board as to the propriety of said exclusion.

(f) The Board is vested with the power to acquire, establish, maintain and operate (or provide by contract to maintain and operate) testing laboratories and related facilities, for the purpose of conducting saliva, blood, urine and other tests on the horses run or to be run in any horse race meeting, including races run at county fairs, and to purchase all equipment and supplies deemed necessary or desirable in connection with any such testing laboratories and related facilities and all such tests.

(g) The Board may require that the records, including financial or other statements of any licensee or any person affiliated with the licensee who is involved directly or indirectly in the activities of any licensee as regulated under this Act to the extent that those financial or other statements relate to such activities be kept in such manner as prescribed by the Board, and that Board employees shall have access to those records during reasonable business hours. Within 120 days of the end of its fiscal year, each licensee shall transmit to the Board an audit of the financial transactions and condition of the licensee's total operations. All audits shall be

conducted by certified public accountants. Each certified public accountant must be registered in the State of Illinois under the Illinois Public Accounting Act. The compensation for each certified public accountant shall be paid directly by the licensee to the certified public accountant. A licensee shall also submit any other financial or related information the Board deems necessary to effectively administer this Act and all rules, regulations, and final decisions promulgated under this Act.

(h) The Board shall name and appoint in the manner provided by the rules and regulations of the Board: an Executive Director; a State director of mutuels; State veterinarians and representatives to take saliva, blood, urine and other tests on horses; licensing personnel; revenue inspectors; and State seasonal employees (excluding admission ticket sellers and mutuel clerks). All of those named and appointed as provided in this subsection shall serve during the pleasure of the Board; their compensation shall be determined by the Board and be paid in the same manner as other employees of the Board under this Act.

(i) The Board shall require that there shall be 3 stewards at each horse race meeting, at least 2 of whom shall be named and appointed by the Board. Stewards appointed or approved by the Board, while performing duties required by this Act or by the Board, shall be entitled to the same rights and immunities as granted to Board members and Board employees in Section 10

of this Act.

(j) The Board may discharge any Board employee who fails or refuses for any reason to comply with the rules and regulations of the Board, or who, in the opinion of the Board, is guilty of fraud, dishonesty or who is proven to be incompetent. The Board shall have no right or power to determine who shall be officers, directors or employees of any licensee, or their salaries except the Board may, by rule, require that all or any officials or employees in charge of or whose duties relate to the actual running of races be approved by the Board.

(k) The Board is vested with the power to appoint delegates to execute any of the powers granted to it under this Section for the purpose of administering this Act and any rules or regulations promulgated in accordance with this Act.

(l) The Board is vested with the power to impose civil penalties of up to \$5,000 against an individual and up to \$10,000 against a licensee for each violation of any provision of this Act, any rules adopted by the Board, any order of the Board or any other action which, in the Board's discretion, is a detriment or impediment to horse racing or wagering. Beginning on the date when any organization licensee begins conducting gaming pursuant to an organization gaming license issued under the Illinois Gambling Act, the power granted to the Board pursuant to this subsection (l) shall authorize the Board to impose penalties of up to \$10,000 against an individual and up to \$25,000 against a licensee. All such civil

penalties shall be deposited into the Horse Racing Fund.

(m) The Board is vested with the power to prescribe a form to be used by licensees as an application for employment for employees of each licensee.

(n) The Board shall have the power to issue a license to any county fair, or its agent, authorizing the conduct of the pari-mutuel system of wagering. The Board is vested with the full power to promulgate reasonable rules, regulations and conditions under which all horse race meetings licensed pursuant to this subsection shall be held and conducted, including rules, regulations and conditions for the conduct of the pari-mutuel system of wagering. The rules, regulations and conditions shall provide for the prevention of practices detrimental to the public interest and for the best interests of horse racing, and shall prescribe penalties for violations thereof. Any authority granted the Board under this Act shall extend to its jurisdiction and supervision over county fairs, or their agents, licensed pursuant to this subsection. However, the Board may waive any provision of this Act or its rules or regulations which would otherwise apply to such county fairs or their agents.

(o) Whenever the Board is authorized or required by law to consider some aspect of criminal history record information for the purpose of carrying out its statutory powers and responsibilities, then, upon request and payment of fees in conformance with the requirements of Section 2605-400 of the

Department of State Police Law (20 ILCS 2605/2605-400), the Department of State Police is authorized to furnish, pursuant to positive identification, such information contained in State files as is necessary to fulfill the request.

(p) To insure the convenience, comfort, and wagering accessibility of race track patrons, to provide for the maximization of State revenue, and to generate increases in purse allotments to the horsemen, the Board shall require any licensee to staff the pari-mutuel department with adequate personnel.

Such occupation licenses will be obtained prior to the persons engaging in their vocation upon such facilities. The Board shall not license pari-mutuel clerks, parking attendants, security guards and employees of concessionaires. No occupation license shall be required of any person who works at facilities within this State as a pari-mutuel clerk, parking attendant, security guard or as an employee of a

The application shall be accompanied by a fee of not more than \$25 per year or, in the case of 3-year occupation license applications, a fee of not more than \$60. Each applicant shall set forth in the application his full name and address, and if he had been issued prior occupation licenses or has been licensed in any other state under any other name, such name, his age, whether or not a permit or license issued to him in any other state has been suspended or revoked and if so whether such suspension or revocation is in effect at the time of the application, and such other information as the Board may require. (d) The Board may suspend or revoke any occupation license:

(1) for violation of any of the provisions of this Act;

or

(2) for violation of any of the rules or regulations of the Board; or

(3) for any cause which, if known to the Board, would have justified the Board in refusing to issue such occupation license; or

(4) for any other just cause.

(e) Each applicant shall submit his or her fingerprints to the Department of State Police in the form and manner prescribed by the Department of State Police. These fingerprints shall be checked against the fingerprint records now and hereafter filed in the Department of State Police and Federal Bureau of Investigation criminal history records

The Department of State Police shall charge a fee for conducting the criminal history records check, which shall be deposited in the State Police Services Fund and shall not exceed the actual cost of the records check. The Department of State Police shall furnish, pursuant to positive identification, records of conviction to the Board. Each applicant for licensure shall submit with his occupation license application, on forms provided by the Board, 2 sets of his fingerprints. (f) The Board may, in its discretion, issue an occupation license without submission of fingerprints if an applicant has been duly licensed in another recognized racing jurisdiction after submitting fingerprints that were subjected to a Federal Bureau of Investigation criminal history background check in that jurisdiction.

(g) Beginning on the date when any organization licensee begins conducting gaming pursuant to an organization gaming license issued under the Illinois Gambling Act, the Board may charge each applicant a reasonable nonrefundable fee to defray the costs associated with the background investigation conducted by the Board. This fee shall be exclusive of any

other fee or fees charged in connection with an application for and, if applicable, the issuance of, an organization gaming license. If the costs of the investigation exceed the amount of the fee charged, the Board shall immediately notify the applicant of the additional amount owed, payment of which must be submitted to the Board within 7 days after such notification. All information, records, interviews, reports, statements, memoranda, or other data supplied to or used by the Board in the course of its review or investigation of an applicant for a license or renewal under this Act shall be privileged, strictly confidential, and shall be used only for the purpose of evaluating an applicant for a license or a renewal. Such information, records, interviews, reports, statements, memoranda, or other data shall not be admissible as evidence, nor discoverable, in any action of any kind in any court or before any tribunal, board, agency, or person, except for any action deemed necessary by the Board.

(d) The applicant shall execute and file with the Board a good faith affirmative action plan to recruit, train, and upgrade minorities in all classifications within the association.

(e) With such application there shall be delivered to the Board a certified check or bank draft payable to the order of the Board for an amount equal to \$1,000. All applications for the issuance of an organization license shall be filed with the Board before August 1 of the year prior to the year for which application is made and shall be acted upon by the Board at a meeting to be held on such date as shall be fixed by the Board during the last 15 days of September of such prior year. At such meeting, the Board shall announce the award of the racing meets, live racing schedule, and designation of host track to the applicants and its approval or disapproval of each application. No announcement shall be considered binding until a formal order is executed by the Board, which shall be executed no later than October 15 of that prior year. Absent the agreement of the affected organization licensees, the Board shall not grant overlapping race meetings to 2 or more tracks that are within 100 miles of each other to conduct the

thoroughbred racing.

(e-1) The Board shall award standardbred racing dates to organization licensees with an organization gaming license pursuant to the following schedule:

(1) For the first calendar year of operation of gambling games by an organization gaming licensee under this amendatory Act of the 101st General Assembly, when a single entity requests standardbred racing dates, the Board shall award no fewer than 100 days of racing. The 100-day requirement may be reduced to no fewer than 80 days if no dates are requested for the first 3 months of a calendar year. If more than one entity requests standardbred racing dates, the Board shall award no fewer than 140 days of racing between the applicants.

(2) For the second calendar year of operation of gambling games by an organization gaming licensee under this amendatory Act of the 101st General Assembly, when a single entity requests standardbred racing dates, the Board shall award no fewer than 100 days of racing. The 100-day requirement may be reduced to no fewer than 80 days if no dates are requested for the first 3 months of a calendar year. If more than one entity requests standardbred racing dates, the Board shall award no fewer than 160 days of racing between the applicants.

(3) For the third calendar year of operation of gambling games by an organization gaming licensee under

this amendatory Act of the 101st General Assembly, and each calendar year thereafter, when a single entity requests standardbred racing dates, the Board shall award no fewer than 120 days of racing. The 120-day requirement may be reduced to no fewer than 100 days if no dates are requested for the first 3 months of a calendar year. If more than one entity requests standardbred racing dates, the Board shall award no fewer than 200 days of racing between the applicants.

An organization licensee shall apply for racing dates pursuant to this subsection (e-1). In awarding racing dates under this subsection (e-1), the Board shall have the discretion to allocate those standardbred racing dates among these organization licensees.

(e-2) The Board shall award thoroughbred racing days to Cook County organization licensees pursuant to the following schedule:

(1) During the first year in which only one organization licensee is awarded an organization gaming license, the Board shall award no fewer than 110 days of racing.

During the second year in which only one organization licensee is awarded an organization gaming license, the Board shall award no fewer than 115 racing days.

During the third year and every year thereafter, in which only one organization licensee is awarded an

organization gaming license, the Board shall award no fewer than 120 racing days.

(2) During the first year in which 2 organization licensees are awarded an organization gaming license, the Board shall award no fewer than 139 total racing days.

During the second year in which 2 organization licensees are awarded an organization gaming license, the Board shall award no fewer than 160 total racing days.

During the third year and every year thereafter in which 2 organization licensees are awarded an organization gaming license, the Board shall award no fewer than 174 total racing days.

A Cook County organization licensee shall apply for racing dates pursuant to this subsection (e-2). In awarding racing dates under this subsection (e-2), the Board shall have the discretion to allocate those thoroughbred racing dates among these Cook County organization licensees.

(e-3) In awarding racing dates for calendar year 2020 and thereafter in connection with a racetrack in Madison County, the Board shall award racing dates and such organization licensee shall run at least 700 thoroughbred races at the racetrack in Madison County each year.

Notwithstanding Section 7.7 of the Illinois Gambling Act or any provision of this Act other than subsection (e-4.5), for each calendar year for which an organization gaming licensee located in Madison County requests racing dates resulting in

less than 700 live thoroughbred races at its racetrack facility, the organization gaming licensee may not conduct gaming pursuant to an organization gaming license issued under the Illinois Gambling Act for the calendar year of such requested live races.

(e-4) Notwithstanding the provisions of Section 7.7 of the Illinois Gambling Act or any provision of this Act other than subsections (e-3) and (e-4.5), for each calendar year for which an organization gaming licensee requests thoroughbred racing dates which results in a number of live races under its organization license that is less than the total number of live races which it conducted in 2017 at its racetrack facility, the organization gaming licensee may not conduct gaming pursuant to its organization gaming license for the calendar year of such requested live races.

(e-4.1) Notwithstanding the provisions of Section 7.7 of the Illinois Gambling Act or any provision of this Act other than subsections (e-3) and (e-4.5), for each calendar year for which an organization licensee requests racing dates for standardbred racing which results in a number of live races that is less than the total number of live races required in subsection (e-1), the organization gaming licensee may not conduct gaming pursuant to its organization gaming license for the calendar year of such requested live races.

(e-4.5) The Board shall award the minimum live racing guarantees contained in subsections (e-1), (e-2), and (e-3) to

ensure that each organization licensee shall individually run a sufficient number of races per year to qualify for an organization gaming license under this Act. The General Assembly finds that the minimum live racing guarantees contained in subsections (e-1), (e-2), and (e-3) are in the best interest of the sport of horse racing, and that such guarantees may only be reduced in the calendar year in which they will be conducted in the limited circumstances described in this subsection. The Board may decrease the number of racing days without affecting an organization licensee's ability to conduct gaming pursuant to an organization gaming license issued under the Illinois Gambling Act only if the Board determines, after notice and hearing, that:

(i) a decrease is necessary to maintain a sufficient number of betting interests per race to ensure the integrity of racing;

(ii) there are unsafe track conditions due to weather or acts of God;

(iii) there is an agreement between an organization licensee and the breed association that is applicable to the involved live racing guarantee, such association representing either the largest number of thoroughbred owners and trainers or the largest number of standardbred owners, trainers and drivers who race horses at the involved organization licensee's racing meeting, so long as the agreement does not compromise the integrity of the

sport of horse racing; or

(iv) the horse population or purse levels are insufficient to provide the number of racing opportunities otherwise required in this Act.

In decreasing the number of racing dates in accordance with this subsection, the Board shall hold a hearing and shall provide the public and all interested parties notice and an opportunity to be heard. The Board shall accept testimony from all interested parties, including any association representing owners, trainers, jockeys, or drivers who will be affected by the decrease in racing dates. The Board shall provide a written explanation of the reasons for the decrease and the Board's findings. The written explanation shall include a listing and content of all communication between any party and any Illinois Racing Board member or staff that does not take place at a public meeting of the Board.

(e-5) In reviewing an application for the purpose of granting an organization license consistent with the best interests of the public and the sport of horse racing, the Board shall consider:

(1) the character, reputation, experience, and financial integrity of the applicant and of any other separate person that either:

(i) controls the applicant, directly or indirectly, or

(ii) is controlled, directly or indirectly, by

that applicant or by a person who controls, directly or indirectly, that applicant;

(2) the applicant's facilities or proposed facilities for conducting horse racing;

(3) the total revenue without regard to Section 32.1 to be derived by the State and horsemen from the applicant's conducting a race meeting;

(4) the applicant's good faith affirmative action plan to recruit, train, and upgrade minorities in all employment classifications;

(5) the applicant's financial ability to purchase and maintain adequate liability and casualty insurance;

(6) the applicant's proposed and prior year's promotional and marketing activities and expenditures of the applicant associated with those activities;

(7) an agreement, if any, among organization licensees as provided in subsection (b) of Section 21 of this Act; and

(8) the extent to which the applicant exceeds or meets other standards for the issuance of an organization license that the Board shall adopt by rule.

In granting organization licenses and allocating dates for horse race meetings, the Board shall have discretion to determine an overall schedule, including required simulcasts of Illinois races by host tracks that will, in its judgment, be conducive to the best interests of the public and the sport of

horse racing.

