INTRODUCTION

The Illinois Register is the official state document for publishing public notice of rulemaking activity initiated by State governmental agencies. The table of contents is arranged categorically by rulemaking activity and alphabetically by agency within each category.

Rulemaking activity consists of proposed or adopted new rules; amendments to or repealers of existing rules; and rules promulgated by emergency or peremptory action. Executive Orders and Proclamations issued by the Governor; notices of public information required by State Statute; and activities (meeting agendas; Statements of Objection or Recommendation, etc.) of the Joint Committee on Administrative Rules (JCAR), a legislative oversight committee which monitors the rulemaking activities of State Agencies; is also published in the Register.

The Register is a weekly update of the Illinois Administrative Code (a compilation of the rules adopted by State agencies). The most recent edition of the Code, along with the Register, comprise the most current accounting of State agencies' rulemakings.

The Illinois Register is the property of the State of Illinois, granted by the authority of the Illinois Administrative Procedure Act [5 ILCS 100/1-1, et seq.].

NOTICE OF PROPOSED AMENDMENT

- 1) Heading of the Part: Diseased Animals
- 2) Code Citation: 8 Ill. Adm. Code 85
- 3) Section Number: 85.120 Proposed Action: Amend
- 4) Statutory Authority: Diseased Animals [510 ILCS 30/6, 50 and 65; 225 ILCS 640]
- 5) A Complete Description of the Subjects and Issues Involved: The USDA interim final regulation on Chronic Wasting Disease in cervidae went into effect in August 2012. This regulation provides requirements for the interstate movement of cervidae. - 13) Initial Regulatory Flexibility Analysis:
- A) Types of small businesses, small municipalities and not-for-profit corporations affected: The changes made to the federal Chronic Wasting Disease regulation will not preempt State or local laws and rules that are more restrictive than APHIS' regulations, with the exception that cervids that are eligible to move interstate may transit a state that bans or restricts the entry of these animals en route to another state.
 - B) Reporting, bookkeeping or other procedures required for compliance: We anticipate that USDA will contact Illinois Department of Agriculture in late spring or early summer for an update on compliance.

NOTICE OF PROPOSED RULES

- a) At the conclusion of a hearing, the hearing officer shall present the Director with a written report of the findings of fact, conclusions of law and recommendations. The report shall state whether the hearing officer finds the respondent liable or not liable. If the hearing officer finds the respondent liable, the hearing officer shall specify the violations. The hearing officer shall promptly serve a copy of the written report on the respondent.
- b) The report of findings of fact, conclusions of law and recommendation of the hearing officer shall be a basis for the Director's order refusing to issue, restore or renew a registration, or otherwise discipline a registrant. If the Director disagrees with the recommendations of the hearing officer, the Director may issue an order in contravention of the hearing officer's recommendations. The finding is not admissible as evidence against the person in a criminal prosecution brought for a violation of this Act, but the hearing and finding is not a bar to a criminal prosecution brought for a violation of this Act.

Section 1290.570 Restoration of Registration from Discipline

At any time after the successful completion of a term of indefinite probation, suspension or revocation of a registration, the Division may restore the registration to active status, unless, after an investigation, the Director determines that restoration is not in the public interest. Section 1290.575 Appointment of a Hearing Officer

The Director has the authority to appoint any attorney licensed to practice law in the State of Illinois to serve as the hearing officer in any action for refusal to issue, restore or renew a registration or to discipline a registrant. The hearing officer has full authority to conduct the hearing.

Section 1290.580 Transcript; Record of Proceedings

DEPARTMENT OF FINANCIAL AND PROFESSIONAL REGULATION

Failure on the part of the plaintiff to file a receipt in court is grounds for dismissal of the action.

SUBPART I: GENERAL

Section 1290.610 Variances

- a) The Director may grant variances from this Part in cases in which:
 - 1) The applicable provision is not statutorily mandated;
 - 2) No party will be injured by the granting of the variance; and
 - 3) The rule from which the variance is granted would, in the particular case, be unreasonable or unnecessarily burdensome.
- b) An approval for a variance may be revocable, may be granted for a limited period of time or may be granted subject to the conditions as the Director may prescribe.

Section 1290.620 Administrative Decisions

Amendment
- 4) Statutory Authority: Implementing Sections 12-4.4 through 12-4.6 and authorized by Section 12-13 of the Illinois Public Aid Code [305 ILCS 5/12-4.4 through 12-4.6 and 12-13] and PL 113-79.
- 5) A Complete Description of the Subjects and Issues Involved: The Supplemental Nutrition Assistance Program (SNAP) was recently authorized as part of the Agriculture Act of 2014 (the Act) (PL 113-79). As a result, Section 4006 of the Act no longer allows a SNAP household to qualify for the air conditioning/heating standard allowance based on the expected receipt of Low Income Home Energy Assistance Program (LIHEAP) payments.

Effective March 10, 2014, SNAP applicants and recipients must receive a LIHEAP payment of \$21 or more in the current month of application or in the immediately preceding 12 months in order to qualify for the Standard Utility Allowance (SUA) based on receipt of LIHEAP. This provision was intended to prevent the issuance of nominal LIHEAP payments in order to automatically qualify SNAP households for the SUA. In addition, it strengthens the LIHEAP/SUA link by requiring that the households must have received an actual LIHEAP payment in order to use LIHEAP participation as the basis for the household's qualification for the SUA.

Households with actual utility expenses remain eligible for the SUA, if the household qualifies for the SUA based on their actual utility expenses. The benefit amount of some SNAP recipients may decrease slightly at reapplication if the household was previously receiving the air conditioning/heating standard allowance based on anticipated receipt of LIHEAP and did not receive an actual payment.