(e-10) The Illinois Administrative Procedure Act shall apply to administrative procedures of the Board under this Act for the granting of an organization license, except that (1) notwithstanding the provisions of subsection (b) of Section 10-40 of the Illinois Administrative Procedure Act regarding cross-examination, the Board may prescribe rules limiting the right of an applicant or participant in any proceeding to award an organization license to conduct cross-examination of witnesses at that proceeding where that cross-examination would unduly obstruct the timely award of an organization license under subsection (e) of Section 20 of this Act; (2) the provisions of Section 10-45 of the Illinois Administrative Procedure Act regarding proposals for decision are excluded under this Act; (3) notwithstanding the provisions of subsection (a) of Section 10-60 of the Illinois Administrative Procedure Act regarding ex parte communications, the Board may prescribe rules allowing ex parte communications with applicants or participants in a proceeding to award an organization license where conducting those communications would be in the best interest of racing, provided all those communications are made part of the record of that proceeding pursuant to subsection (c) of Section 10-60 of the Illinois Administrative Procedure Act; (4) the provisions of Section 14a of this Act and the rules of the Board promulgated under that Section shall apply instead of the provisions of Article 10 of

the Illinois Administrative Procedure Act regarding administrative law judges; and (5) the provisions of subsection (d) of Section 10-65 of the Illinois Administrative Procedure Act that prevent summary suspension of a license pending revocation or other action shall not apply.

(f) The Board may allot racing dates to an organization licensee for more than one calendar year but for no more than 3 successive calendar years in advance, provided that the Board shall review such allotment for more than one calendar year prior to each year for which such allotment has been made. The granting of an organization license to a person constitutes a privilege to conduct a horse race meeting under the provisions of this Act, and no person granted an organization license shall be deemed to have a vested interest, property right, or future expectation to receive an organization license in any subsequent year as a result of the granting of an organization license. Organization licenses shall be subject to revocation if the organization licensee has violated any provision of this Act or the rules and regulations promulgated under this Act or has been convicted of a crime or has failed to disclose or has stated falsely any information called for in the application for an organization license. Any organization license revocation proceeding shall be in accordance with Section 16 regarding suspension and revocation of occupation licenses.

(f-5) If, (i) an applicant does not file an acceptance of the racing dates awarded by the Board as required under part

(1) of subsection (h) of this Section 20, or (ii) an organization licensee has its license suspended or revoked under this Act, the Board, upon conducting an emergency hearing as provided for in this Act, may reaward on an emergency basis pursuant to rules established by the Board, racing dates not accepted or the racing dates associated with any suspension or revocation period to one or more organization licensees, new applicants, or any combination thereof, upon terms and conditions that the Board determines are in the best interest of racing, provided, the organization licensees or new applicants receiving the awarded racing dates file an acceptance of those reawarded racing dates as required under paragraph (1) of subsection (h) of this Section 20 and comply with the other provisions of this Act. The Illinois Administrative Procedure Act shall not apply to the administrative procedures of the Board in conducting the emergency hearing and the reallocation of racing dates on an emergency basis.

(g) (Blank).

(h) The Board shall send the applicant a copy of its formally executed order by certified mail addressed to the applicant at the address stated in his application, which notice shall be mailed within 5 days of the date the formal order is executed.

Each applicant notified shall, within 10 days after receipt of the final executed order of the Board awarding racing dates:

(1) file with the Board an acceptance of such award in the form prescribed by the Board;

(2) pay to the Board an additional amount equal to \$110 for each racing date awarded; and

(3) file with the Board the bonds required in Sections 21 and 25 at least 20 days prior to the first day of each race meeting.

Upon compliance with the provisions of paragraphs (1), (2), and (3) of this subsection (h), the applicant shall be issued an organization license.

If any applicant fails to comply with this Section or fails to pay the organization license fees herein provided, no organization license shall be issued to such applicant.

(230 ILCS 5/21) (from Ch. 8, par. 37-21)

Sec. 21. (a) Applications for organization licenses must be filed with the Board at a time and place prescribed by the rules and regulations of the Board. The Board shall examine the applications within 21 days after the date allowed for filing with respect to their conformity with this Act and such rules and regulations as may be prescribed by the Board. If any application does not comply with this Act or the rules and regulations prescribed by the Board, such application may be rejected and an organization license refused to the applicant, or the Board may, within 21 days of the receipt of such

application, advise the applicant of the deficiencies of the application under the Act or the rules and regulations of the Board, and require the submittal of an amended application within a reasonable time determined by the Board; and upon submittal of the amended application by the applicant, the Board may consider the application consistent with the process described in subsection (e-5) of Section 20 of this Act. If it is found to be in compliance with this Act and the rules and regulations of the Board, the Board may then issue an organization license to such applicant.

(b) The Board may exercise discretion in granting racing dates to qualified applicants different from those requested by the applicants in their applications. However, if all eligible applicants for organization licenses whose tracks are located within 100 miles of each other execute and submit to the Board a written agreement among such applicants as to the award of racing dates, including where applicable racing programs, for up to 3 consecutive years, then subject to annual review of each applicant's compliance with Board rules and regulations, provisions of this Act and conditions contained in annual dates orders issued by the Board, the Board may grant such dates and programs to such applicants as so agreed by them if the Board determines that the grant of these racing dates is in the best interests of racing. The Board shall treat any such agreement as the agreement signatories' joint and several application for racing dates during the term of the agreement.

(c) Where 2 or more applicants propose to conduct horse race meetings within 35 miles of each other, as certified to the Board under Section 19 (a) (1) of this Act, on conflicting dates, the Board may determine and grant the number of racing days to be awarded to the several applicants in accordance with the provisions of subsection (e-5) of Section 20 of this Act.

(d) (Blank).

(e) Prior to the issuance of an organization license, the applicant shall file with the Board a bond payable to the State of Illinois in the sum of \$200,000, executed by the applicant and a surety company or companies authorized to do business in this State, and conditioned upon the payment by the organization licensee of all taxes due under Section 27, other monies due and payable under this Act, all purses due and payable, and that the organization licensee will upon presentation of the winning ticket or tickets distribute all sums due to the patrons of pari-mutuel pools. Beginning on the date when any organization licensee begins conducting gaming pursuant to an organization gaming license issued under the Illinois Gambling Act, the amount of the bond required under this subsection (e) shall be \$500,000.

(f) Each organization license shall specify the person to whom it is issued, the dates upon which horse racing is permitted, and the location, place, track, or enclosure where the horse race meeting is to be held.

(g) Any person who owns one or more race tracks within the

State may seek, in its own name, a separate organization license for each race track.

(h) All racing conducted under such organization license is subject to this Act and to the rules and regulations from time to time prescribed by the Board, and every such organization license issued by the Board shall contain a recital to that effect.

(i) Each such organization licensee may provide that at least one race per day may be devoted to the racing of quarter horses, appaloosas, arabians, or paints.

(j) In acting on applications for organization licenses, the Board shall give weight to an organization license which has implemented a good faith affirmative action effort to recruit, train and upgrade minorities in all classifications within the organization license.

(230 ILCS 5/24) (from Ch. 8, par. 37-24)

Sec. 24. (a) No license shall be issued to or held by an organization licensee unless all of its officers, directors, and holders of ownership interests of at least 5% are first approved by the Board. The Board shall not give approval of an organization license application to any person who has been convicted of or is under an indictment for a crime of moral turpitude or has violated any provision of the racing law of this State or any rules of the Board.

(b) An organization licensee must notify the Board within 10 days of any change in the holders of a direct or indirect interest in the ownership of the organization licensee. The Board may, after hearing, revoke the organization license of any person who registers on its books or knowingly permits a direct or indirect interest in the ownership of that person without notifying the Board of the name of the holder in interest within this period.

(c) In addition to the provisions of subsection (a) of this Section, no person shall be granted an organization license if any public official of the State or member of his or her family holds any ownership or financial interest, directly or indirectly, in the person.

(d) No person which has been granted an organization license to hold a race meeting shall give to any public official or member of his family, directly or indirectly, for or without consideration, any interest in the person. The Board shall, after hearing, revoke the organization license granted to a person which has violated this subsection.

(e) (Blank).

(f) No organization licensee or concessionaire or officer, director or holder or controller of 5% or more legal or beneficial interest in any organization licensee or concession shall make any sort of gift or contribution that is prohibited under Article 10 of the State Officials and Employees Ethics Act ~~of any kind~~ or pay or give any money or other thing of value

to any person who is a public official, or a candidate or nominee for public office if that payment or gift is prohibited under Article 10 of the State Officials and Employees Ethics Act.

Sec. 25. Admission charge; bond; fine.

(a) There shall be paid to the Board at such time or times as it shall prescribe, the sum of fifteen cents (15¢) for each person entering the grounds or enclosure of each organization licensee and inter-track wagering licensee upon a ticket of admission except as provided in subsection (g) of Section 27 of this Act. If tickets are issued for more than one day then the sum of fifteen cents (15¢) shall be paid for each person using such ticket on each day that the same shall be used. Provided, however, that no charge shall be made on tickets of admission issued to and in the name of directors, officers, agents or employees of the organization licensee, or inter-track wagering licensee, or to owners, trainers, jockeys, drivers and their employees or to any person or persons entering the grounds or enclosure for the transaction of business in connection with such race meeting. The organization licensee or inter-track wagering licensee may, if it desires, collect such amount from each ticket holder in addition to the amount or amounts charged for such ticket of admission. Beginning on the

date when any organization licensee begins conducting gaming pursuant to an organization gaming license issued under the Illinois Gambling Act, the admission charge imposed by this subsection (a) shall be 40 cents for each person entering the grounds or enclosure of each organization licensee and inter-track wagering licensee upon a ticket of admission, and if such tickets are issued for more than one day, 40 cents shall be paid for each person using such ticket on each day that the same shall be used.

(b) Accurate records and books shall at all times be kept and maintained by the organization licensees and inter-track wagering licensees showing the admission tickets issued and used on each racing day and the attendance thereat of each horse racing meeting. The Board or its duly authorized representative or representatives shall at all reasonable times have access to the admission records of any organization licensee and inter-track wagering licensee for the purpose of examining and checking the same and ascertaining whether or not the proper amount has been or is being paid the State of Illinois as herein provided. The Board shall also require, before issuing any license, that the licensee shall execute and deliver to it a bond, payable to the State of Illinois, in such sum as it shall determine, not, however, in excess of fifty thousand dollars (\$50,000), with a surety or sureties to be approved by it, conditioned for the payment of all sums due and payable or collected by it under this Section upon admission

fees received for any particular racing meetings. The Board may also from time to time require sworn statements of the number or numbers of such admissions and may prescribe blanks upon which such reports shall be made. Any organization licensee or inter-track wagering licensee failing or refusing to pay the amount found to be due as herein provided, shall be deemed guilty of a business offense and upon conviction shall be punished by a fine of not more than five thousand dollars (\$5,000) in addition to the amount due from such organization licensee or inter-track wagering licensee as herein provided. All fines paid into court by an organization licensee or inter-track wagering licensee found guilty of violating this Section shall be transmitted and paid over by the clerk of the court to the Board. Beginning on the date when any organization licensee begins conducting gaming pursuant to an organization gaming license issued under the Illinois Gambling Act, any fine imposed pursuant to this subsection (b) shall not exceed \$10,000.

(230 ILCS 5/26) (from Ch. 8, par. 37-26)

Sec. 26. Wagering.

(a) Any licensee may conduct and supervise the pari-mutuel system of wagering, as defined in Section 3.12 of this Act, on horse races conducted by an Illinois organization licensee or conducted at a racetrack located in another state or country

~~and televised in Illinois~~ in accordance with subsection (g) of Section 26 of this Act. Subject to the prior consent of the Board, licensees may supplement any pari-mutuel pool in order to guarantee a minimum distribution. Such pari-mutuel method of wagering shall not, under any circumstances if conducted under the provisions of this Act, be held or construed to be unlawful, other statutes of this State to the contrary notwithstanding. Subject to rules for advance wagering promulgated by the Board, any licensee may accept wagers in advance of the day of the race wagered upon occurs.

(b) Except for those gaming activities for which a license is obtained and authorized under the Illinois Lottery Law, the Charitable Games Act, the Raffles and Poker Runs Act, or the Illinois Gambling Act, no ~~no~~ other method of betting, pool making, wagering or gambling shall be used or permitted by the licensee. Each licensee may retain, subject to the payment of all applicable taxes and purses, an amount not to exceed 17% of all money wagered under subsection (a) of this Section, except as may otherwise be permitted under this Act.

(b-5) An individual may place a wager under the pari-mutuel system from any licensed location authorized under this Act provided that wager is electronically recorded in the manner described in Section 3.12 of this Act. Any wager made electronically by an individual while physically on the premises of a licensee shall be deemed to have been made at the premises of that licensee.

~~(c) (Blank). Until January 1, 2000, the sum held by any licensee for payment of outstanding pari-mutuel tickets, if unclaimed prior to December 31 of the next year, shall be retained by the licensee for payment of such tickets until that date. Within 10 days thereafter, the balance of such sum remaining unclaimed, less any uncashed supplements contributed by such licensee for the purpose of guaranteeing minimum distributions of any pari-mutuel pool, shall be paid to the Illinois Veterans' Rehabilitation Fund of the State treasury, except as provided in subsection (g) of Section 27 of this Act.~~

(c-5) ~~The~~ Beginning January 1, 2000, the sum held by any licensee for payment of outstanding pari-mutuel tickets, if unclaimed prior to December 31 of the next year, shall be retained by the licensee for payment of such tickets until that date. Within 10 days thereafter, the balance of such sum remaining unclaimed, less any uncashed supplements contributed by such licensee for the purpose of guaranteeing minimum distributions of any pari-mutuel pool, shall be evenly distributed to the purse account of the organization licensee and the organization licensee, except that the balance of the sum of all outstanding pari-mutuel tickets generated from simulcast wagering and inter-track wagering by an organization licensee located in a county with a population in excess of 230,000 and borders the Mississippi River or any licensee that derives its license from that organization licensee shall be evenly distributed to the purse account of the organization

licensee and the organization licensee.

(d) A pari-mutuel ticket shall be honored until December 31 of the next calendar year, and the licensee shall pay the same and may charge the amount thereof against unpaid money similarly accumulated on account of pari-mutuel tickets not presented for payment.

(e) No licensee shall knowingly permit any minor, other than an employee of such licensee or an owner, trainer, jockey, driver, or employee thereof, to be admitted during a racing program unless accompanied by a parent or guardian, or any minor to be a patron of the pari-mutuel system of wagering conducted or supervised by it. The admission of any unaccompanied minor, other than an employee of the licensee or an owner, trainer, jockey, driver, or employee thereof at a race track is a Class C misdemeanor.

(f) Notwithstanding the other provisions of this Act, an organization licensee may contract with an entity in another state or country to permit any legal wagering entity in another state or country to accept wagers solely within such other state or country on races conducted by the organization licensee in this State. Beginning January 1, 2000, these wagers shall not be subject to State taxation. Until January 1, 2000, when the out-of-State entity conducts a pari-mutuel pool separate from the organization licensee, a privilege tax equal to 7 1/2% of all monies received by the organization licensee from entities in other states or countries pursuant to such

contracts is imposed on the organization licensee, and such privilege tax shall be remitted to the Department of Revenue within 48 hours of receipt of the moneys from the simulcast. When the out-of-State entity conducts a combined pari-mutuel pool with the organization licensee, the tax shall be 10% of all monies received by the organization licensee with 25% of the receipts from this 10% tax to be distributed to the county in which the race was conducted.

An organization licensee may permit one or more of its races to be utilized for pari-mutuel wagering at one or more locations in other states and may transmit audio and visual signals of races the organization licensee conducts to one or more locations outside the State or country and may also permit pari-mutuel pools in other states or countries to be combined with its gross or net wagering pools or with wagering pools established by other states.

(g) A host track may accept interstate simulcast wagers on horse races conducted in other states or countries and shall control the number of signals and types of breeds of racing in its simulcast program, subject to the disapproval of the Board. The Board may prohibit a simulcast program only if it finds that the simulcast program is clearly adverse to the integrity of racing. The host track simulcast program shall include the signal of live racing of all organization licensees. All non-host licensees and advance deposit wagering licensees shall carry the signal of and accept wagers on live racing of

all organization licensees. Advance deposit wagering licensees shall not be permitted to accept out-of-state wagers on any Illinois signal provided pursuant to this Section without the approval and consent of the organization licensee providing the signal. For one year after August 15, 2014 (the effective date of Public Act 98-968), non-host licensees may carry the host track simulcast program and shall accept wagers on all races included as part of the simulcast program of horse races conducted at race tracks located within North America upon which wagering is permitted. For a period of one year after August 15, 2014 (the effective date of Public Act 98-968), on horse races conducted at race tracks located outside of North America, non-host licensees may accept wagers on all races included as part of the simulcast program upon which wagering is permitted. Beginning August 15, 2015 (one year after the effective date of Public Act 98-968), non-host licensees may carry the host track simulcast program and shall accept wagers on all races included as part of the simulcast program upon which wagering is permitted. All organization licensees shall provide their live signal to all advance deposit wagering licensees for a simulcast commission fee not to exceed 6% of the advance deposit wagering licensee's Illinois handle on the organization licensee's signal without prior approval by the Board. The Board may adopt rules under which it may permit simulcast commission fees in excess of 6%. The Board shall adopt rules limiting the interstate commission fees charged to

an advance deposit wagering licensee. The Board shall adopt rules regarding advance deposit wagering on interstate simulcast races that shall reflect, among other things, the General Assembly's desire to maximize revenues to the State, horsemen purses, and organization ~~organizational~~ licensees. However, organization licensees providing live signals pursuant to the requirements of this subsection (g) may petition the Board to withhold their live signals from an advance deposit wagering licensee if the organization licensee discovers and the Board finds reputable or credible information that the advance deposit wagering licensee is under investigation by another state or federal governmental agency, the advance deposit wagering licensee's license has been suspended in another state, or the advance deposit wagering licensee's license is in revocation proceedings in another state. The organization licensee's provision of their live signal to an advance deposit wagering licensee under this subsection (g) pertains to wagers placed from within Illinois. Advance deposit wagering licensees may place advance deposit wagering terminals at wagering facilities as a convenience to customers. The advance deposit wagering licensee shall not charge or collect any fee from purses for the placement of the advance deposit wagering terminals. The costs and expenses of the host track and non-host licensees associated with interstate simulcast wagering, other than the interstate commission fee, shall be borne by the host track and all

non-host licensees incurring these costs. The interstate commission fee shall not exceed 5% of Illinois handle on the interstate simulcast race or races without prior approval of the Board. The Board shall promulgate rules under which it may permit interstate commission fees in excess of 5%. The interstate commission fee and other fees charged by the sending racetrack, including, but not limited to, satellite decoder fees, shall be uniformly applied to the host track and all non-host licensees.

Notwithstanding any other provision of this Act, ~~through December 31, 2020,~~ an organization licensee, with the consent of the horsemen association representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meeting, may maintain a system whereby advance deposit wagering may take place or an organization licensee, with the consent of the horsemen association representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meeting, may contract with another person to carry out a system of advance deposit wagering. Such consent may not be unreasonably withheld. Only with respect to an appeal to the Board that consent for an organization licensee that maintains its own advance deposit wagering system is being unreasonably withheld, the Board shall issue a final order within 30 days after initiation of the appeal, and the organization licensee's

advance deposit wagering system may remain operational during that 30-day period. The actions of any organization licensee who conducts advance deposit wagering or any person who has a contract with an organization licensee to conduct advance deposit wagering who conducts advance deposit wagering on or after January 1, 2013 and prior to June 7, 2013 (the effective date of Public Act 98-18) taken in reliance on the changes made to this subsection (g) by Public Act 98-18 are hereby validated, provided payment of all applicable pari-mutuel taxes are remitted to the Board. All advance deposit wagers placed from within Illinois must be placed through a Board-approved advance deposit wagering licensee; no other entity may accept an advance deposit wager from a person within Illinois. All advance deposit wagering is subject to any rules adopted by the Board. The Board may adopt rules necessary to regulate advance deposit wagering through the use of emergency rulemaking in accordance with Section 5-45 of the Illinois Administrative Procedure Act. The General Assembly finds that the adoption of rules to regulate advance deposit wagering is deemed an emergency and necessary for the public interest, safety, and welfare. An advance deposit wagering licensee may retain all moneys as agreed to by contract with an organization licensee. Any moneys retained by the organization licensee from advance deposit wagering, not including moneys retained by the advance deposit wagering licensee, shall be paid 50% to the organization licensee's purse account and 50% to the

organization licensee. With the exception of any organization licensee that is owned by a publicly traded company that is incorporated in a state other than Illinois and advance deposit wagering licensees under contract with such organization licensees, organization licensees that maintain advance deposit wagering systems and advance deposit wagering licensees that contract with organization licensees shall provide sufficiently detailed monthly accountings to the horsemen association representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meeting so that the horsemen association, as an interested party, can confirm the accuracy of the amounts paid to the purse account at the horsemen association's affiliated organization licensee from advance deposit wagering. If more than one breed races at the same race track facility, then the 50% of the moneys to be paid to an organization licensee's purse account shall be allocated among all organization licensees' purse accounts operating at that race track facility proportionately based on the actual number of host days that the Board grants to that breed at that race track facility in the current calendar year. To the extent any fees from advance deposit wagering conducted in Illinois for wagers in Illinois or other states have been placed in escrow or otherwise withheld from wagers pending a determination of the legality of advance deposit wagering, no action shall be brought to declare such wagers or the

disbursement of any fees previously escrowed illegal.

(1) Between the hours of 6:30 a.m. and 6:30 p.m. an inter-track wagering licensee other than the host track may supplement the host track simulcast program with additional simulcast races or race programs, provided that between January 1 and the third Friday in February of any year, inclusive, if no live thoroughbred racing is occurring in Illinois during this period, only thoroughbred races may be used for supplemental interstate simulcast purposes. The Board shall withhold approval for a supplemental interstate simulcast only if it finds that the simulcast is clearly adverse to the integrity of racing. A supplemental interstate simulcast may be transmitted from an inter-track wagering licensee to its affiliated non-host licensees. The interstate commission fee for a supplemental interstate simulcast shall be paid by the non-host licensee and its affiliated non-host licensees receiving the simulcast.

(2) Between the hours of 6:30 p.m. and 6:30 a.m. an inter-track wagering licensee other than the host track may receive supplemental interstate simulcasts only with the consent of the host track, except when the Board finds that the simulcast is clearly adverse to the integrity of racing. Consent granted under this paragraph (2) to any inter-track wagering licensee shall be deemed consent to all non-host licensees. The interstate commission fee for

the supplemental interstate simulcast shall be paid by all participating non-host licensees.

(3) Each licensee conducting interstate simulcast wagering may retain, subject to the payment of all applicable taxes and the purses, an amount not to exceed 17% of all money wagered. If any licensee conducts the pari-mutuel system wagering on races conducted at racetracks in another state or country, each such race or race program shall be considered a separate racing day for the purpose of determining the daily handle and computing the privilege tax of that daily handle as provided in subsection (a) of Section 27. Until January 1, 2000, from the sums permitted to be retained pursuant to this subsection, each inter-track wagering location licensee shall pay 1% of the pari-mutuel handle wagered on simulcast wagering to the Horse Racing Tax Allocation Fund, subject to the provisions of subparagraph (B) of paragraph (11) of subsection (h) of Section 26 of this Act.

(4) A licensee who receives an interstate simulcast may combine its gross or net pools with pools at the sending racetracks pursuant to rules established by the Board. All licensees combining their gross pools at a sending racetrack shall adopt the takeout ~~take-out~~ percentages of the sending racetrack. A licensee may also establish a separate pool and takeout structure for wagering purposes on races conducted at race tracks outside of the State of

Illinois. The licensee may permit pari-mutuel wagers placed in other states or countries to be combined with its gross or net wagering pools or other wagering pools.

(5) After the payment of the interstate commission fee (except for the interstate commission fee on a supplemental interstate simulcast, which shall be paid by the host track and by each non-host licensee through the host track ~~host track~~) and all applicable State and local taxes, except as provided in subsection (g) of Section 27 of this Act, the remainder of moneys retained from simulcast wagering pursuant to this subsection (g), and Section 26.2 shall be divided as follows:

(A) For interstate simulcast wagers made at a host track, 50% to the host track and 50% to purses at the host track.

(B) For wagers placed on interstate simulcast races, supplemental simulcasts as defined in subparagraphs (1) and (2), and separately pooled races conducted outside of the State of Illinois made at a non-host licensee, 25% to the host track, 25% to the non-host licensee, and 50% to the purses at the host track.

(6) Notwithstanding any provision in this Act to the contrary, non-host licensees who derive their licenses from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River

may receive supplemental interstate simulcast races at all times subject to Board approval, which shall be withheld only upon a finding that a supplemental interstate simulcast is clearly adverse to the integrity of racing.

(7) Effective January 1, 2017, notwithstanding any provision of this Act to the contrary, after payment of all applicable State and local taxes and interstate commission fees, non-host licensees who derive their licenses from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River shall retain 50% of the retention from interstate simulcast wagers and shall pay 50% to purses at the track from which the non-host licensee derives its license.

(7.1) Notwithstanding any other provision of this Act to the contrary, if no standardbred racing is conducted at a racetrack located in Madison County during any calendar year beginning on or after January 1, 2002, all moneys derived by that racetrack from simulcast wagering and inter-track wagering that (1) are to be used for purses and (2) are generated between the hours of 6:30 p.m. and 6:30 a.m. during that calendar year shall be paid as follows:

(A) If the licensee that conducts horse racing at that racetrack requests from the Board at least as many racing dates as were conducted in calendar year 2000, 80% shall be paid to its thoroughbred purse account; and

(B) Twenty percent shall be deposited into the Illinois Colt Stakes Purse Distribution Fund and shall be paid to purses for standardbred races for Illinois conceived and foaled horses conducted at any county fairgrounds. The moneys deposited into the Fund pursuant to this subparagraph (B) shall be deposited within 2 weeks after the day they were generated, shall be in addition to and not in lieu of any other moneys paid to standardbred purses under this Act, and shall not be commingled with other moneys paid into that Fund. The moneys deposited pursuant to this subparagraph (B) shall be allocated as provided by the Department of Agriculture, with the advice and assistance of the Illinois Standardbred Breeders Fund Advisory Board.

(7.2) Notwithstanding any other provision of this Act to the contrary, if no thoroughbred racing is conducted at a racetrack located in Madison County during any calendar year beginning on or after January 1, 2002, all moneys derived by that racetrack from simulcast wagering and inter-track wagering that (1) are to be used for purses and (2) are generated between the hours of 6:30 a.m. and 6:30 p.m. during that calendar year shall be deposited as follows:

(A) If the licensee that conducts horse racing at that racetrack requests from the Board at least as many

racing dates as were conducted in calendar year 2000, 80% shall be deposited into its standardbred purse account; and

 (B) Twenty percent shall be deposited into the Illinois Colt Stakes Purse Distribution Fund. Moneys deposited into the Illinois Colt Stakes Purse Distribution Fund pursuant to this subparagraph (B) shall be paid to Illinois conceived and foaled thoroughbred breeders' programs and to thoroughbred purses for races conducted at any county fairgrounds for Illinois conceived and foaled horses at the discretion of the Department of Agriculture, with the advice and assistance of the Illinois Thoroughbred Breeders Fund Advisory Board. The moneys deposited into the Illinois Colt Stakes Purse Distribution Fund pursuant to this subparagraph (B) shall be deposited within 2 weeks after the day they were generated, shall be in addition to and not in lieu of any other moneys paid to thoroughbred purses under this Act, and shall not be commingled with other moneys deposited into that Fund.

(7.3) (Blank).

(7.4) (Blank).

(8) Notwithstanding any provision in this Act to the contrary, an organization licensee from a track located in a county with a population in excess of 230,000 and that

borders the Mississippi River and its affiliated non-host licensees shall not be entitled to share in any retention generated on racing, inter-track wagering, or simulcast wagering at any other Illinois wagering facility.

(8.1) Notwithstanding any provisions in this Act to the contrary, if 2 organization licensees are conducting standardbred race meetings concurrently between the hours of 6:30 p.m. and 6:30 a.m., after payment of all applicable State and local taxes and interstate commission fees, the remainder of the amount retained from simulcast wagering otherwise attributable to the host track and to host track purses shall be split daily between the 2 organization licensees and the purses at the tracks of the 2 organization licensees, respectively, based on each organization licensee's share of the total live handle for that day, provided that this provision shall not apply to any non-host licensee that derives its license from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River.

(9) (Blank).

(10) (Blank).

(11) (Blank).

(12) The Board shall have authority to compel all host tracks to receive the simulcast of any or all races conducted at the Springfield or DuQuoin State fairgrounds and include all such races as part of their simulcast

programs.

(13) Notwithstanding any other provision of this Act, in the event that the total Illinois pari-mutuel handle on Illinois horse races at all wagering facilities in any calendar year is less than 75% of the total Illinois pari-mutuel handle on Illinois horse races at all such wagering facilities for calendar year 1994, then each wagering facility that has an annual total Illinois pari-mutuel handle on Illinois horse races that is less than 75% of the total Illinois pari-mutuel handle on Illinois horse races at such wagering facility for calendar year 1994, shall be permitted to receive, from any amount otherwise payable to the purse account at the race track with which the wagering facility is affiliated in the succeeding calendar year, an amount equal to 2% of the differential in total Illinois pari-mutuel handle on Illinois horse races at the wagering facility between that calendar year in question and 1994 provided, however, that a wagering facility shall not be entitled to any such payment until the Board certifies in writing to the wagering facility the amount to which the wagering facility is entitled and a schedule for payment of the amount to the wagering facility, based on: (i) the racing dates awarded to the race track affiliated with the wagering facility during the succeeding year; (ii) the sums available or anticipated to be available in the purse account of the

race track affiliated with the wagering facility for purses during the succeeding year; and (iii) the need to ensure reasonable purse levels during the payment period. The Board's certification shall be provided no later than January 31 of the succeeding year. In the event a wagering facility entitled to a payment under this paragraph (13) is affiliated with a race track that maintains purse accounts for both standardbred and thoroughbred racing, the amount to be paid to the wagering facility shall be divided between each purse account pro rata, based on the amount of Illinois handle on Illinois standardbred and thoroughbred racing respectively at the wagering facility during the previous calendar year. Annually, the General Assembly shall appropriate sufficient funds from the General Revenue Fund to the Department of Agriculture for payment into the thoroughbred and standardbred horse racing purse accounts at Illinois pari-mutuel tracks. The amount paid to each purse account shall be the amount certified by the Illinois Racing Board in January to be transferred from each account to each eligible racing facility in accordance with the provisions of this Section. Beginning in the calendar year in which an organization licensee that is eligible to receive payment under this paragraph (13) begins to receive funds from gaming pursuant to an organization gaming license issued under the Illinois Gambling Act, the amount of the payment due to all wagering

facilities licensed under that organization licensee under this paragraph (13) shall be the amount certified by the Board in January of that year. An organization licensee and its related wagering facilities shall no longer be able to receive payments under this paragraph (13) beginning in the year subsequent to the first year in which the organization licensee begins to receive funds from gaming pursuant to an organization gaming license issued under the Illinois Gambling Act.