- 2) The use of the terms "antiseptic", "antibacterial" or "kills germs" may or may not constitute a medicinal claim.
- A) The use of these terms in conjunction with a claim that the product kills germs in general does not constitute a medicinal claim.
 - B) However, a claim that a product is for use as an antiseptic to kill germs to prevent infection in cuts, scrapes, abrasions and burns does constitute a medicinal claim.
- 3) Examples of claims that do not constitute medicinal claims include, but are not limited to:

- A) "cools";
 - B) "absorbs wetness that can breed fungus";
 - C) "deodorant" or "destroys odors";
 - D) "moisturizes";
 - E) "freshens breath";
 - F) "antiperspirant";
 - G) "sunscreen";
 - H) "prevents";
 - I) "protects".
- c) Grooming and Hygiene Products. *Beginning September 1, 2009, "nonprescription medicines and drugs" does not include grooming and hygiene products. "Grooming and hygiene products" includes, but is not limited to, soaps and cleaning solutions, shampoo, toothpaste, mouthwash, antiperspirants, and sun tan lotions and sun screens, unless those products are available by prescription only, regardless of whether the products meet the definition of "over-the-counter drugs". "Over-the-counter drug" means a drug for human use that contains a label that identifies the product as a drug as required by 21 CFR 201.66. The "over-the-counter drug" label includes a "Drug Facts" panel or a statement of the "active ingredients" with a list of those ingredients contained in the compound, substance or preparation. [35 ILCS 120/2-10]*
- 1) As a result, on or after September 1, 2009:
 - A) nonprescription medicines and drugs that are grooming and hygiene products do not qualify for the 1% rate of tax for medicines and drugs under subsection (b). Grooming and hygiene products do not qualify for the 1% rate, regardless of whether the products make medicinal claims or meet the definition of over-the-

- 3) The following products are not grooming and hygiene products and may qualify for the 1% rate if they meet the requirements of subsection (b):
 - A) hydrocortisone creams or ointments;
 - B) anti-itch creams or ointments;
 - C) vaginal creams or ointments;
 - D) nasal sprays;
 - E) eye drops;
 - F) topical pain relievers;
 - G) ice/heat creams;
 - H) rubbing alcohol;
 - I) denture creams or adhesives; and
 - J) styptic pencils.
 - 4) Nonprescription medicines and drugs and products that are not grooming and hygiene products do not qualify for the 1% rate of tax unless they meet the requirements of subsection (b) of this Section.
 - 5) Products that are taken orally and ingested, such as vitamins, supplements and weight gain or weight loss products, are not grooming and hygiene products.
- d) Medical Appliances: A medical appliance is an item that is used to directly substitute for a malfunctioning part of the human body.

DEPARTMENT OF REVENUE

NOTICE OF PROPOSED AMENDMENTS

- 1) For purposes of this Section, an item that becomes part of the human body by substituting for any part of the body that is lost or diminished because of congenital defects, trauma, infection, tumors or disease is considered a medical appliance. Examples of medical appliances that will qualify the product for the low rate of tax include, but are not limited to:
 - A) breast implants that restore breasts after loss due to cancer;
 - B) heart pacemakers;
 - C) artificial limbs;
 - D) dental prosthetics;
 - E) crutches and orthopedic braces;
 - F) dialysis machines (including the dialyzer);
 - G) wheelchairs; and
 - ~~H) artificial limbs; and~~
 - H) mastectomy forms and bras.
- 2) Corrective medical appliances such as hearing aids, eyeglasses, contact lens and orthodontic braces qualify as medical appliances subject to the low rate of tax.
- 3) Sterile band-aids, dressings, bandages and gauze qualify for the low rate because they serve as a substitute for skin.
- 4) Items transferred incident to cosmetic procedures are not considered medical appliances. For purposes of this Section, a cosmetic procedure means any procedure performed on an individual that is directed at improving the individual's appearance and that does not prevent or treat illness or disease, promote the proper function of the body or substitute for any part of the body that is lost or diminished because of congenital defects, trauma, infection, tumors or disease. Cosmetic procedures

include, but are not limited to, elective breast, pectoral or buttock augmentation.

- 5) Diagnostic equipment shall not be deemed to be a medical appliance, except as provided in Section ~~130.310(d)~~ 130.311(e). Other medical tools, devices and equipment such as x-ray machines, laboratory equipment and surgical instruments that may be used in the treatment of patients but that do not directly substitute for a malfunctioning part of the human body do not qualify as medical appliances. Sometimes a kit of items is sold where the purchaser will use the kit items to perform treatment upon himself or herself. The kit will contain paraphernalia and sometimes medicines. An example is a kit sold for the removal of ear wax. Because the paraphernalia hardware is for treatment, it generally does not qualify as a medical appliance. However, the Department will consider the selling price of the entire kit to be taxable at the reduced rate when the value of the medicines in the kit is more than half of the total selling price of the kit.
 - 6) Supplies, such as cotton swabs, disposable diapers, toilet paper, tissues and towelettes and cosmetics, such as lipsticks, perfume and hair tonics, do not qualify for the reduced rate.
 - 7) Medical appliances may be prescribed by licensed health care professionals for use by a patient, purchased by health care professionals for the use of patients or purchased directly by individuals. Purchases of medical appliances by lessors that will be leased to others for human use also qualify for the reduced rate of tax.
- e) *Insulin, urine testing materials, syringes and needles used in treating diabetes in human beings qualify for the reduced rate of tax.* (Section 2-10 of the Act)
- f) **Modifications Made to a Motor Vehicle for the Purpose of Rendering It Usable by a Disabled Person**
- 1) Effective August 17, 1995, *modifications made to a motor vehicle, as defined in Section 1-146 of the Illinois Vehicle Code [625 ILCS 5/1-146], for the purpose of rendering it usable by a disabled person, qualify for the reduced rate of tax* (Section 2-10 of the Act). The low rate applies to

DEPARTMENT OF REVENUE

modifications that enable a disabled person to drive a vehicle or that assist in the transportation of disabled persons. Examples of such modifications include, but are not limited to, special steering, braking, shifting or acceleration equipment or equipment that modifies the vehicle for accessibility, such as a chair lift.