(h) The Board may approve and license the conduct of inter-track wagering and simulcast wagering by inter-track wagering licensees and inter-track wagering location licensees subject to the following terms and conditions:

(1) Any person licensed to conduct a race meeting (i) at a track where 60 or more days of racing were conducted during the immediately preceding calendar year or where over the 5 immediately preceding calendar years an average of 30 or more days of racing were conducted annually may be issued an inter-track wagering license; (ii) at a track located in a county that is bounded by the Mississippi River, which has a population of less than 150,000 according to the 1990 decennial census, and an average of at least 60 days of racing per year between 1985 and 1993 may be issued an inter-track wagering license; ~~or~~ (iii) at a track awarded standardbred racing dates; or (iv) at a track located in Madison County that conducted at least 100

days of live racing during the immediately preceding calendar year may be issued an inter-track wagering license, unless a lesser schedule of live racing is the result of (A) weather, unsafe track conditions, or other acts of God; (B) an agreement between the organization licensee and the associations representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meeting; or (C) a finding by the Board of extraordinary circumstances and that it was in the best interest of the public and the sport to conduct fewer than 100 days of live racing. Any such person having operating control of the racing facility may receive inter-track wagering location licenses. An eligible race track located in a county that has a population of more than 230,000 and that is bounded by the Mississippi River may establish up to 9 inter-track wagering locations, an eligible race track located in Stickney Township in Cook County may establish up to 16 inter-track wagering locations, and an eligible race track located in Palatine Township in Cook County may establish up to 18 inter-track wagering locations. An eligible racetrack conducting standardbred racing may have up to 16 inter-track wagering locations. An application for said license shall be filed with the Board prior to such dates as may be fixed by the Board. With an application for an inter-track wagering location license there shall be

delivered to the Board a certified check or bank draft payable to the order of the Board for an amount equal to \$500. The application shall be on forms prescribed and furnished by the Board. The application shall comply with all other rules, regulations and conditions imposed by the Board in connection therewith.

(2) The Board shall examine the applications with respect to their conformity with this Act and the rules and regulations imposed by the Board. If found to be in compliance with the Act and rules and regulations of the Board, the Board may then issue a license to conduct inter-track wagering and simulcast wagering to such applicant. All such applications shall be acted upon by the Board at a meeting to be held on such date as may be fixed by the Board.

(3) In granting licenses to conduct inter-track wagering and simulcast wagering, the Board shall give due consideration to the best interests of the public, of horse racing, and of maximizing revenue to the State.

(4) Prior to the issuance of a license to conduct inter-track wagering and simulcast wagering, the applicant shall file with the Board a bond payable to the State of Illinois in the sum of \$50,000, executed by the applicant and a surety company or companies authorized to do business in this State, and conditioned upon (i) the payment by the licensee of all taxes due under Section 27 or 27.1 and any

other monies due and payable under this Act, and (ii) distribution by the licensee, upon presentation of the winning ticket or tickets, of all sums payable to the patrons of pari-mutuel pools.

(5) Each license to conduct inter-track wagering and simulcast wagering shall specify the person to whom it is issued, the dates on which such wagering is permitted, and the track or location where the wagering is to be conducted.

(6) All wagering under such license is subject to this Act and to the rules and regulations from time to time prescribed by the Board, and every such license issued by the Board shall contain a recital to that effect.

(7) An inter-track wagering licensee or inter-track wagering location licensee may accept wagers at the track or location where it is licensed, or as otherwise provided under this Act.

(8) Inter-track wagering or simulcast wagering shall not be conducted at any track less than 4 ~~5~~ miles from a track at which a racing meeting is in progress.

(8.1) Inter-track wagering location licensees who derive their licenses from a particular organization licensee shall conduct inter-track wagering and simulcast wagering only at locations that are within 160 miles of that race track where the particular organization licensee is licensed to conduct racing. However, inter-track

wagering and simulcast wagering shall not be conducted by those licensees at any location within 5 miles of any race track at which a horse race meeting has been licensed in the current year, unless the person having operating control of such race track has given its written consent to such inter-track wagering location licensees, which consent must be filed with the Board at or prior to the time application is made. In the case of any inter-track wagering location licensee initially licensed after December 31, 2013, inter-track wagering and simulcast wagering shall not be conducted by those inter-track wagering location licensees that are located outside the City of Chicago at any location within 8 miles of any race track at which a horse race meeting has been licensed in the current year, unless the person having operating control of such race track has given its written consent to such inter-track wagering location licensees, which consent must be filed with the Board at or prior to the time application is made.

(8.2) Inter-track wagering or simulcast wagering shall not be conducted by an inter-track wagering location licensee at any location within 500 feet of an existing church, an ~~or~~ existing elementary or secondary public school, or an existing elementary or secondary private school registered with or recognized by the State Board of Education ~~school~~, nor within 500 feet of the residences of

more than 50 registered voters without receiving written permission from a majority of the registered voters at such residences. Such written permission statements shall be filed with the Board. The distance of 500 feet shall be measured to the nearest part of any building used for worship services, education programs, residential purposes, or conducting inter-track wagering by an inter-track wagering location licensee, and not to property boundaries. However, inter-track wagering or simulcast wagering may be conducted at a site within 500 feet of a church, school or residences of 50 or more registered voters if such church, school or residences have been erected or established, or such voters have been registered, after the Board issues the original inter-track wagering location license at the site in question. Inter-track wagering location licensees may conduct inter-track wagering and simulcast wagering only in areas that are zoned for commercial or manufacturing purposes or in areas for which a special use has been approved by the local zoning authority. However, no license to conduct inter-track wagering and simulcast wagering shall be granted by the Board with respect to any inter-track wagering location within the jurisdiction of any local zoning authority which has, by ordinance or by resolution, prohibited the establishment of an inter-track wagering location within its jurisdiction. However,

inter-track wagering and simulcast wagering may be conducted at a site if such ordinance or resolution is enacted after the Board licenses the original inter-track wagering location licensee for the site in question.

(9) (Blank).

(10) An inter-track wagering licensee or an inter-track wagering location licensee may retain, subject to the payment of the privilege taxes and the purses, an amount not to exceed 17% of all money wagered. Each program of racing conducted by each inter-track wagering licensee or inter-track wagering location licensee shall be considered a separate racing day for the purpose of determining the daily handle and computing the privilege tax or pari-mutuel tax on such daily handle as provided in Section 27.

(10.1) Except as provided in subsection (g) of Section 27 of this Act, inter-track wagering location licensees shall pay 1% of the pari-mutuel handle at each location to the municipality in which such location is situated and 1% of the pari-mutuel handle at each location to the county in which such location is situated. In the event that an inter-track wagering location licensee is situated in an unincorporated area of a county, such licensee shall pay 2% of the pari-mutuel handle from such location to such county.

(10.2) Notwithstanding any other provision of this

Act, with respect to inter-track wagering at a race track located in a county that has a population of more than 230,000 and that is bounded by the Mississippi River ("the first race track"), or at a facility operated by an inter-track wagering licensee or inter-track wagering location licensee that derives its license from the organization licensee that operates the first race track, on races conducted at the first race track or on races conducted at another Illinois race track and simultaneously televised to the first race track or to a facility operated by an inter-track wagering licensee or inter-track wagering location licensee that derives its license from the organization licensee that operates the first race track, those moneys shall be allocated as follows:

(A) That portion of all moneys wagered on standardbred racing that is required under this Act to be paid to purses shall be paid to purses for standardbred races.

(B) That portion of all moneys wagered on thoroughbred racing that is required under this Act to be paid to purses shall be paid to purses for thoroughbred races.

(11) (A) After payment of the privilege or pari-mutuel tax, any other applicable taxes, and the costs and expenses in connection with the gathering, transmission, and

dissemination of all data necessary to the conduct of inter-track wagering, the remainder of the monies retained under either Section 26 or Section 26.2 of this Act by the inter-track wagering licensee on inter-track wagering shall be allocated with 50% to be split between the 2 participating licensees and 50% to purses, except that an inter-track wagering licensee that derives its license from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River shall not divide any remaining retention with the Illinois organization licensee that provides the race or races, and an inter-track wagering licensee that accepts wagers on races conducted by an organization licensee that conducts a race meet in a county with a population in excess of 230,000 and that borders the Mississippi River shall not divide any remaining retention with that organization licensee.

(B) From the sums permitted to be retained pursuant to this Act each inter-track wagering location licensee shall pay (i) the privilege or pari-mutuel tax to the State; (ii) 4.75% of the pari-mutuel handle on inter-track wagering at such location on races as purses, except that an inter-track wagering location licensee that derives its license from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River shall retain all purse moneys for its own purse account

consistent with distribution set forth in this subsection (h), and inter-track wagering location licensees that accept wagers on races conducted by an organization licensee located in a county with a population in excess of 230,000 and that borders the Mississippi River shall distribute all purse moneys to purses at the operating host track; (iii) until January 1, 2000, except as provided in subsection (g) of Section 27 of this Act, 1% of the pari-mutuel handle wagered on inter-track wagering and simulcast wagering at each inter-track wagering location licensee facility to the Horse Racing Tax Allocation Fund, provided that, to the extent the total amount collected and distributed to the Horse Racing Tax Allocation Fund under this subsection (h) during any calendar year exceeds the amount collected and distributed to the Horse Racing Tax Allocation Fund during calendar year 1994, that excess amount shall be redistributed (I) to all inter-track wagering location licensees, based on each licensee's pro rata ~~pro rata~~ share of the total handle from inter-track wagering and simulcast wagering for all inter-track wagering location licensees during the calendar year in which this provision is applicable; then (II) the amounts redistributed to each inter-track wagering location licensee as described in subpart (I) shall be further redistributed as provided in subparagraph (B) of paragraph (5) of subsection (g) of this Section 26 provided first,

that the shares of those amounts, which are to be redistributed to the host track or to purses at the host track under subparagraph (B) of paragraph (5) of subsection (g) of this Section 26 shall be redistributed based on each host track's pro rata share of the total inter-track wagering and simulcast wagering handle at all host tracks during the calendar year in question, and second, that any amounts redistributed as described in part (I) to an inter-track wagering location licensee that accepts wagers on races conducted by an organization licensee that conducts a race meet in a county with a population in excess of 230,000 and that borders the Mississippi River shall be further redistributed, effective January 1, 2017, as provided in paragraph (7) of subsection (g) of this Section 26, with the portion of that further redistribution allocated to purses at that organization licensee to be divided between standardbred purses and thoroughbred purses based on the amounts otherwise allocated to purses at that organization licensee during the calendar year in question; and (iv) 8% of the pari-mutuel handle on inter-track wagering wagered at such location to satisfy all costs and expenses of conducting its wagering. The remainder of the monies retained by the inter-track wagering location licensee shall be allocated 40% to the location licensee and 60% to the organization licensee which provides the Illinois races to the location, except

that an inter-track wagering location licensee that derives its license from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River shall not divide any remaining retention with the organization licensee that provides the race or races and an inter-track wagering location licensee that accepts wagers on races conducted by an organization licensee that conducts a race meet in a county with a population in excess of 230,000 and that borders the Mississippi River shall not divide any remaining retention with the organization licensee. Notwithstanding the provisions of clauses (ii) and (iv) of this paragraph, in the case of the additional inter-track wagering location licenses authorized under paragraph (1) of this subsection (h) by Public Act 87-110, those licensees shall pay the following amounts as purses: during the first 12 months the licensee is in operation, 5.25% of the pari-mutuel handle wagered at the location on races; during the second 12 months, 5.25%; during the third 12 months, 5.75%; during the fourth 12 months, 6.25%; and during the fifth 12 months and thereafter, 6.75%. For additional inter-track location licensees authorized under Public Act 89-16, the licensee shall be allowed to retain to satisfy all costs and expenses: 7.75% of the pari-mutuel handle wagered at the location during its first 12 months of operation, 7.25% during its second 12 months of operation, and 6.75% thereafter.

Committee members shall serve for terms of 2 years, commencing January 1 of each even-numbered year. If a representative of any of the above-named entities has not been recommended by January 1 of any even-numbered year, the Governor shall appoint a committee member to fill that position. Committee members shall receive no compensation for their services as members but shall be reimbursed for all actual and necessary expenses and disbursements incurred in the performance of their official duties. The remaining 50% of this two-sevenths shall be distributed to county fairs for premiums and rehabilitation as set forth in the Agricultural Fair Act;

Four-sevenths to museums and aquariums located in

This subparagraph (C) shall be inoperative and of no force and effect on and after January 1, 2000.

(D) Except as provided in paragraph (11) of this subsection (h), with respect to purse allocation from inter-track wagering, the monies so retained shall be divided as follows:

(i) If the inter-track wagering licensee, except an inter-track wagering licensee that derives its license from an organization licensee located in a county with a population in excess of 230,000 and bounded by the Mississippi River, is not conducting its own race meeting during the same dates, then the entire purse allocation shall be to purses at the track where the races wagered on are

being conducted.

(ii) If the inter-track wagering licensee, except an inter-track wagering licensee that derives its license from an organization licensee located in a county with a population in excess of 230,000 and bounded by the Mississippi River, is also conducting its own race meeting during the same dates, then the purse allocation shall be as follows: 50% to purses at the track where the races wagered on are being conducted; 50% to purses at the track where the inter-track wagering licensee is accepting such wagers.

(iii) If the inter-track wagering is being conducted by an inter-track wagering location licensee, except an inter-track wagering location licensee that derives its license from an organization licensee located in a county with a population in excess of 230,000 and bounded by the Mississippi River, the entire purse allocation for Illinois races shall be to purses at the track where the race meeting being wagered on is being held.

(12) The Board shall have all powers necessary and proper to fully supervise and control the conduct of inter-track wagering and simulcast wagering by inter-track wagering licensees and inter-track wagering location

licensees, including, but not limited to the following:

(A) The Board is vested with power to promulgate reasonable rules and regulations for the purpose of administering the conduct of this wagering and to prescribe reasonable rules, regulations and conditions under which such wagering shall be held and conducted. Such rules and regulations are to provide for the prevention of practices detrimental to the public interest and for the best interests of said wagering and to impose penalties for violations thereof.

(B) The Board, and any person or persons to whom it delegates this power, is vested with the power to enter the facilities of any licensee to determine whether there has been compliance with the provisions of this Act and the rules and regulations relating to the conduct of such wagering.

(C) The Board, and any person or persons to whom it delegates this power, may eject or exclude from any licensee's facilities, any person whose conduct or reputation is such that his presence on such premises may, in the opinion of the Board, call into the question the honesty and integrity of, or interfere with the orderly conduct of such wagering; provided, however, that no person shall be excluded or ejected from such premises solely on the grounds of race, color, creed, national origin, ancestry, or sex.

(D) (Blank).

(E) The Board is vested with the power to appoint delegates to execute any of the powers granted to it under this Section for the purpose of administering this wagering and any rules and regulations promulgated in accordance with this Act.

(F) The Board shall name and appoint a State director of this wagering who shall be a representative of the Board and whose duty it shall be to supervise the conduct of inter-track wagering as may be provided for by the rules and regulations of the Board; such rules and regulation shall specify the method of appointment and the Director's powers, authority and duties.

(G) The Board is vested with the power to impose civil penalties of up to \$5,000 against individuals and up to \$10,000 against licensees for each violation of any provision of this Act relating to the conduct of this wagering, any rules adopted by the Board, any order of the Board or any other action which in the Board's discretion, is a detriment or impediment to such wagering.

(13) The Department of Agriculture may enter into agreements with licensees authorizing such licensees to conduct inter-track wagering on races to be held at the licensed race meetings conducted by the Department of

Agriculture. Such agreement shall specify the races of the Department of Agriculture's licensed race meeting upon which the licensees will conduct wagering. In the event that a licensee conducts inter-track pari-mutuel wagering on races from the Illinois State Fair or DuQuoin State Fair which are in addition to the licensee's previously approved racing program, those races shall be considered a separate racing day for the purpose of determining the daily handle and computing the privilege or pari-mutuel tax on that daily handle as provided in Sections 27 and 27.1. Such agreements shall be approved by the Board before such wagering may be conducted. In determining whether to grant approval, the Board shall give due consideration to the best interests of the public and of horse racing. The provisions of paragraphs (1), (8), (8.1), and (8.2) of subsection (h) of this Section which are not specified in this paragraph (13) shall not apply to licensed race meetings conducted by the Department of Agriculture at the Illinois State Fair in Sangamon County or the DuQuoin State Fair in Perry County, or to any wagering conducted on those race meetings.