- 2) For purposes of this subsection (f), the term "disabled person" has the same meaning as a "person with disabilities" in Section 1-159.1 of the Illinois Vehicle Code [625 ILCS 5/1-159.1].
- g) Reporting
- 1) The retailer must keep an actual record of all sales and must report tax at the applicable rates, based on sales as reflected in the retailer's records. Books and records must be maintained in sufficient detail so that all receipts reported with respect to drugs, medicines and medical appliances can be supported.
 - 2) Suppliers that sell items to health professionals must collect tax based on the actual use of the items. Health professionals that purchase items that may or may not qualify for the low rate, depending upon the ultimate use of the items by the health professionals, may provide their suppliers with certificates that identify the percentage of items being purchased that qualify for the low rate, e.g., that are purchased to be used to replace a malfunctioning part of the body. (For example, cosmetic versus reconstructive procedures.)
 - A) The certificate should contain the following information:
 - i) The seller's name and address;
 - ii) the purchaser's name and address;
 - iii) a description of the medical appliances being purchased;
 - iv) the percentage of the medical appliances being purchased that qualify for the low rate;

- v) the purchaser's signature or the signature of an authorized employee or agent of the purchaser and date of signing; and
 - vi) if the purchaser is registered with the Department, the purchaser's Registration Number or Resale Number.
- B) A supplier that obtains a certificate from a health professional that complies with subsection (g)(2)(A) will not be liable for additional Retailers' Occupation Tax in the event the actual percentage of items purchased by the health professional that qualify for the low rate is less than the percentage claimed in the certificate if it remitted Retailers Occupation Tax to the Department based on the information contained in the certificate received from the health professional.

SUBPART G: CERTIFICATE OF REGISTRATION

Section 130.745 Revocation of Certificate

- a) The Department, after notice and hearing as provided under Section 2505-380 of the Civil Administrative Code [20 ILCS 2505/2505-380] and Section 2b of the Act, shall revoke the certificate of registration (including all sub-certificates of registration, if any, issued thereunder) of any person who violates any of the provisions of the Act. Before revocation of a certificate of registration the Department shall, within 90 days after non-compliance and at least 7 days prior to the date of the hearing, give the person so accused notice in writing of the charge against him or her, and on the date designated shall conduct a hearing upon this matter. The lapse of such 90 day period shall not preclude the Department from conducting revocation proceedings at a later date if necessary.
- b) Upon revocation of the certificate of registration (including all sub-certificates of registration, if any, issued under the certificate), the Department shall post notice at the place or places of business, at the front entrance and on the front windows, to which the revoked certificate applied, stating that the certificate of registration has been revoked and that it is unlawful for any person to engage in the business

SUBPART H: BOOKS AND RECORDS

Section 130.801 General Requirements

- a) Every person engaged in the business of selling tangible personal property at retail in this State shall keep records and books of all sales and purchases of tangible personal property, including all sales and purchase invoices, purchase orders, merchandise records and requisitions, inventory records prepared as of December 31 of each year or otherwise annually, as has been the custom in the specific trade, credit memos, debit memos, bills of lading, shipping records, and all other records pertaining to any and all purchases and sales of goods whether or not the retailer believes them to be taxable under the Act; and the retailer shall also keep summaries, recapitulations, totals, journal entries, ledger accounts, accounts receivable records, accounts payable records, statements, tax returns with all schedules or pertinent working papers used in connection with the preparation of such returns, and other documents listing, summarizing or pertaining to such sales, purchases, inventory changes, shipments or other transactions. For a description of what records constitute the minimum required, including the use of machine-sensible records and electronic data interchange, see Section 130.805 of this Part.
- b) Retailers must maintain complete books and records covering receipts from all sales and distinguishing taxable from nontaxable receipts.
- c) Such books and records must clearly indicate and explain all the information (deductions as well as gross receipts) required for tax returns and shall, at all times during business hours of the day, be subject to inspection and audit by the

Department or its duly authorized agents and employees.

- d) If a taxpayer retains records required to be retained under this Section in both machine-sensible and hard-copy formats, the taxpayer shall, upon request, make the records available to the Department in machine-sensible format in accordance with Section 130.805(b)(5).
- e) Such books and records must be kept in the English language.
- f) Such books and records must be kept within Illinois except in instances where a business has several branches, with the head office being located outside Illinois, and where all books and records have been regularly kept outside the State at such head office. Under such circumstances, upon written permission from the Department, books and records may be kept outside Illinois, but the taxpayer must, within a reasonable time after notification by the Department, make all pertinent books, records, papers and documents available at some point within Illinois for the purpose of such inspection and audit as the Department may deem necessary.
- g) It shall be presumed that all sales of tangible personal property are subject to tax under the Act until the contrary is established, and the burden of proving that a transaction is not taxable shall be upon the person who would be required to remit the tax to the Department if such transaction is taxable. In the course of any audit or investigation or hearing by the Department with reference to a given taxpayer, if the Department finds that the taxpayer lacks documentary evidence needed to support the taxpayer's claim to exemption from tax, the Department is authorized to notify the taxpayer in writing to produce such evidence, and the taxpayer shall have 60 days subject to the right in the Department to extend this period either on request for good cause shown or on its own motion from the date when such notice is sent to the taxpayer by certified or registered mail (or delivered to the taxpayer if the notice is served personally) in which to obtain and produce such evidence for the Department's inspection and audit, failing which the matter shall be closed, and the transaction shall be conclusively presumed to be taxable.
- h) All books and records kept by a medical cannabis dispensing organization under the Compassionate Use of Medical Cannabis Pilot Program Act pursuant to rules adopted by the Illinois Department of Financial and Professional Regulation to implement the Compassionate Use of Medical Cannabis Pilot Program Act shall,

"Cultivation center" means a facility operated by an organization or business that is registered by the Department of Agriculture to perform necessary activities to provide only registered medical cannabis dispensing organizations with usable medical cannabis [410 ILCS 130/10(e)].

"Department" means the Department of Revenue [410 ILCS 130/195].

"Dispensing organization" means a facility operated by an organization or business that is registered by the Department of Financial and Professional Regulation to acquire medical cannabis from a registered cultivation center for the purpose of dispensing cannabis, paraphernalia, or related supplies and educational materials to registered qualifying patients [410 ILCS 130/10(o)].

"Law" means the Medical Cannabis Cultivation Privilege Tax Law [410 ILCS 130/190 through 215].

"Medical cannabis" means cannabis and its constituent cannabinoids, such as tetrahydrocannabinol (THC) and cannabidiol (CBD), used as an herbal remedy or therapy to treat disease or alleviate symptoms. Medical cannabis can be administered by a variety of routes, including, but not limited to: vaporizing or smoking dried buds; administering tinctures or tonics; applying topicals such as ointments or balms; consuming infused food products, such as soda or teas; or taking capsules.

"Medical cannabis container" means a sealed, traceable, food compliant, tamper resistant, tamper evident container, or package used for the purpose of containment of medical cannabis from a cultivation center to a dispensing organization [410 ILCS 130/10(n)].

DEPARTMENT OF REVENUE

NOTICE OF PROPOSED RULES

"Qualifying patient" means a qualifying patient registered under the Compassionate Use of Medical Cannabis Pilot Program Act [410 ILCS 130/195].

"Sales price" means the consideration for a sale valued in money, whether received in money or otherwise, including cash, credits, property, and services, and shall be determined without any deduction on account of the cost of the property sold, the cost of materials used, labor or service cost, or any other expense whatsoever.

"Usable cannabis" means the seeds, leaves, buds, and flowers of the cannabis plant and any mixture or preparation thereof, but does not include the stalks, and roots of the plant. It does not include the weight of any non-cannabis ingredients combined with cannabis, such as ingredients added to prepare a topical administration, food, or drink [410 ILCS 130/10(w)].

Section 429.110 Nature and Rate of the Tax

- a) *Beginning January 1, 2014, a tax is imposed upon the privilege of cultivating medical cannabis at a rate of 7% of the sales price per ounce. The tax is paid by a cultivation center and is not the responsibility of a dispensing organization, qualifying patient or designated caregiver [410 ILCS 130/200(a)].*
- b) *The tax imposed under the Law shall be in addition to all other occupation or privilege taxes imposed by the State of Illinois or by any municipal corporation or political subdivision thereof [410 ILCS 130/200(b)].*
- c) The cultivation center may seek reimbursement of the tax. The charge for reimbursement may not be identified on the invoice as a tax.
- d) Tax Base
 - 1) The tax is calculated based on the sales price of the number of ounces or partial ounces of usable medical cannabis sold by a cultivation center. For example, a cultivation center sells 500 ounces of medical cannabis to a dispensing organization for \$100,000. The tax is 7% of \$100,000, or \$7,000.
 - 2) The sales price is determined without any deduction on account of the cost of the property sold, the cost of materials used, labor or service cost or any other

DEPARTMENT OF REVENUE

NOTICE OF PROPOSED RULES

expense whatsoever. See 86 Ill. Adm. Code 130.415 for rules regarding the treatment of transportation and delivery charges. For example, a cultivation center sells 500 ounces of medical cannabis to a dispensing organization for \$100,000 plus a delivery charge of \$250 and a fuel surcharge of \$50. The cultivation center delivers the medical cannabis to the dispensing organization. The cultivation center and the dispensing organization do not agree upon the delivery charges separately from the sales price of the medical cannabis that is sold. As a result, the cost of the delivery service is part of the "sales price" of the medical cannabis. The sales price for purposes of determining the tax is \$100,300.

- 3) The tax is computed on the sales price of the medical cannabis sold after the application of any applicable discounts. For example, a cultivation center sells 500 ounces of medical cannabis to a dispensing organization for \$200 an ounce. The cultivation center provides a nondiscriminatory 10% discount for sales over 300 ounces. The total price with the discount is \$90,000. The tax is computed on the sales price of \$90,000.
 - 4) There is no tax on free samples of medical cannabis given to a dispensing organization by a cultivation center. However, the cultivation center will incur Use Tax liability on the cost price of the free samples of medical cannabis given to the dispensing organization. (See 86 Ill. Adm. Code 150.305(c).)
 - 5) The tax on a package or unit of medical cannabis infused product shall be based on the weight in ounces of usable cannabis as shown on the label required by 8 Ill. Adm. Code 1000.420.
- e) A cultivation center may not either directly or indirectly discriminate in price between different dispensing organizations that are purchasing a like grade, strain, brand, and quality of cannabis or cannabis-infused product. Nothing in this Part prevents cultivation centers from pricing medical cannabis differently based on differences in the cost of manufacture, the quantities sold, such as volume discounts, or the way the products are delivered.
 - f) The Law does not exempt any sales of medical cannabis cultivated by a cultivation center. All sales of medical cannabis are taxable.

Section 429.115 Registration

DEPARTMENT OF REVENUE

NOTICE OF PROPOSED RULES

- a) It is unlawful for any person to engage in the business of cultivating medical cannabis in this State without a certificate of registration from the Department.
- b) *Every person subject to the tax under the Law shall apply to the Department (upon a form prescribed and furnished by the Department) for a certificate of registration under the Law. Application for a certificate of registration shall be made to the Department upon forms furnished by the Department. [410 ILCS 130/205(a)]*
- c) *The certificate of registration which is issued by the Department to a retailer under the Retailers' Occupation Tax Act [35 ILCS 120] shall permit a person to engage in a business of cultivating medical cannabis under the Law without registering separately with the Department [410 ILCS 130/205(a)]. If a retailer holding a certificate of registration under the Retailers' Occupation Tax Act engages in the business of cultivating medical cannabis at another location in this State, the Department shall furnish him or her with a sub-certificate of registration for that place of business, and the applicant shall display the appropriate sub-certificate of registration at that place of business. The sub-certificate of registration shall bear the same registration number as that appearing upon the certificate of registration to which the sub-certificate relates. [35 ILCS 120/2a] A certificate of registration or sub-certificate of registration issued under the Retailers' Occupation Tax Act waives the registration requirements process under subsection (d). However, the Department may require the retailer to provide such other information as the Department may reasonably require to administer and enforce the provisions of the Law. A retailer may not engage in the business of cultivating medical cannabis until he or she is issued a certificate of registration under subsection (f).*
- d) Each application shall be signed and verified and shall state:
 - 1) the name and social security number of the applicant;
 - 2) the address of his or her principal place of business;
 - 3) the address of the place of business from which he or she engages in the business of cultivating medical cannabis in this State and the addresses of all other places of business, if any (enumerating such addresses, if any, in a separate list attached to and made a part of the application), from which he or she engages in the business of cultivating medical cannabis in this State;