(14) An inter-track wagering location license authorized by the Board in 2016 that is owned and operated by a race track in Rock Island County shall be transferred to a commonly owned race track in Cook County on August 12, 2016 (the effective date of Public Act 99-757). The

(i) Notwithstanding the other provisions of this Act, the conduct of wagering at wagering facilities is authorized on all days, except as limited by subsection (b) of Section 19 of this Act.

(230 ILCS 5/27) (from Ch. 8, par. 37-27)

Sec. 27. (a) In addition to the organization license fee provided by this Act, until January 1, 2000, a graduated privilege tax is hereby imposed for conducting the pari-mutuel system of wagering permitted under this Act. Until January 1, 2000, except as provided in subsection (g) of Section 27 of this Act, all of the breakage of each racing day held by any licensee in the State shall be paid to the State. Until January 1, 2000, such daily graduated privilege tax shall be paid by

the licensee from the amount permitted to be retained under this Act. Until January 1, 2000, each day's graduated privilege tax, breakage, and Horse Racing Tax Allocation funds shall be remitted to the Department of Revenue within 48 hours after the close of the racing day upon which it is assessed or within such other time as the Board prescribes. The privilege tax hereby imposed, until January 1, 2000, shall be a flat tax at the rate of 2% of the daily pari-mutuel handle except as provided in Section 27.1.

In addition, every organization licensee, except as provided in Section 27.1 of this Act, which conducts multiple wagering shall pay, until January 1, 2000, as a privilege tax on multiple wagers an amount equal to 1.25% of all moneys wagered each day on such multiple wagers, plus an additional amount equal to 3.5% of the amount wagered each day on any other multiple wager which involves a single betting interest on 3 or more horses. The licensee shall remit the amount of such taxes to the Department of Revenue within 48 hours after the close of the racing day on which it is assessed or within such other time as the Board prescribes.

This subsection (a) shall be inoperative and of no force and effect on and after January 1, 2000.

(a-5) Beginning on January 1, 2000, a flat pari-mutuel tax at the rate of 1.5% of the daily pari-mutuel handle is imposed at all pari-mutuel wagering facilities and on advance deposit wagering from a location other than a wagering facility, except

as otherwise provided for in this subsection (a-5). In addition to the pari-mutuel tax imposed on advance deposit wagering pursuant to this subsection (a-5), beginning on August 24, 2012 (the effective date of Public Act 97-1060) ~~and through December 31, 2020~~, an additional pari-mutuel tax at the rate of 0.25% shall be imposed on advance deposit wagering. Until August 25, 2012, the additional 0.25% pari-mutuel tax imposed on advance deposit wagering by Public Act 96-972 shall be deposited into the Quarter Horse Purse Fund, which shall be created as a non-appropriated trust fund administered by the Board for grants to thoroughbred organization licensees for payment of purses for quarter horse races conducted by the organization licensee. Beginning on August 26, 2012, the additional 0.25% pari-mutuel tax imposed on advance deposit wagering shall be deposited into the Standardbred Purse Fund, which shall be created as a non-appropriated trust fund administered by the Board, for grants to the standardbred organization licensees for payment of purses for standardbred horse races conducted by the organization licensee. Thoroughbred organization licensees may petition the Board to conduct quarter horse racing and receive purse grants from the Quarter Horse Purse Fund. The Board shall have complete discretion in distributing the Quarter Horse Purse Fund to the petitioning organization licensees. Beginning on July 26, 2010 (the effective date of Public Act 96-1287), a pari-mutuel tax at the rate of 0.75% of the daily pari-mutuel handle is imposed at a pari-mutuel

facility whose license is derived from a track located in a county that borders the Mississippi River and conducted live racing in the previous year. The pari-mutuel tax imposed by this subsection (a-5) shall be remitted to the Department of Revenue within 48 hours after the close of the racing day upon which it is assessed or within such other time as the Board prescribes.

(a-10) Beginning on the date when an organization licensee begins conducting gaming pursuant to an organization gaming license, the following pari-mutuel tax is imposed upon an organization licensee on Illinois races at the licensee's racetrack:

1.5% of the pari-mutuel handle at or below the average daily pari-mutuel handle for 2011.

2% of the pari-mutuel handle above the average daily pari-mutuel handle for 2011 up to 125% of the average daily pari-mutuel handle for 2011.

2.5% of the pari-mutuel handle 125% or more above the average daily pari-mutuel handle for 2011 up to 150% of the average daily pari-mutuel handle for 2011.

3% of the pari-mutuel handle 150% or more above the average daily pari-mutuel handle for 2011 up to 175% of the average daily pari-mutuel handle for 2011.

3.5% of the pari-mutuel handle 175% or more above the average daily pari-mutuel handle for 2011.

The pari-mutuel tax imposed by this subsection (a-10) shall

be remitted to the Board within 48 hours after the close of the racing day upon which it is assessed or within such other time as the Board prescribes.

(b) On or before December 31, 1999, in the event that any organization licensee conducts 2 separate programs of races on any day, each such program shall be considered a separate racing day for purposes of determining the daily handle and computing the privilege tax on such daily handle as provided in subsection (a) of this Section.

(c) Licensees shall at all times keep accurate books and records of all monies wagered on each day of a race meeting and of the taxes paid to the Department of Revenue under the provisions of this Section. The Board or its duly authorized representative or representatives shall at all reasonable times have access to such records for the purpose of examining and checking the same and ascertaining whether the proper amount of taxes is being paid as provided. The Board shall require verified reports and a statement of the total of all monies wagered daily at each wagering facility upon which the taxes are assessed and may prescribe forms upon which such reports and statement shall be made.

(d) Before a license is issued or re-issued, the licensee shall post a bond in the sum of \$500,000 to the State of Illinois. The bond shall be used to guarantee that the licensee faithfully makes the payments, keeps the books and records and makes reports, and conducts games of chance in conformity with

this Act and the rules adopted by the Board. The bond shall not be canceled by a surety on less than 30 days' notice in writing to the Board. If a bond is canceled and the licensee fails to file a new bond with the Board in the required amount on or before the effective date of cancellation, the licensee's license shall be revoked. The total and aggregate liability of the surety on the bond is limited to the amount specified in the bond. ~~Any licensee failing or refusing to pay the amount of any tax due under this Section shall be guilty of a business offense and upon conviction shall be fined not more than \$5,000 in addition to the amount found due as tax under this Section. Each day's violation shall constitute a separate offense. All fines paid into Court by a licensee hereunder shall be transmitted and paid over by the Clerk of the Court to the Board.~~

(e) No other license fee, privilege tax, excise tax, or racing fee, except as provided in this Act, shall be assessed or collected from any such licensee by the State.

(f) No other license fee, privilege tax, excise tax or racing fee shall be assessed or collected from any such licensee by units of local government except as provided in paragraph 10.1 of subsection (h) and subsection (f) of Section 26 of this Act. However, any municipality that has a Board licensed horse race meeting at a race track wholly within its corporate boundaries or a township that has a Board licensed horse race meeting at a race track wholly within the

unincorporated area of the township may charge a local amusement tax not to exceed 10¢ per admission to such horse race meeting by the enactment of an ordinance. However, any municipality or county that has a Board licensed inter-track wagering location facility wholly within its corporate boundaries may each impose an admission fee not to exceed \$1.00 per admission to such inter-track wagering location facility, so that a total of not more than \$2.00 per admission may be imposed. Except as provided in subparagraph (g) of Section 27 of this Act, the inter-track wagering location licensee shall collect any and all such fees and ~~within 48 hours~~ remit the fees to the Board as the Board prescribes, which shall, pursuant to rule, cause the fees to be distributed to the county or municipality.

(g) Notwithstanding any provision in this Act to the contrary, if in any calendar year the total taxes and fees from wagering on live racing and from inter-track wagering required to be collected from licensees and distributed under this Act to all State and local governmental authorities exceeds the amount of such taxes and fees distributed to each State and local governmental authority to which each State and local governmental authority was entitled under this Act for calendar year 1994, then the first \$11 million of that excess amount shall be allocated at the earliest possible date for distribution as purse money for the succeeding calendar year. Upon reaching the 1994 level, and until the excess amount of

taxes and fees exceeds \$11 million, the Board shall direct all licensees to cease paying the subject taxes and fees and the Board shall direct all licensees to allocate any such excess amount for purses as follows:

(i) the excess amount shall be initially divided between thoroughbred and standardbred purses based on the thoroughbred's and standardbred's respective percentages of total Illinois live wagering in calendar year 1994;

(ii) each thoroughbred and standardbred organization licensee issued an organization licensee in that succeeding allocation year shall be allocated an amount equal to the product of its percentage of total Illinois live thoroughbred or standardbred wagering in calendar year 1994 (the total to be determined based on the sum of 1994 on-track wagering for all organization licensees issued organization licenses in both the allocation year and the preceding year) multiplied by the total amount allocated for standardbred or thoroughbred purses, provided that the first \$1,500,000 of the amount allocated to standardbred purses under item (i) shall be allocated to the Department of Agriculture to be expended with the assistance and advice of the Illinois Standardbred Breeders Funds Advisory Board for the purposes listed in subsection (g) of Section 31 of this Act, before the amount allocated to standardbred purses under item (i) is allocated to standardbred organization licensees in the

succeeding allocation year.

To the extent the excess amount of taxes and fees to be collected and distributed to State and local governmental authorities exceeds \$11 million, that excess amount shall be collected and distributed to State and local authorities as provided for under this Act.

(a) After the privilege or pari-mutuel tax established in Sections 26(f), 27, and 27.1 is paid to the State from the monies retained by the organization licensee pursuant to Sections 26, 26.2, and 26.3, the remainder of those monies retained pursuant to Sections 26 and 26.2, except as provided in subsection (g) of Section 27 of this Act, shall be allocated evenly to the organization licensee and as purses.

horses that race at the track of the organization licensee, an amount equal to at least 5% of any and all revenue earned by the organization licensee for purses for that calendar year. Amounts may be used for any legal purpose, including, but not limited to, operational expenses, programs for backstretch workers, retirement plans, diversity scholarships, horse aftercare programs, workers compensation insurance fees, and horse ownership programs. Financial statements highlighting how the funding is spent shall be provided upon request to the organization licensee. The appropriate thoroughbred or standardbred horsemen organization shall make that information available on its website.

~~Each organization licensee and inter track wagering licensee from the money retained for purses as set forth in subsection (a) of this Section, shall pay to an organization representing the largest number of horse owners and trainers which has negotiated a contract with the organization licensee for such purpose an amount equal to at least 1% of the organization licensee's and inter track wagering licensee's retention of the pari-mutuel handle for the racing season. Each inter track wagering location licensee, from the 4% of its handle required to be paid as purses under paragraph (11) of subsection (h) of Section 26 of this Act, shall pay to the~~

~~contractually established representative organization 2% of that 4%, provided that the payments so made to the organization shall not exceed a total of \$125,000 in any calendar year. Such contract shall be negotiated and signed prior to the beginning of the racing season.~~

The amount of the tax credit under this Section shall be retained by each licensee and shall not be subject to any reallocation or further distribution under this Act. The Board shall review all applications for owners licenses, and shall inform each applicant of the Board's decision. The Board may grant an owners license to an applicant that has not submitted the highest license bid, but if it does not select the highest bidder, the Board shall issue a written decision explaining why another applicant was selected and identifying the factors set forth in this Section that favored the winning bidder. The fee for issuance or renewal of a license pursuant to this subsection (e) shall be \$250,000.

All applications for a license under this subsection (e-5) shall include the nonrefundable application fee and the nonrefundable background investigation fee as provided in subsection (d) of Section 6 of this Act. In the event that an applicant submits an application for a license pursuant to this subsection (e-5) prior to the effective date of this amendatory Act of the 101st General Assembly, such applicant shall submit the nonrefundable application fee and background investigation fee as provided in subsection (d) of Section 6 of this Act no later than 6 months after the effective date of this amendatory Act of the 101st General Assembly.

The Board shall consider issuing a license pursuant to

paragraphs (1) through (6) of this subsection only after the corporate authority of the municipality or the county board of the county in which the riverboat or casino shall be located has certified to the Board the following:

(i) that the applicant has negotiated with the corporate authority or county board in good faith;

(ii) that the applicant and the corporate authority or county board have mutually agreed on the permanent location of the riverboat or casino;

(iii) that the applicant and the corporate authority or county board have mutually agreed on the temporary location of the riverboat or casino;

this subsection, it shall hold a public hearing to discuss items (i) through (vi), as well as any other details concerning the proposed riverboat or casino in the municipality or county. The corporate authority or county board must subsequently memorialize the details concerning the proposed riverboat or casino in a resolution that must be adopted by a majority of the corporate authority or county board before any certification is sent to the Board. The Board shall not alter, amend, change, or otherwise interfere with any agreement between the applicant and the corporate authority of the municipality or county board of the county regarding the location of any temporary or permanent facility.

In addition, within 10 days after the effective date of this amendatory Act of the 101st General Assembly, the Board, with consent and at the expense of the City of Chicago, shall select and retain the services of a nationally recognized casino gaming feasibility consultant. Within 45 days after the effective date of this amendatory Act of the 101st General Assembly, the consultant shall prepare and deliver to the Board a study concerning the feasibility of, and the ability to finance, a casino in the City of Chicago. The feasibility study shall be delivered to the Mayor of the City of Chicago, the Governor, the President of the Senate, and the Speaker of the House of Representatives. Ninety days after receipt of the feasibility study, the Board shall make a determination, based on the results of the feasibility study, whether to recommend

to the General Assembly that the terms of the license under paragraph (1) of this subsection (e-5) should be modified. The Board may begin accepting applications for the owners license under paragraph (1) of this subsection (e-5) upon the determination to issue such an owners license.

In addition, prior to the Board issuing the owners license authorized under paragraph (4) of subsection (e-5), an impact study shall be completed to determine what location in the city will provide the greater impact to the region, including the creation of jobs and the generation of tax revenue.

(e-10) The licenses authorized under subsection (e-5) of this Section shall be issued within 12 months after the date the license application is submitted. If the Board does not issue the licenses within that time period, then the Board shall give a written explanation to the applicant as to why it has not reached a determination and when it reasonably expects to make a determination. The fee for the issuance or renewal of a license issued pursuant to this subsection (e-10) shall be \$250,000. Additionally, a licensee located outside of Cook County shall pay a minimum initial fee of \$17,500 per gaming position, and a licensee located in Cook County shall pay a minimum initial fee of \$30,000 per gaming position. The initial fees payable under this subsection (e-10) shall be deposited into the Rebuild Illinois Projects Fund.

(e-15) Each licensee of a license authorized under subsection (e-5) of this Section shall make a reconciliation

payment 3 years after the date the licensee begins operating in an amount equal to 75% of the adjusted gross receipts for the most lucrative 12-month period of operations, minus an amount equal to the initial payment per gaming position paid by the specific licensee. Each licensee shall pay a \$15,000,000 reconciliation fee upon issuance of an owners license. If this calculation results in a negative amount, then the licensee is not entitled to any reimbursement of fees previously paid. This reconciliation payment may be made in installments over a period of no more than 2 years, subject to Board approval. Any installment payments shall include an annual market interest rate as determined by the Board. All payments by licensees under this subsection (e-15) shall be deposited into the Rebuild Illinois Projects Fund.