DEPARTMENT OF REVENUE

NOTICE OF PROPOSED RULES

- 4) the name and address of the person or persons who will be responsible for filing returns and payment of taxes due under the Law;
 - 5) in the case of a publicly traded corporation, the FEIN of the corporation, and the name and title of the Chief Financial Officer, Chief Operating Officer, and any other officer or employee with responsibility for preparing tax returns under the Law, along with the last 4 digits of each of their social security numbers; and, in the case of all other corporations, the FEIN of the corporation and the name, title and social security number of each corporate officer;
 - 6) in the case of a limited liability company, the name, social security number and FEIN of each manager and member; and
 - 7) such other information as the Department may reasonably require.
- e) The Department may, in accordance with Section 2a of the Retailers' Occupation Tax Act, require an applicant for a certificate of registration under subsection (d), at the time of filing the application, to furnish a bond. No certificate of registration under the Law will be issued by the Department until the applicant provides the Department with satisfactory security, if required.
- f) Upon receipt of the application for certificate of registration in proper form, and upon approval by the Department of the security furnished by the applicant, if required, the Department will issue to the applicant a certificate of registration that shall permit the person to whom it is issued to engage in the business of cultivating medical cannabis in this State at the location identified on the certificate, and the certificate of registration shall be conspicuously displayed at the location. No certificate of registration issued to an applicant shall be valid after the expiration of 5 years from the date of its issuance or last renewal. For retailers possessing a certificate of registration under the Retailers' Occupation Tax Act, after review of the certificate of registration issued under the Retailers' Occupation Tax Act, the issuance of a sub-certificate of registration, if necessary, and receipt of any additional information the Department may reasonably require, the Department will issue to the applicant a certificate of registration under the Law that shall permit the person to whom it is issued to engage in the business of cultivating medical cannabis in this State at the location identified on the certificate, and the certificate of registration shall be conspicuously displayed at that location. A certificate of registration issued to a retailer shall be valid until the expiration of the certificate of

registration issued to the retailer under the Retailers' Occupation Tax Act. A cultivation center must also possess a Cultivation Center License issued by the Illinois Department of Agriculture for the location prior to commencement of any activities. (See 8 Ill. Adm. Code 1000.100.)

- g) Any person aggrieved by any decision of the Department under this Section may, within 20 days after notice of the decision, protest and request for a hearing. After receipt of the request for a hearing, the Department shall give notice to the person of the time and place fixed for the hearing, shall hold a hearing, and shall issue its final administrative decision in the matter to the person. In the absence of a protest within 20 days, the Department's decision shall become final without any further determination being made or notice given.

Section 429.120 Revocation of Certificate of Registration

- a) The Department may, after notice and a hearing, revoke the certificate of registration of any person who violates any of the provisions of the Law. Before revocation of a certificate of registration, the Department shall, within 90 days after non-compliance and at least 7 days prior to the date of the hearing, give the person so accused notice in writing of the charge against him or her, and on the date designated shall conduct a hearing upon this matter. The lapse of the 90 day period shall not preclude the Department from conducting revocation proceedings at a later date if necessary.
- b) A person permitted by Section 429.115(c) to operate a cultivation center under a certificate of registration issued pursuant to the Retailers' Occupation Tax Act must cease selling medical cannabis if the certificate of registration is revoked unless and until the person obtains a certificate of registration issued pursuant to the Retailers' Occupation Tax Act or obtains a separate certificate of registration under the Law.

Section 429.125 Returns

- a) *On or before the 20th day of each calendar month, every person subject to the tax imposed under the Law during the preceding calendar month shall file a return with the Department stating:*

Section 232.60 Local Match; Use of State Funds

The Summer Bridges Program is typically operated in the very late portion of one fiscal year and sometimes concludes in the early weeks of the subsequent fiscal year. The required components of each year's program (e.g., instructional materials, staff time, professional development) shall be paid for out of the later fiscal year's appropriation.

- a) Each district that receives funding pursuant to this Part shall be required to contribute a matching share equivalent to 20 percent of the amount awarded by the State Board of Education (ISBE). The district's share may consist of funds, in-kind contributions, or a combination of these, provided that all amounts are related to delivery of the program (e.g., transportation expenses, janitorial services, expenditures for utilities, salary and benefits for an administrator or coordinator, or food service).

- b) Each district shall allocate the State funds provided for the program within the range specified in this subsection (b) unless an exception is granted as discussed in subsection (c) of this Section.
- 1) It is expected that between 45 and 55 percent of the funds provided by ISBE will be used for salaries and benefits related to the employment of instructional and support personnel for the program.
 - 2) It is expected that approximately 20 percent of the funds provided by ISBE will be needed for supplies and materials directly related to the curriculum delivered and not otherwise readily available within the district. Each district shall use no less than \$1,000 of its grant allocation per classroom for this purpose.
 - 3) It is expected that approximately 20 percent of the funds provided to each recipient will be used for professional development of staff holding educator licensure, including the certified and paraprofessional educators, staff who provide instruction and instructional support in the program. All professional development shall be delivered by providers approved for purposes of educator licensure certificate renewal (see 23 Ill. Adm. Code 25, Subpart J).
 - 4) Up to ten percent of the funds provided to each recipient may be used to offset expenses for administration or program coordination, provided that no support under this program shall be provided for personnel expenditures relative to any staff member employed on an 11- or 12-month contract with the recipient district.
- c) A district may expend more than 55 percent of the funds provided under this Part for personnel-related costs only if approved by the State Superintendent of Education based upon evidence of other resources that will be used to ensure the availability of the materials required under Appendix B of this Part and the provision of the professional development required under Section 232.50(f) of this Part.

STATE BOARD OF EDUCATION

NOTICE OF ADOPTED AMENDMENTS

- 15) Summary and Purpose of Rulemaking: PA 97-495, effective January 1, 2012, amended Sections 10-22.6 and 13B-20.25 of the School Code (105 ILCS 5/10-22.6 and 13B-20.25) to authorize school districts to "administratively transfer" students who have been expelled or suspended "in excess of 20 school days" to an Alternative Learning Opportunities Program (ALOP). The law further requires that a school district may not deny a "transfer" of a suspended or expelled student to the ALOP program except in cases in which that student's enrollment in the ALOP "is deemed to cause a threat to the safety of students or staff".

New Section 240.20(p) acknowledges that a school district may enroll a student who has been suspended or expelled from one of the district's schools into its ALOP and that the provision of both educational and other support services must meet the requirements of Article 13B and Part 240. Additional changes in Sections 240.20(p), and 240.30(d) and (e) further recognize that while a parent of the suspended or expelled student may withdraw consent for the child's enrollment in the ALOP or the ALOP may determine the student has met the goals of his or her student success plan, that student cannot be returned to or be re-enrolled in his or her home school until the term of the suspension or expulsion is completed.

Finally, the change in Section 240.30(a)(4), which defines a "recognized entity" for the purpose of a non-profit or for-profit educational entity providing an instructional program for an ALOP, updates the rule, in that approval of private business and vocational schools and of state-chartered charter schools is no longer the responsibility of the State Board of Education but rather of the Illinois Community College Board and the State Charter School Commission, respectively.

The amendments also respond to PA 97-607, effective August 26, 2011, which changed the current system of teacher, administrator and school service personnel certification set forth in Article 21 of the School Code to a licensure system (Article 21B of the School Code). References to certification and related terms are being changed to align Part 240 rules to the licensure system, which became effective July 1, 2013.

SUBPART A: PROGRAM APPROVAL

Section 240.20 Requirements for Student Participation

Students in grades 4 through 12 who meet enrollment criteria established by the school district and who meet the definition of "at risk of academic failure" are eligible to participate in an Alternative Learning Opportunities Program [105 ILCS 5/13B-20.25] approved under this Part.

 - 1) *is at risk of failing to meet the Illinois Learning Standards or failing to graduate from elementary or high school; and*
 - 2) *demonstrates a need for educational support or social services beyond those provided by the regular school program [105 ILCS 5/13B-15.10].*
- b) For purposes of this Section, "poor academic performance" is defined as the student's:
 - 1) scoring in the 50th percentile or below on district-administered standardized tests; or
 - 2) receiving a score on the State assessment that does not meet standards in one or more of the fundamental learning areas defined in Section 27-1 of the School Code [105 ILCS 5/27-1], as applicable for the student's grade level; or
 - 3) not meeting grade-level expectations on a district-designed assessment.
- c) In determining whether a particular student is at risk of academic failure, a school district shall at least consider whether any of the following applies.
 - 1) The student demonstrates poor academic performance lasting for more than a semester, which has not responded to interventions routinely

employed by the school.

- 2) The student exhibited poor academic performance on district and State assessments in the previous school year that may be due to factors other than the student's academic ability (e.g., social, emotional, or behavioral problems; substance abuse; poor health and/or nutrition; changes in life circumstances that affect the student's ability to succeed or motivation to participate in the educational program).
 - 3) The student's poor academic performance has resulted in his or her not meeting district requirements for promotion in the current school year; however, the student could meet ~~thesesuch~~ requirements with ~~modification~~~~a modification(s)~~ made to the instructional program that would include the provision of educational supports and/or other support services not currently available in the regular school program.
 - 4) The student's poor academic performance has resulted in the student's lacking sufficient high school credits for his or her grade level to such a degree that he or she is likely to drop out of high school or otherwise fail to graduate as a consequence of this credit deficiency.
- d) Each district's specific admission criteria shall conform to the following requirements.
- 1) The criteria used to determine a student's need for an Alternative Learning Opportunities Program shall be nondiscriminatory in purpose and effect (i.e., without regard to race, national origin, gender, religion or disability).

- 4) The home school must be unable to provide, as part of its regular program, the educational supports and/or other support services (as identified by a review of evidence pursuant to subsection (c)(2) of this Section) needed by the student to improve his or her academic achievement. (See Section 240.70(c)(6) of this Part.)
 - 5) In instances where the student considered for enrollment in the program has an Individualized Education Program (IEP), the district has followed the procedures specified in Subpart E of the State Board of Education's rules for Special Education (23 Ill. Adm. Code 226, Subpart E).
- e) Each school district that establishes an Alternative Learning Opportunities Program shall provide information about the program to the parents or guardians of all students enrolled in grades 4 through 12 and shall identify a staff member who may be contacted for information or assistance.
- f) When school district personnel believe that a student is eligible for and would benefit from enrollment in an Alternative Learning Opportunities Program, the district shall send a written notification to the student and the student's parent or guardian to attend a conference about the program (see 105 ILCS 5/13B-60.10). This notification also shall contain a statement of the rights of the parent or guardian (e.g., requirement for written parental permission to enroll in the program, ability to withdraw consent for enrollment, participation in development of the Student Success Plan).
- 1) The conference shall be designed to help the parent or guardian determine whether the student's participation in the Alternative Learning Opportunities Program would be beneficial.
 - 2) Relevant educational records and information yielded by diagnostic assessments (e.g., academic, behavioral, risk) shall be available at the time of the conference.
 - 3) The district shall provide documentation identifying the interventions

available in the school district and demonstrate that these have already been provided to the student.

- 4) If the parent or guardian fails to participate in the conference (i.e., either attendance at the conference or participation through a telephone conference call), the student shall not be enrolled in the program (see 105 ILCS 5/13B-60.5).
 - 5) If the parent or guardian attends the conference and determines that the program would be beneficial to the student, the parent or guardian may request the student's enrollment by providing written consent.
- g) If a student's parent or guardian believes that the student is eligible for and would benefit from enrollment in an Alternative Learning Opportunities Program, the parent or guardian may initiate the conference described in subsection (f) of this Section by sending a written request to the contact person identified by the district pursuant to subsection (e) of this Section.
- 1) The district shall conduct the conference requested by a parent or guardian no later than ten school days after receipt of the written request.
 - 2) The requirements of subsection (f) of this Section shall apply to any conference held pursuant to this subsection (g).

Every effort should be made to ensure that the educational supports and other services are provided to the student as part of his or her activities in the ~~classroom~~classroom(s) to which he or she is originally assigned, unless the nature of the services dictates otherwise (e.g., due to a need for privacy, services would cause a disruption for other students or interrupt instruction, one-on-one intervention is required).

NOTICE OF ADOPTED AMENDMENTS

- 15) Summary and Purpose of Amendments: These amendments address the new public posting and strike procedures in the Illinois Educational Labor Relations Act (Act). These amendments make the Sections on notices and timetables for bargaining and mediation internally consistent and consistent with the Act. These amendments eliminate the distinction between bargaining units that contain professional instructional personnel and those that do not. These amendments remove references to 15 day notices and a 15 day period for the IELRB to invoke mediation. These amendments provide for the fact that there is not a regional superintendent in all cases in the context of when a strike may take place. These amendments provide separate procedures for school districts organized under Article 34 of the School Code consistent with the recent amendments to the Act.