(e-20) In addition to any other revocation powers granted to the Board under this Act, the Board may revoke the owners license of a licensee which fails to begin conducting gambling within 15 months of receipt of the Board's approval of the application if the Board determines that license revocation is in the best interests of the State.

(f) The first 10 owners licenses issued under this Act shall permit the holder to own up to 2 riverboats and equipment thereon for a period of 3 years after the effective date of the license. Holders of the first 10 owners licenses must pay the annual license fee for each of the 3 years during which they are authorized to own riverboats.

(g) Upon the termination, expiration, or revocation of each of the first 10 licenses, which shall be issued for a 3 year period, all licenses are renewable annually upon payment of the fee and a determination by the Board that the licensee continues to meet all of the requirements of this Act and the Board's rules. However, for licenses renewed on or after May 1, 1998, renewal shall be for a period of 4 years, unless the Board sets a shorter period.

(h) An owners license, except for an owners license issued under subsection (e-5) of this Section, shall entitle the licensee to own up to 2 riverboats.

An owners licensee of a casino or riverboat that is located in the City of Chicago pursuant to paragraph (1) of subsection (e-5) of this Section shall limit the number of gaming positions to 4,000 for such owner. An owners licensee authorized under subsection (e) or paragraph (2), (3), (4), or (5) of subsection (e-5) of this Section shall limit the number of gaming positions to 2,000 for any such owners license. An owners licensee authorized under paragraph (6) of subsection (e-5) of this Section ~~A licensee~~ shall limit the number of gaming positions ~~gambling participants~~ to 1,200 for ~~any~~ such owner. The initial fee for each gaming position obtained on or after the effective date of this amendatory Act of the 101st General Assembly shall be a minimum of \$17,500 for licensees not located in Cook County and a minimum of \$30,000 for licensees located in Cook County, in addition to the

reconciliation payment, as set forth in subsection (e-15) of this Section ~~owners license~~. The fees under this subsection (h) shall be deposited into the Rebuild Illinois Projects Fund. The fees under this subsection (h) that are paid by an owners licensee authorized under subsection (e) shall be paid by July 1, 2020.

Each owners licensee under subsection (e) of this Section shall reserve its gaming positions within 30 days after the effective date of this amendatory Act of the 101st General Assembly. The Board may grant an extension to this 30-day period, provided that the owners licensee submits a written request and explanation as to why it is unable to reserve its positions within the 30-day period.

Each owners licensee under subsection (e-5) of this Section shall reserve its gaming positions within 30 days after issuance of its owners license. The Board may grant an extension to this 30-day period, provided that the owners licensee submits a written request and explanation as to why it is unable to reserve its positions within the 30-day period.

A licensee may operate both of its riverboats concurrently, provided that the total number of gaming positions ~~gambling participants~~ on both riverboats does not exceed the limit established pursuant to this subsection ~~1,200~~. Riverboats licensed to operate on the Mississippi River and the Illinois River south of Marshall County shall have an authorized capacity of at least 500 persons. Any other riverboat licensed

under this Act shall have an authorized capacity of at least 400 persons.

(h-5) An owners licensee who conducted gambling operations prior to January 1, 2012 and obtains positions pursuant to this amendatory Act of the 101st General Assembly shall make a reconciliation payment 3 years after any additional gaming positions begin operating in an amount equal to 75% of the owners licensee's average gross receipts for the most lucrative 12-month period of operations minus an amount equal to the initial fee that the owners licensee paid per additional gaming position. For purposes of this subsection (h-5), "average gross receipts" means (i) the increase in adjusted gross receipts for the most lucrative 12-month period of operations over the adjusted gross receipts for 2019, multiplied by (ii) the percentage derived by dividing the number of additional gaming positions that an owners licensee had obtained by the total number of gaming positions operated by the owners licensee. If this calculation results in a negative amount, then the owners licensee is not entitled to any reimbursement of fees previously paid. This reconciliation payment may be made in installments over a period of no more than 2 years, subject to Board approval. Any installment payments shall include an annual market interest rate as determined by the Board. These reconciliation payments shall be deposited into the Rebuild Illinois Projects Fund.

(i) A licensed owner is authorized to apply to the Board

for and, if approved therefor, to receive all licenses from the Board necessary for the operation of a riverboat or casino, including a liquor license, a license to prepare and serve food for human consumption, and other necessary licenses. All use, occupation and excise taxes which apply to the sale of food and beverages in this State and all taxes imposed on the sale or use of tangible personal property apply to such sales aboard the riverboat or in the casino.

(j) The Board may issue or re-issue a license authorizing a riverboat to dock in a municipality or approve a relocation under Section 11.2 only if, prior to the issuance or re-issuance of the license or approval, the governing body of the municipality in which the riverboat will dock has by a majority vote approved the docking of riverboats in the municipality. The Board may issue or re-issue a license authorizing a riverboat to dock in areas of a county outside any municipality or approve a relocation under Section 11.2 only if, prior to the issuance or re-issuance of the license or approval, the governing body of the county has by a majority vote approved of the docking of riverboats within such areas.

(k) An owners licensee may conduct land-based gambling operations upon approval by the Board and payment of a fee of \$250,000, which shall be deposited into the State Gaming Fund.

(l) An owners licensee may conduct gaming at a temporary facility pending the construction of a permanent facility or the remodeling or relocation of an existing facility to

accommodate gaming participants for up to 24 months after the temporary facility begins to conduct gaming. Upon request by an owners licensee and upon a showing of good cause by the owners licensee, the Board shall extend the period during which the licensee may conduct gaming at a temporary facility by up to 12 months. The Board shall make rules concerning the conduct of gaming from temporary facilities.

Sec. 7.3. State conduct of gambling operations.

(a) If, after reviewing each application for a re-issued license, the Board determines that the highest prospective total revenue to the State would be derived from State conduct of the gambling operation in lieu of re-issuing the license, the Board shall inform each applicant of its decision. The Board shall thereafter have the authority, without obtaining an owners license, to conduct casino or riverboat gambling operations as previously authorized by the terminated, expired, revoked, or nonrenewed license through a licensed manager selected pursuant to an open and competitive bidding process as set forth in Section 7.5 and as provided in Section 7.4.

(b) The Board may locate any casino or riverboat on which a gambling operation is conducted by the State in any home dock or other location authorized by Section 3(c) upon receipt of

approval from a majority vote of the governing body of the municipality or county, as the case may be, in which the riverboat will dock.

(c) The Board shall have jurisdiction over and shall supervise all gambling operations conducted by the State provided for in this Act and shall have all powers necessary and proper to fully and effectively execute the provisions of this Act relating to gambling operations conducted by the State.

(d) The maximum number of owners licenses authorized under Section 7 ~~7(e)~~ shall be reduced by one for each instance in which the Board authorizes the State to conduct a casino or riverboat gambling operation under subsection (a) in lieu of re-issuing a license to an applicant under Section 7.1.

(3) After receiving all of the bid proposals, the Board shall open all of the proposals in a public forum and disclose the prospective owners or managers names, venture partners, if any, and, in the case of applicants for owners licenses, the locations of the proposed development sites.

(5) The Board shall evaluate the proposals within a reasonable time and select no more than 3 final applicants to make presentations of their proposals to the Board.

(6) The final applicants shall make their presentations to the Board on the same day during an open session of the Board.

(7) As soon as practicable after the public presentations by the final applicants, the Board, in its discretion, may conduct further negotiations among the 3 final applicants. During such negotiations, each final applicant may increase its license bid or otherwise enhance its bid proposal. At the conclusion of such negotiations, the Board shall select the

winning proposal. In the case of negotiations for an owners license, the Board may, at the conclusion of such negotiations, make the determination allowed under Section 7.3(a).

(8) Upon selection of a winning bid, the Board shall evaluate the winning bid within a reasonable period of time for licensee suitability in accordance with all applicable statutory and regulatory criteria.

(9) If the winning bidder is unable or otherwise fails to consummate the transaction, (including if the Board determines that the winning bidder does not satisfy the suitability requirements), the Board may, on the same criteria, select from the remaining bidders or make the determination allowed under Section 7.3(a).

An amount equal to the amount of wagering taxes collected under this subsection (a-3) that are in addition to the amount of wagering taxes that would have been collected if the wagering tax rates under subsection (a-2) were in effect shall be paid into the Common School Fund.

The privilege tax imposed under this subsection (a-3) shall no longer be imposed beginning on the earlier of (i) July 1,

2005; (ii) the first date after June 20, 2003 that riverboat gambling operations are conducted pursuant to a dormant license; or (iii) the first day that riverboat gambling operations are conducted under the authority of an owners license that is in addition to the 10 owners licenses initially authorized under this Act. For the purposes of this subsection (a-3), the term "dormant license" means an owners license that is authorized by this Act under which no riverboat gambling operations are being conducted on June 20, 2003.

(a-4) Beginning on the first day on which the tax imposed under subsection (a-3) is no longer imposed and ending upon the imposition of the privilege tax under subsection (a-5) of this Section, a privilege tax is imposed on persons engaged in the business of conducting ~~riverboat~~ gambling operations, other than licensed managers conducting riverboat gambling operations on behalf of the State, based on the adjusted gross receipts received by a licensed owner from gambling games authorized under this Act at the following rates:

15% of annual adjusted gross receipts up to and including \$25,000,000;

22.5% of annual adjusted gross receipts in excess of \$25,000,000 but not exceeding \$50,000,000;

37.5% of annual adjusted gross receipts in excess of \$100,000,000 but not exceeding \$150,000,000;

45% of annual adjusted gross receipts in excess of \$150,000,000 but not exceeding \$200,000,000;

50% of annual adjusted gross receipts in excess of \$200,000,000.

For the imposition of the privilege tax in this subsection (a-4), amounts paid pursuant to item (1) of subsection (b) of Section 56 of the Illinois Horse Racing Act of 1975 shall not be included in the determination of adjusted gross receipts.

(a-5) Beginning on the first day that an owners licensee under paragraph (1), (2), (3), (4), (5), or (6) of subsection (e-5) of Section 7 conducts gambling operations, either in a temporary facility or a permanent facility, a privilege tax is imposed on persons engaged in the business of conducting gambling operations, other than licensed managers conducting riverboat gambling operations on behalf of the State, based on the adjusted gross receipts received by such licensee from the gambling games authorized under this Act. The privilege tax for all gambling games other than table games, including, but not limited to, slot machines, video game of chance gambling, and electronic gambling games shall be at the following rates:

15% of annual adjusted gross receipts up to and including \$25,000,000;

22.5% of annual adjusted gross receipts in excess of \$25,000,000 but not exceeding \$50,000,000;

27.5% of annual adjusted gross receipts in excess of \$50,000,000 but not exceeding \$75,000,000;

32.5% of annual adjusted gross receipts in excess of \$75,000,000 but not exceeding \$100,000,000;

37.5% of annual adjusted gross receipts in excess of \$100,000,000 but not exceeding \$150,000,000;

45% of annual adjusted gross receipts in excess of \$150,000,000 but not exceeding \$200,000,000;

50% of annual adjusted gross receipts in excess of \$200,000,000.

The privilege tax for table games shall be at the following rates:

15% of annual adjusted gross receipts up to and including \$25,000,000;

20% of annual adjusted gross receipts in excess of \$25,000,000.

For the imposition of the privilege tax in this subsection (a-5), amounts paid pursuant to item (1) of subsection (b) of Section 56 of the Illinois Horse Racing Act of 1975 shall not be included in the determination of adjusted gross receipts.

Notwithstanding the provisions of this subsection (a-5), for the first 10 years that the privilege tax is imposed under this subsection (a-5), the privilege tax shall be imposed on the modified annual adjusted gross receipts of a riverboat or casino conducting gambling operations in the City of East St. Louis, unless:

(1) the riverboat or casino fails to employ at least 450 people;

(2) the riverboat or casino fails to maintain operations in a manner consistent with this Act or is not a viable riverboat or casino subject to the approval of the Board; or

(3) the owners licensee is not an entity in which employees participate in an employee stock ownership plan.

As used in this subsection (a-5), "modified annual adjusted gross receipts" means:

(A) for calendar year 2020, the annual adjusted gross receipts for the current year minus the difference between an amount equal to the average annual adjusted gross receipts from a riverboat or casino conducting gambling operations in the City of East St. Louis for 2014, 2015, 2016, 2017, and 2018 and the annual adjusted gross receipts for 2018;

(B) for calendar year 2021, the annual adjusted gross receipts for the current year minus the difference between an amount equal to the average annual adjusted gross receipts from a riverboat or casino conducting gambling operations in the City of East St. Louis for 2014, 2015, 2016, 2017, and 2018 and the annual adjusted gross receipts for 2019; and

(C) for calendar years 2022 through 2029, the annual adjusted gross receipts for the current year minus the

difference between an amount equal to the average annual adjusted gross receipts from a riverboat or casino conducting gambling operations in the City of East St. Louis for 3 years preceding the current year and the annual adjusted gross receipts for the immediately preceding year.

(a-5.5) In addition to the privilege tax imposed under subsection (a-5), a privilege tax is imposed on the owners licensee under paragraph (1) of subsection (e-5) of Section 7 at the rate of one-third of the owners licensee's adjusted gross receipts.

For the imposition of the privilege tax in this subsection (a-5.5), amounts paid pursuant to item (1) of subsection (b) of Section 56 of the Illinois Horse Racing Act of 1975 shall not be included in the determination of adjusted gross receipts.

(a-6) From the effective date of this amendatory Act of the 101st General Assembly until June 30, 2023, an owners licensee that conducted gambling operations prior to January 1, 2011 shall receive a dollar-for-dollar credit against the tax imposed under this Section for any renovation or construction costs paid by the owners licensee, but in no event shall the credit exceed \$2,000,000.

Additionally, from the effective date of this amendatory Act of the 101st General Assembly until December 31, 2022, an owners licensee that (i) is located within 15 miles of the Missouri border, and (ii) has at least 3 riverboats, casinos,

or their equivalent within a 45-mile radius, may be authorized to relocate to a new location with the approval of both the unit of local government designated as the home dock and the Board, so long as the new location is within the same unit of local government and no more than 3 miles away from its original location. Such owners licensee shall receive a credit against the tax imposed under this Section equal to 8% of the total project costs, as approved by the Board, for any renovation or construction costs paid by the owners licensee for the construction of the new facility, provided that the new facility is operational by July 1, 2022. In determining whether or not to approve a relocation, the Board must consider the extent to which the relocation will diminish the gaming revenues received by other Illinois gaming facilities.

(a-7) Beginning in the initial adjustment year and through the final adjustment year, if the total obligation imposed pursuant to either subsection (a-5) or (a-6) will result in an owners licensee receiving less after-tax adjusted gross receipts than it received in calendar year 2018, then the total amount of privilege taxes that the owners licensee is required to pay for that calendar year shall be reduced to the extent necessary so that the after-tax adjusted gross receipts in that calendar year equals the after-tax adjusted gross receipts in calendar year 2018, but the privilege tax reduction shall not exceed the annual adjustment cap. If pursuant to this subsection (a-7), the total obligation imposed pursuant to

either subsection (a-5) or (a-6) shall be reduced, then the owners licensee shall not receive a refund from the State at the end of the subject calendar year but instead shall be able to apply that amount as a credit against any payments it owes to the State in the following calendar year to satisfy its total obligation under either subsection (a-5) or (a-6). The credit for the final adjustment year shall occur in the calendar year following the final adjustment year.