NOTICE OF ADOPTED AMENDMENTS

reportable expenditure.

"Due Diligence" means when a lobbyist or authorized agent for any registered entity shows that best efforts have been used to obtain, maintain and submit the information required by the Act. With regard to filing complete reports, the authorized agent will not be deemed to have exercised due diligence unless he or she has access to the expense records of the entity's lobbyists, and has made at least one written request to obtain information required by the Act from the lobbyist that informs the lobbyist that the reporting of that information to the authorized agent is required by law or regulation. This definition should not be construed as a requirement that the authorized agent review the lobbyist's expense records if the lobbyist certifies their accuracy to the authorized agent.

"Employer" means the individual, firm, partnership, committee, association, corporation or any other organization or group of persons by whom a lobbyist is employed, and not the name of the lobbyist's supervisor.

"Executive ~~Action~~action" means the proposal, drafting, development, consideration, amendment, adoption, approval, promulgation, issuance, modification, rejection or postponement by a State entity of a rule, regulation, order, decision, determination, contractual arrangement, purchasing agreement or other quasi-legislative or quasi-judicial action or proceeding. (Section 2(g) of the Act) It shall not include any correspondence or communication to an official providing a response to an official's request.

"Expenditure" means a payment, distribution, loan, advance, deposit or gift of money or anything of value, and includes a contract, promise or agreement, whether or not legally enforceable, to make an expenditure, for the ultimate purpose of influencing executive, legislative or administrative action, other than compensation as defined in this Section. (Section 2(b) of the Act) For the purposes of this Part, "expenditure" refers to a reportable expenditure made on behalf of an official in one of the 6 categories described in Section 6 of the Act and Section 560.310 of this Part.

"File", "Filed" and "Filing" means the submission of a complete report, as defined in this Section, to the Secretary of State Index Department by the close of business on the prescribed filing date. Registration statements, semi-monthly reports, and any other required reports or correspondence shall be completed online, using the Secretary of State Index Department website (<http://www.cyberdriveillinois.com/departments/index/home.html>) unless

otherwise instructed. If the filing deadline falls on a weekend or a holiday, the deadline will be extended to the next business day unless otherwise instructed. The Index Department shall notify any lobbying entity who has failed to submit a complete report and pay proper fees as required by Sections 560.220 and 560.390. An entity that fails to file a complete entity registration statement, semi-monthly report, or other required report or correspondence and/or pay proper fees shall not be considered a registered lobbying entity by the Secretary of State.

"Goodwill" means, for reporting purposes, any expenditure made on behalf of officials that has no direct relation to a specific executive, legislative or administrative action, regardless of whether the lobbyist making the expenditure is reimbursed by his or her employing registered entity or client. Goodwill should be reported as the subject matter when no specific action is discussed.

"Grass Roots Lobbying Communication" means:

correspondence by a representative (a lobbyist or a non-lobbyist) of a registered entity to the general public, or any segment thereof, encouraging correspondence to an official's office in support of, or opposition to, an executive, legislative or administrative action;

correspondence by a member of the general public, or any segment thereof, to an official's office in support of, or opposition to, an executive, legislative or administrative action when such correspondence is a result of a communication described above in this definition. A reportable expenditure made for or on behalf of an official by a member of the general public as a result of a grass roots lobbying communication shall constitute lobbying activity requiring that individual to register as a lobbyist unless that person reports the expenditure to the registered entity pursuant to Section 560.325.

"Grass Roots Lobbying Event" means:

any organized activity sponsored by a registered entity that is intended to influence the actions of officials by inviting or transporting participants (e.g., members, employees, constituents or the general public) to a specific site on the grounds of, or in the proximity of, public offices or other meeting places where officials are expected to be accessible for grass roots lobbying; or

any event to which officials are invited that is sponsored by a non-lobbyist member or employee of a registered entity, e.g., an on-site inspection of, or reception at, the member's or employee's place of business, or a social gathering at any location. Reportable expenditures incurred as a result of the event shall be reported to the registered entity pursuant to Section 560.325.

"Honorarium" means a payment of money to a member of the General Assembly for an appearance or speech, excluding any actual and necessary travel expenses incurred by the member (and one relative) to the extent that those expenses are paid by any other person. [5 ILCS 420/2-110]

"Influencing" means any communication, action, or reportable expenditure or other means used to promote, support, affect, modify, oppose or delay any executive, legislative or administrative action or to promote goodwill with officials, as defined in this Section. (Section 2(f) of the Act)

"Legislative ~~Action~~action" means the development, drafting, introduction, consideration, modification, adoption, rejection, review, enactment or passage or defeat of any bill, amendment, resolution, report, nomination, administrative rule, or other matter by either house of the General Assembly or a committee thereof, or by a legislator. Legislative action also means the action of the Governor in approving or vetoing any bill or portion thereof, and the action of the Governor or any agency in the development of a proposal for introduction in the legislature. (Section 2(h) of the Act) It shall not include any correspondence or communication to an official providing a response to an official's request.

"Lobby" and "Lobbying" means any communication with an official of the executive or legislative branch of State government as defined in this Section for the ultimate purpose of influencing any executive, legislative or administrative action. (Section 2(e) of the Act) Lobbying shall not be construed to infringe in any way the right of a citizen to lawfully petition any public official by any means of communication. The following are excluded from the definition of "lobbying":

Any grass roots lobbying communication as defined in this Section;

Any communication by a candidate or political committee, as defined in Article 9 of the Election Code [10 ILCS 5/9], in relation to the candidate's campaign, or other communications by a political party committee registered with the Illinois State Board of Elections or Federal Election

"Professional Services and Technical Skills" shall be limited to advice and analysis directly applying any professional or technical discipline (see Section 560.210(c) and (d) ~~of this Part~~). Being a professional or technical person does not in itself exempt a person from registering if that person undertakes a direct lobbying communication or makes a reportable expenditure.