If an owners licensee that conducted gambling operations prior to January 1, 2019 expands its riverboat or casino, including, but not limited to, with respect to its gaming floor, additional non-gaming amenities such as restaurants, bars, and hotels and other additional facilities, and incurs construction and other costs related to such expansion from the effective date of this amendatory Act of the 101st General Assembly until the 5th anniversary of the effective date of this amendatory Act of the 101st General Assembly, then for each \$15,000,000 spent for any such construction or other costs related to expansion paid by the owners licensee, the final adjustment year shall be extended by one year and the annual adjustment cap shall increase by 0.2% of adjusted gross receipts during each calendar year until and including the final adjustment year. No further modifications to the final adjustment year or annual adjustment cap shall be made after \$75,000,000 is incurred in construction or other costs related to expansion so that the final adjustment year shall not extend

beyond the 9th calendar year after the initial adjustment year, not including the initial adjustment year, and the annual adjustment cap shall not exceed 4% of adjusted gross receipts in a particular calendar year. Construction and other costs related to expansion shall include all project related costs, including, but not limited to, all hard and soft costs, financing costs, on or off-site ground, road or utility work, cost of gaming equipment and all other personal property, initial fees assessed for each incremental gaming position, and the cost of incremental land acquired for such expansion. Soft costs shall include, but not be limited to, legal fees, architect, engineering and design costs, other consultant costs, insurance cost, permitting costs, and pre-opening costs related to the expansion, including, but not limited to, any of the following: marketing, real estate taxes, personnel, training, travel and out-of-pocket expenses, supply, inventory, and other costs, and any other project related soft costs.

To be eligible for the tax credits in subsection (a-6), all construction contracts shall include a requirement that the contractor enter into a project labor agreement with the building and construction trades council with geographic jurisdiction of the location of the proposed gaming facility.

Notwithstanding any other provision of this subsection (a-7), this subsection (a-7) does not apply to an owners licensee unless such owners licensee spends at least

\$15,000,000 on construction and other costs related to its expansion, excluding the initial fees assessed for each incremental gaming position.

This subsection (a-7) does not apply to owners licensees authorized pursuant to subsection (e-5) of Section 7 of this Act.

For purposes of this subsection (a-7):

"Building and construction trades council" means any organization representing multiple construction entities that are monitoring or attentive to compliance with public or workers' safety laws, wage and hour requirements, or other statutory requirements or that are making or maintaining collective bargaining agreements.

"Initial adjustment year" means the year commencing on January 1 of the calendar year immediately following the earlier of the following:

(1) the commencement of gambling operations, either in a temporary or permanent facility, with respect to the owners license authorized under paragraph (1) of subsection (e-5) of Section 7 of this Act; or

(2) 24 months after the effective date of this amendatory Act of the 101st General Assembly, provided the initial adjustment year shall not commence earlier than 12 months after the effective date of this amendatory Act of the 101st General Assembly.

"Final adjustment year" means the 2nd calendar year after

the initial adjustment year, not including the initial adjustment year, and as may be extended further as described in this subsection (a-7).

"Annual adjustment cap" means 3% of adjusted gross receipts in a particular calendar year, and as may be increased further as otherwise described in this subsection (a-7).

(a-8) Riverboat gambling operations conducted by a licensed manager on behalf of the State are not subject to the tax imposed under this Section.

(a-9) Beginning on January 1, 2020, the calculation of gross receipts or adjusted gross receipts, for the purposes of this Section, for a riverboat, a casino, or an organization gaming facility shall not include the dollar amount of non-cashable vouchers, coupons, and electronic promotions redeemed by wagerers upon the riverboat, in the casino, or in the organization gaming facility up to and including an amount not to exceed 20% of a riverboat's, a casino's, or an organization gaming facility's adjusted gross receipts.

The Illinois Gaming Board shall submit to the General Assembly a comprehensive report no later than March 31, 2023 detailing, at a minimum, the effect of removing non-cashable vouchers, coupons, and electronic promotions from this calculation on net gaming revenues to the State in calendar years 2020 through 2022, the increase or reduction in wagerers as a result of removing non-cashable vouchers, coupons, and electronic promotions from this calculation, the effect of the

tax rates in subsection (a-5) on net gaming revenues to this State, and proposed modifications to the calculation.

(a-10) The taxes imposed by this Section shall be paid by the licensed owner or the organization gaming licensee to the Board not later than 5:00 o'clock p.m. of the day after the day when the wagers were made.

(a-15) If the privilege tax imposed under subsection (a-3) is no longer imposed pursuant to item (i) of the last paragraph of subsection (a-3), then by June 15 of each year, each owners licensee, other than an owners licensee that admitted 1,000,000 persons or fewer in calendar year 2004, must, in addition to the payment of all amounts otherwise due under this Section, pay to the Board a reconciliation payment in the amount, if any, by which the licensed owner's base amount exceeds the amount of net privilege tax paid by the licensed owner to the Board in the then current State fiscal year. A licensed owner's net privilege tax obligation due for the balance of the State fiscal year shall be reduced up to the total of the amount paid by the licensed owner in its June 15 reconciliation payment. The obligation imposed by this subsection (a-15) is binding on any person, firm, corporation, or other entity that acquires an ownership interest in any such owners license. The obligation imposed under this subsection (a-15) terminates on the earliest of: (i) July 1, 2007, (ii) the first day after the effective date of this amendatory Act of the 94th General Assembly that riverboat gambling operations are conducted pursuant to a

dormant license, (iii) the first day that riverboat gambling operations are conducted under the authority of an owners license that is in addition to the 10 owners licenses initially authorized under this Act, or (iv) the first day that a licensee under the Illinois Horse Racing Act of 1975 conducts gaming operations with slot machines or other electronic gaming devices. The Board must reduce the obligation imposed under this subsection (a-15) by an amount the Board deems reasonable for any of the following reasons: (A) an act or acts of God, (B) an act of bioterrorism or terrorism or a bioterrorism or terrorism threat that was investigated by a law enforcement agency, or (C) a condition beyond the control of the owners licensee that does not result from any act or omission by the owners licensee or any of its agents and that poses a hazardous threat to the health and safety of patrons. If an owners licensee pays an amount in excess of its liability under this Section, the Board shall apply the overpayment to future payments required under this Section.

For purposes of this subsection (a-15):

"Act of God" means an incident caused by the operation of an extraordinary force that cannot be foreseen, that cannot be avoided by the exercise of due care, and for which no person can be held liable.

"Base amount" means the following:

For a riverboat in Alton, \$31,000,000.

For a riverboat in East Peoria, \$43,000,000.

For the Empress riverboat in Joliet, \$86,000,000.

For a riverboat in Metropolis, \$45,000,000.

For the Harrah's riverboat in Joliet, \$114,000,000.

For a riverboat in Aurora, \$86,000,000.

For a riverboat in East St. Louis, \$48,500,000.

For a riverboat in Elgin, \$198,000,000.

"Dormant license" has the meaning ascribed to it in subsection (a-3).

"Net privilege tax" means all privilege taxes paid by a licensed owner to the Board under this Section, less all payments made from the State Gaming Fund pursuant to subsection (b) of this Section.

The changes made to this subsection (a-15) by Public Act 94-839 are intended to restate and clarify the intent of Public Act 94-673 with respect to the amount of the payments required to be made under this subsection by an owners licensee to the Board.

(b) ~~From Until January 1, 1998, 25% of the tax revenue deposited in the State Gaming Fund under this Section shall be paid, subject to appropriation by the General Assembly, to the unit of local government which is designated as the home dock of the riverboat. Sec. 15. Minimum requirements for licensing and registration. Every video gaming terminal offered for play shall first be tested and approved pursuant to the rules of the Board, and each video gaming terminal offered in this State for play shall conform to an approved model. For the examination of video gaming machines and associated equipment as required by this Section, the Board shall ~~may~~ utilize the services of ~~one or more~~ independent outside testing laboratories that have been accredited in accordance with ISO/IEC 17025 by an accreditation body that is a signatory to the International Laboratory Accreditation Cooperation Mutual Recognition Agreement signifying they are qualified to ~~by a national accreditation body and that, in the judgment of the Board, are qualified to~~ perform such examinations. Notwithstanding any law to the contrary, the Board shall consider the licensing of independent outside testing laboratory applicants in accordance with procedures established by the Board by rule. The Board shall not withhold its approval of an independent outside testing laboratory license applicant that has been accredited as required by this Section and is licensed in gaming jurisdictions comparable to Illinois. Upon the finalization of

required rules, the Board shall license independent testing laboratories and accept the test reports of any licensed testing laboratory of the video gaming machine's or associated equipment manufacturer's choice, notwithstanding the existence of contracts between the Board and any independent testing laboratory. Every video gaming terminal offered in this State for play must meet minimum standards ~~set by an independent outside testing laboratory~~ approved by the Board. Each approved model shall, at a minimum, meet the following criteria:

(1) It must conform to all requirements of federal law and regulations, including FCC Class A Emissions Standards.

(2) It must theoretically pay out a mathematically demonstrable percentage during the expected lifetime of the machine of all amounts played, which must not be less than 80%. The Board shall establish a maximum payout percentage for approved models by rule. Video gaming terminals that may be affected by skill must meet this standard when using a method of play that will provide the greatest return to the player over a period of continuous play.

(3) It must use a random selection process to determine the outcome of each play of a game. The random selection process must meet 99% confidence limits using a standard chi-squared test for (randomness) goodness of fit.

(4) It must display an accurate representation of the

game outcome.

(5) It must not automatically alter pay tables or any function of the video gaming terminal based on internal computation of hold percentage or have any means of manipulation that affects the random selection process or probabilities of winning a game.

(6) It must not be adversely affected by static discharge or other electromagnetic interference.

(7) It must be capable of detecting and displaying the following conditions during idle states or on demand: power reset; door open; and door just closed.

(8) It must have the capacity to display complete play history (outcome, intermediate play steps, credits available, bets placed, credits paid, and credits cashed out) for the most recent game played and 10 games prior thereto.

(9) The theoretical payback percentage of a video gaming terminal must not be capable of being changed without making a hardware or software change in the video gaming terminal, either on site or via the central communications system.

(10) Video gaming terminals must be designed so that replacement of parts or modules required for normal maintenance does not necessitate replacement of the electromechanical meters.

(11) It must have nonresettable meters housed in a

locked area of the terminal that keep a permanent record of all cash inserted into the machine, all winnings made by the terminal printer, credits played in for video gaming terminals, and credits won by video gaming players. The video gaming terminal must provide the means for on-demand display of stored information as determined by the Board.

(12) Electronically stored meter information required by this Section must be preserved for a minimum of 180 days after a power loss to the service.

(13) It must have one or more mechanisms that accept cash in the form of bills. The mechanisms shall be designed to prevent obtaining credits without paying by stringing, slamming, drilling, or other means. If such attempts at physical tampering are made, the video gaming terminal shall suspend itself from operating until reset.

(14) It shall have accounting software that keeps an electronic record which includes, but is not limited to, the following: total cash inserted into the video gaming terminal; the value of winning tickets claimed by players; the total credits played; the total credits awarded by a video gaming terminal; and pay back percentage credited to players of each video game.

(15) It shall be linked by a central communications system to provide auditing program information as approved by the Board. The central communications system shall use a standard industry protocol, as defined by the Gaming

Standards Association, and shall have the functionality to enable the Board or its designee to activate or deactivate individual gaming devices from the central communications system. In no event may the communications system approved by the Board limit participation to only one manufacturer of video gaming terminals by either the cost in implementing the necessary program modifications to communicate or the inability to communicate with the central communications system.

(16) The Board, in its discretion, may require video gaming terminals to display Amber Alert messages if the Board makes a finding that it would be economically and technically feasible and pose no risk to the integrity and security of the central communications system and video gaming terminals.

Licensed terminal handlers shall have access to video gaming terminals, including, but not limited to, logic door access, without the physical presence or supervision of the Board or its agent to perform, in coordination with and with project approval from the central communication system provider:

(i) the clearing of the random access memory and reprogramming of the video gaming terminal;

(ii) the installation of new video gaming terminal software and software upgrades that have been approved by the Board;

(iii) the placement, connection to the central communication system, and go-live operation of video gaming terminals at a licensed establishment, licensed truck stop establishment, licensed large truck stop establishment, licensed fraternal establishment, or licensed veterans establishment;

(iv) the repair and maintenance of a video gaming terminal located at a licensed establishment, licensed truck stop establishment, licensed large truck stop establishment, licensed fraternal establishment, or licensed veterans establishment, including, but not limited to, the replacement of the video gaming terminal with a new video gaming terminal;

(v) the temporary movement, disconnection, replacement, and reconnection of video gaming terminals to allow for physical improvements and repairs at a licensed establishment, licensed truck stop establishment, licensed large truck stop establishment, licensed fraternal establishment, or licensed veterans establishment, such as replacement of flooring, interior repairs, and other similar activities; and

(vi) such other functions as the Board may otherwise authorize.

The Board shall, at a licensed terminal operator's expense, cause all keys and other required devices to be provided to a terminal operator necessary to allow the licensed terminal

handler access to the logic door to the terminal operator's video gaming terminals.

The Board may adopt rules to establish additional criteria to preserve the integrity and security of video gaming in this State. The central communications system vendor may be licensed as a video gaming terminal manufacturer or a video gaming terminal distributor, or both, but in no event shall the central communications system vendor be licensed as a video gaming terminal operator.

The Board shall not permit the development of information or the use by any licensee of gaming device or individual game performance data. Nothing in this Act shall inhibit or prohibit the Board from the use of gaming device or individual game performance data in its regulatory duties. The Board shall adopt rules to ensure that all licensees are treated and all licensees act in a non-discriminatory manner and develop processes and penalties to enforce those rules.

Sec. 20. Video gaming terminal payouts ~~Direct dispensing of receipt tickets only.~~

(a) A video gaming terminal may not directly dispense coins, cash, tokens, or any other article of exchange or value except for receipt tickets. Tickets shall be dispensed by

pressing the ticket dispensing button on the video gaming terminal at the end of one's turn or play. The ticket shall indicate the total amount of credits and the cash award, the time of day in a 24-hour format showing hours and minutes, the date, the terminal serial number, the sequential number of the ticket, and an encrypted validation number from which the validity of the prize may be determined. The player shall turn in this ticket to the appropriate person at the licensed establishment, licensed truck stop establishment, licensed large truck stop establishment, licensed fraternal establishment, or licensed veterans establishment to receive the cash award.

(b) The cost of the credit shall be one cent, 5 cents, 10 cents, ~~or~~ 25 cents, or \$1, and the maximum wager played per hand shall not exceed \$4 ~~\$2~~. No cash award for the maximum wager on any individual hand shall exceed \$1,199 ~~\$500~~. No cash award for the maximum wager on a jackpot, progressive or otherwise, shall exceed \$10,000.

(c) In-location bonus jackpot games are hereby authorized. The Board shall adopt emergency rules pursuant to Section 5-45 of the Illinois Administrative Procedure Act to implement this subsection (c) within 90 days after the effective date of this amendatory Act of the 101st General Assembly. Jackpot winnings from in-location progressive games shall be paid by the terminal operator to the player not later than 3 days after winning such a jackpot.

Sec. 25. Restriction of licensees.

(a) Manufacturer. A person may not be licensed as a manufacturer of a video gaming terminal in Illinois unless the person has a valid manufacturer's license issued under this Act. A manufacturer may only sell video gaming terminals for use in Illinois to persons having a valid distributor's license.

(b) Distributor. A person may not sell, distribute, or lease or market a video gaming terminal in Illinois unless the person has a valid distributor's license issued under this Act. A distributor may only sell video gaming terminals for use in Illinois to persons having a valid distributor's or terminal operator's license.

(c) Terminal operator. A person may not own, maintain, or place a video gaming terminal unless he has a valid terminal operator's license issued under this Act. A terminal operator may only place video gaming terminals for use in Illinois in licensed establishments, licensed truck stop establishments, licensed large truck stop establishments, licensed fraternal establishments, and licensed veterans establishments. No terminal operator may give anything of value, including but not limited to a loan or financing arrangement, to a licensed establishment, licensed truck stop establishment, licensed

large truck stop establishment, licensed fraternal establishment, or licensed veterans establishment as any incentive or inducement to locate video terminals in that establishment. Of the after-tax profits from a video gaming terminal, 50% shall be paid to the terminal operator and 50% shall be paid to the licensed establishment, licensed truck stop establishment, licensed large truck stop establishment, licensed fraternal establishment, or licensed veterans establishment, notwithstanding any agreement to the contrary. A video terminal operator that violates one or more requirements of this subsection is guilty of a Class 4 felony and is subject to termination of his or her license by the Board.

(d) Licensed technician. A person may not service, maintain, or repair a video gaming terminal in this State unless he or she (1) has a valid technician's license issued under this Act, (2) is a terminal operator, or (3) is employed by a terminal operator, distributor, or manufacturer.

(d-5) Licensed terminal handler. No person, including, but not limited to, an employee or independent contractor working for a manufacturer, distributor, supplier, technician, or terminal operator licensed pursuant to this Act, shall have possession or control of a video gaming terminal, or access to the inner workings of a video gaming terminal, unless that person possesses a valid terminal handler's license issued under this Act.

(e) Licensed establishment. No video gaming terminal may be placed in any licensed establishment, licensed veterans establishment, licensed truck stop establishment, licensed large truck stop establishment, or licensed fraternal establishment unless the owner or agent of the owner of the licensed establishment, licensed veterans establishment, licensed truck stop establishment, licensed large truck stop establishment, or licensed fraternal establishment has entered into a written use agreement with the terminal operator for placement of the terminals. A copy of the use agreement shall be on file in the terminal operator's place of business and available for inspection by individuals authorized by the Board. A licensed establishment, licensed truck stop establishment, licensed veterans establishment, or licensed fraternal establishment may operate up to 6 ~~5~~ video gaming terminals on its premises at any time. A licensed large truck stop establishment may operate up to 10 video gaming terminals on its premises at any time.

(f) (Blank).

(g) Financial interest restrictions. As used in this Act, "substantial interest" in a partnership, a corporation, an organization, an association, a business, or a limited liability company means:

(A) When, with respect to a sole proprietorship, an individual or his or her spouse owns, operates, manages, or conducts, directly or indirectly, the organization,

association, or business, or any part thereof; or

(B) When, with respect to a partnership, the individual or his or her spouse shares in any of the profits, or potential profits, of the partnership activities; or

(C) When, with respect to a corporation, an individual or his or her spouse is an officer or director, or the individual or his or her spouse is a holder, directly or beneficially, of 5% or more of any class of stock of the corporation; or

(D) When, with respect to an organization not covered in (A), (B) or (C) above, an individual or his or her spouse is an officer or manages the business affairs, or the individual or his or her spouse is the owner of or otherwise controls 10% or more of the assets of the organization; or

(E) When an individual or his or her spouse furnishes 5% or more of the capital, whether in cash, goods, or services, for the operation of any business, association, or organization during any calendar year; or

(F) When, with respect to a limited liability company, an individual or his or her spouse is a member, or the individual or his or her spouse is a holder, directly or beneficially, of 5% or more of the membership interest of the limited liability company.

For purposes of this subsection (g), "individual" includes all individuals or their spouses whose combined interest would

qualify as a substantial interest under this subsection (g) and whose activities with respect to an organization, association, or business are so closely aligned or coordinated as to constitute the activities of a single entity.

(h) Location restriction. A licensed establishment, licensed truck stop establishment, licensed large truck stop establishment, licensed fraternal establishment, or licensed veterans establishment that is (i) located within 1,000 feet of a facility operated by an organization licensee licensed under the Illinois Horse Racing Act of 1975 or the home dock of a riverboat licensed under the Illinois Riverboat ~~Riverboat~~ Gambling Act or (ii) located within 100 feet of a school or a place of worship under the Religious Corporation Act, is ineligible to operate a video gaming terminal. The location restrictions in this subsection (h) do not apply if (A) a facility operated by an organization licensee, a school, or a place of worship moves to or is established within the restricted area after a licensed establishment, licensed truck stop establishment, licensed large truck stop establishment, licensed fraternal establishment, or licensed veterans establishment becomes licensed under this Act or (B) a school or place of worship moves to or is established within the restricted area after a licensed establishment, licensed truck stop establishment, licensed large truck stop establishment, licensed fraternal establishment, or licensed veterans establishment obtains its original liquor license. For the purpose of this subsection,

"school" means an elementary or secondary public school, or an elementary or secondary private school registered with or recognized by the State Board of Education.

Notwithstanding the provisions of this subsection (h), the Board may waive the requirement that a licensed establishment, licensed truck stop establishment, licensed large truck stop establishment, licensed fraternal establishment, or licensed veterans establishment not be located within 1,000 feet from a facility operated by an organization licensee licensed under the Illinois Horse Racing Act of 1975 or the home dock of a riverboat licensed under the Illinois ~~Riverboat~~ Gambling Act. The Board shall not grant such waiver if there is any common ownership or control, shared business activity, or contractual arrangement of any type between the establishment and the organization licensee or owners licensee of a riverboat. The Board shall adopt rules to implement the provisions of this paragraph.

(h-5) Restrictions on licenses in malls. The Board shall not grant an application to become a licensed video gaming location if the Board determines that granting the application would more likely than not cause a terminal operator, individually or in combination with other terminal operators, licensed video gaming location, or other person or entity, to operate the video gaming terminals in 2 or more licensed video gaming locations as a single video gaming operation.

(1) In making determinations under this subsection

(h-5), factors to be considered by the Board shall include, but not be limited to, the following:

(A) the physical aspects of the location;

(B) the ownership, control, or management of the location;

(C) any arrangements, understandings, or agreements, written or otherwise, among or involving any persons or entities that involve the conducting of any video gaming business or the sharing of costs or revenues; and

(D) the manner in which any terminal operator or other related entity markets, advertises, or otherwise describes any location or locations to any other person or entity or to the public.

(2) The Board shall presume, subject to rebuttal, that the granting of an application to become a licensed video gaming location within a mall will cause a terminal operator, individually or in combination with other persons or entities, to operate the video gaming terminals in 2 or more licensed video gaming locations as a single video gaming operation if the Board determines that granting the license would create a local concentration of licensed video gaming locations.

For the purposes of this subsection (h-5):

"Mall" means a building, or adjoining or connected buildings, containing 4 or more separate locations.

"Video gaming operation" means the conducting of video gaming and all related activities.

"Location" means a space within a mall containing a separate business, a place for a separate business, or a place subject to a separate leasing arrangement by the mall owner.

"Licensed video gaming location" means a licensed establishment, licensed fraternal establishment, licensed veterans establishment, licensed truck stop establishment, or licensed large truck stop.

"Local concentration of licensed video gaming locations" means that the combined number of licensed video gaming locations within a mall exceed half of the separate locations within the mall.

(i) Undue economic concentration. In addition to considering all other requirements under this Act, in deciding whether to approve the operation of video gaming terminals by a terminal operator in a location, the Board shall consider the impact of any economic concentration of such operation of video gaming terminals. The Board shall not allow a terminal operator to operate video gaming terminals if the Board determines such operation will result in undue economic concentration. For purposes of this Section, "undue economic concentration" means that a terminal operator would have such actual or potential influence over video gaming terminals in Illinois as to:

- (1) substantially impede or suppress competition among terminal operators;

(2) adversely impact the economic stability of the video gaming industry in Illinois; or

(3) negatively impact the purposes of the Video Gaming Act.

The Board shall adopt rules concerning undue economic concentration with respect to the operation of video gaming terminals in Illinois. The rules shall include, but not be limited to, (i) limitations on the number of video gaming terminals operated by any terminal operator within a defined geographic radius and (ii) guidelines on the discontinuation of operation of any such video gaming terminals the Board determines will cause undue economic concentration.

(j) The provisions of the Illinois Antitrust Act are fully and equally applicable to the activities of any licensee under this Act.

Sec. 30. Multiple types of licenses prohibited. A video gaming terminal manufacturer may not be licensed as a video gaming terminal operator or own, manage, or control a licensed establishment, licensed truck stop establishment, licensed large truck stop establishment, licensed fraternal establishment, or licensed veterans establishment, and shall be licensed to sell only to persons having a valid

distributor's license or, if the manufacturer also holds a valid distributor's license, to sell, distribute, lease, or market to persons having a valid terminal operator's license. A video gaming terminal distributor may not be licensed as a video gaming terminal operator or own, manage, or control a licensed establishment, licensed truck stop establishment, licensed large truck stop establishment, licensed fraternal establishment, or licensed veterans establishment, and shall only contract with a licensed terminal operator. A video gaming terminal operator may not be licensed as a video gaming terminal manufacturer or distributor or own, manage, or control a licensed establishment, licensed truck stop establishment, licensed large truck stop establishment, licensed fraternal establishment, or licensed veterans establishment, and shall be licensed only to contract with licensed distributors and licensed establishments, licensed truck stop establishments, licensed large truck stop establishments, licensed fraternal establishments, and licensed veterans establishments. An owner or manager of a licensed establishment, licensed truck stop establishment, licensed large truck stop establishment, licensed fraternal establishment, or licensed veterans establishment may not be licensed as a video gaming terminal manufacturer, distributor, or operator, and shall only contract with a licensed operator to place and service this equipment.

Sec. 35. Display of license; confiscation; violation as felony.

(a) Each video gaming terminal shall be licensed by the Board before placement or operation on the premises of a licensed establishment, licensed truck stop establishment, licensed large truck stop establishment, licensed fraternal establishment, or licensed veterans establishment. The license of each video gaming terminal shall be maintained at the location where the video gaming terminal is operated. Failure to do so is a petty offense with a fine not to exceed \$100. Any licensed establishment, licensed truck stop establishment, licensed large truck stop establishment, licensed fraternal establishment, or licensed veterans establishment used for the conduct of gambling games in violation of this Act shall be considered a gambling place in violation of Section 28-3 of the Criminal Code of 2012. Every gambling device found in a licensed establishment, licensed truck stop establishment, licensed large truck stop establishment, licensed fraternal establishment, or licensed veterans establishment operating gambling games in violation of this Act shall be subject to seizure, confiscation, and destruction as provided in Section 28-5 of the Criminal Code of 2012. Any license issued under the Liquor Control Act of 1934 to any owner or operator of a licensed establishment, licensed truck stop establishment,

licensed large truck stop establishment, licensed fraternal establishment, or licensed veterans establishment that operates or permits the operation of a video gaming terminal within its establishment in violation of this Act shall be immediately revoked. No person may own, operate, have in his or her possession or custody or under his or her control, or permit to be kept in any place under his or her possession or control, any device that awards credits and contains a circuit, meter, or switch capable of removing and recording the removal of credits when the award of credits is dependent upon chance.

Nothing in this Section shall be deemed to prohibit the use of a game device only if the game device is used in an activity that is not gambling under subsection (b) of Section 28-1 of the Criminal Code of 2012.

A violation of this Section is a Class 4 felony. All devices that are owned, operated, or possessed in violation of this Section are hereby declared to be public nuisances and shall be subject to seizure, confiscation, and destruction as provided in Section 28-5 of the Criminal Code of 2012.

The provisions of this Section do not apply to devices or electronic video game terminals licensed pursuant to this Act. A video gaming terminal operated for amusement only and bearing a valid amusement tax sticker shall not be subject to this Section until 30 days after the Board establishes that the central communications system is functional.

(b) (1) The odds of winning each video game shall be posted

on or near each video gaming terminal. The manner in which the odds are calculated and how they are posted shall be determined by the Board by rule.

(2) No video gaming terminal licensed under this Act may be played except during the legal hours of operation allowed for the consumption of alcoholic beverages at the licensed establishment, licensed fraternal establishment, or licensed veterans establishment. A licensed establishment, licensed fraternal establishment, or licensed veterans establishment that violates this subsection is subject to termination of its license by the Board.

(230 ILCS 40/45)

Sec. 45. Issuance of license.

(a) The burden is upon each applicant to demonstrate his suitability for licensure. Each video gaming terminal manufacturer, distributor, supplier, operator, handler, licensed establishment, licensed truck stop establishment, licensed large truck stop establishment, licensed fraternal establishment, and licensed veterans establishment shall be licensed by the Board. The Board may issue or deny a license under this Act to any person pursuant to the same criteria set forth in Section 9 of the Illinois Riverboat ~~Riverboat~~ Gambling Act.

(a-5) The Board shall not grant a license to a person who has facilitated, enabled, or participated in the use of

coin-operated devices for gambling purposes or who is under the significant influence or control of such a person. For the purposes of this Act, "facilitated, enabled, or participated in the use of coin-operated amusement devices for gambling purposes" means that the person has been convicted of any violation of Article 28 of the Criminal Code of 1961 or the Criminal Code of 2012. If there is pending legal action against a person for any such violation, then the Board shall delay the licensure of that person until the legal action is resolved.

(b) Each person seeking and possessing a license as a video gaming terminal manufacturer, distributor, supplier, operator, handler, licensed establishment, licensed truck stop establishment, licensed large truck stop establishment, licensed fraternal establishment, or licensed veterans establishment shall submit to a background investigation conducted by the Board with the assistance of the State Police or other law enforcement. To the extent that the corporate structure of the applicant allows, the background investigation shall include any or all of the following as the Board deems appropriate or as provided by rule for each category of licensure: (i) each beneficiary of a trust, (ii) each partner of a partnership, (iii) each member of a limited liability company, (iv) each director and officer of a publicly or non-publicly held corporation, (v) each stockholder of a non-publicly held corporation, (vi) each stockholder of 5% or more of a publicly held corporation, or (vii) each stockholder

If the disclosed entity is a trust, the application shall disclose the names and addresses of the beneficiaries; if a corporation, the names and addresses of all stockholders and directors; if a limited liability company, the names and addresses of all members; or if a partnership, the names and addresses of all partners, both general and limited.

(d) No person may be licensed as a video gaming terminal manufacturer, distributor, supplier, operator, handler, licensed establishment, licensed truck stop establishment, licensed large truck stop establishment, licensed fraternal establishment, or licensed veterans establishment if that person has been found by the Board to:

gaming;

(2) create or enhance the dangers of unsuitable, unfair, or illegal practices, methods, and activities in the conduct of video gaming; or

(3) present questionable business practices and financial arrangements incidental to the conduct of video gaming activities.

(e) Any applicant for any license under this Act has the burden of proving his or her qualifications to the satisfaction of the Board. The Board may adopt rules to establish additional qualifications and requirements to preserve the integrity and security of video gaming in this State.

(f) A non-refundable application fee shall be paid at the time an application for a license is filed with the Board in the following amounts:

Sec. 55. Precondition for licensed location. In all cases of application for a licensed location, to operate a video gaming terminal, each licensed establishment, licensed fraternal establishment, or licensed veterans establishment shall possess a valid liquor license issued by the Illinois Liquor Control Commission in effect at the time of application

and at all times thereafter during which a video gaming terminal is made available to the public for play at that location. Video gaming terminals in a licensed location shall be operated only during the same hours of operation generally permitted to holders of a license under the Liquor Control Act of 1934 within the unit of local government in which they are located. A licensed truck stop establishment or licensed large truck stop establishment that does not hold a liquor license may operate video gaming terminals on a continuous basis. A licensed fraternal establishment or licensed veterans establishment that does not hold a liquor license may operate video gaming terminals if (i) the establishment is located in a county with a population between 6,500 and 7,000, based on the 2000 U.S. Census, (ii) the county prohibits by ordinance the sale of alcohol, and (iii) the establishment is in a portion of the county where the sale of alcohol is prohibited.