NOTICE OF EMERGENCY AMENDMENT

- 1) Heading of the Part: Supplemental Nutrition Assistance Program (SNAP)
- 2) Code Citation: 89 Ill. Adm. Code 121
- 3) Section Number: 121.63 Emergency Action: Amend
- 4) Statutory Authority: Implementing Sections 12-4.4 through 12-4.6 and authorized by Section 12-13 of the Illinois Public Aid Code [305 ILCS 5/12-4.4 through 12-4.6 and 12-13] and PL 113-79
- 5) Effective Date of Amendment: April 1, 2014
- 6) If this emergency rulemaking is to expire before the end of the 150-day period, please specify the date on which it is to expire: This emergency rulemaking will expire at the end of the 150-day period, or upon adoption of permanent rules, whichever comes first.
- 7) Date filed with the Index Department: April 1, 2014
- 8) A copy of the emergency rulemaking, including any material incorporated by reference, is on file in the Department's principal office and is available for public inspection.
- 9) Reason for Emergency: This emergency rulemaking is necessary to comply with provisions of Section 4006 of PL 113-79 that require the Department to revise the provisions allowing households to qualify for the Standard Utility Allowances effective March 10, 2014.
- 10) A Complete Description of the Subject and Issues Involved: The Supplemental Nutrition Assistance Program (SNAP) was recently authorized as part of the Agriculture Act of 2014 (the Act) (PL 113-79). As a result, Section 4006 of the Act no longer allows a SNAP household to qualify for the air conditioning/heating standard allowance based on the expected receipt of Low Income Home Energy Assistance Program (LIHEAP) payments.

Effective March 10, 2014, SNAP applicants and recipients must receive a LIHEAP payment of \$21 or more in the current month of application or in the immediately preceding 12 months in order to qualify for the Standard Utility Allowance (SUA) based on receipt of LIHEAP. This provision was intended to prevent the issuance of nominal LIHEAP payments in order to automatically qualify SNAP households for the SUA. In

DEPARTMENT OF HUMAN SERVICES

NOTICE OF EMERGENCY AMENDMENT

addition, it strengthens the LIHEAP/SUA link by requiring that the households must have received an actual LIHEAP payment in order to use LIHEAP participation as the basis for the household's qualification for the SUA.

Households with actual utility expenses remain eligible for the SUA, if the household qualifies for the SUA based on their actual utility expenses. The benefit amount of some SNAP recipients may decrease slightly at reapplication if the household was previously receiving the air conditioning/heating standard allowance based on anticipated receipt of LIHEAP and did not receive an actual payment.

- 11) Are there any other proposed rulemakings pending on this Part? No
- 12) Statement of Statewide Policy Objectives: This rulemaking does not create or expand a State mandate.
- 13) Information and questions regarding this emergency rulemaking should be directed to:

three persons is \$152. The standard deduction for a household size of four persons is \$163. The standard deduction for a household size of five persons is \$191. For households of six or more persons, the standard deduction is \$219. Due to the Standard Medical Deduction Demonstration Project, the standard deduction will be adjusted as explained in subsection (h) of this Section.

d) Dependent Care Deduction

- 1) The dependent care deduction consists of payments for the care of a child or other dependent when necessary for a household member to accept or continue employment or to seek employment in compliance with the job search criteria or to attend training or pursue education which is preparatory for employment (see 89 Ill. Adm. Code 112.70 through 112.83).
- 2) The amount of the deduction is to be determined by the actual costs for care per month for each dependent household member.

e) Child Support Deduction. The child support deduction is the amount of legally obligated child support paid by a household member to or for a nonhousehold member.

f) Shelter Costs Deduction

- 1) The shelter deduction is the amount of shelter costs that exceeds 50% of the household's total income after the allowable deductions in subsections (b), (c), (d), and (e) of this Section have been made. The shelter deduction shall not exceed \$478.
- 2) If the household contains a member who is elderly or disabled, as defined at 7 CFR 271.2 (~~2013~~2012) and Section 121.61, there is no limit on the amount of the excess shelter deduction.

- B) property taxes, State and local assessments and insurance on the structure itself; and
 - C) utility costs, as described in subsection (g) of this Section.
- 4) Shelter costs for a home temporarily unoccupied by the household because of employment or training away from home, illness or abandonment caused by a natural disaster or casualty loss, if:

 - B) the current occupants of the home, if any, are not claiming the shelter costs for SNAP purposes; and
 - C) the home is not leased or rented during the absence of the household.
- 5) Charges for repair of a home which was damaged or destroyed due to a natural disaster. Shelter costs shall not include repair charges which have been or will be reimbursed by private or public relief agencies, insurance companies or any other source.
- g) Utility Costs
- 1) Utility costs include:
 - A) the cost of heating and cooking fuel, air conditioning, electricity, water, sewerage, garbage and trash collection;
 - B) basic service fee for one telephone (including tax on the basic fee) of \$28; and
 - C) fees charged by the utility provider for initial installation.
 - 2) Utility deposits are not considered to be utility costs.
 - 3) A standard must be used if the household is billed for utilities. Federal regulations require an annual review of the State's utility standards and approval of the utility standard amounts by Food and Nutrition Service

(FNS). See Section 121.63(g)(7) for households that claim utility expenses for an unoccupied home. Households that are billed for heating or air conditioning, or both, or heating, air conditioning and electricity, must use the air conditioning/heating standard allowance of \$380. Those households that are not billed for air conditioning or heating but are billed for at least two other utilities must use the limited utility standard allowance of \$226. Those households that are not billed for air conditioning or heating but are billed for a single utility, other than telephone, must use the single utility standard allowance of \$50. If only a separately-billed telephone expense is claimed, the basic telephone standard allowance of \$28 per month will be allowed. Households living in rental housing who are billed on a regular basis by a landlord for costs for utilities must use the appropriate standard.

- 4) A household that is billed less often than monthly for its costs for utilities must continue to use the appropriate standard between billing months.
- 5) Households in public housing or privately-owned rental units that receive a bill for over-usage are entitled to use the air conditioning/heating standard allowance. When households (as defined at 7 CFR 273.1(a) ~~(20132012)~~) live together, the air conditioning/heating standard allowance, the limited utility standard allowance, or the single utility standard allowance, whichever is appropriate, shall be allowed for each household that contributes toward the utility costs whether or not each household participates in the program.
- 6) Households whose expense for heat or electricity, or both, is covered by indirect energy assistance payments under the Low Income Home Energy Program (89 Ill. Adm. Code 109) shall be entitled to the air conditioning/heating standard allowance (7 CFR 273.9 and 273.10(d)(6) ~~(20132012)~~). Households who receive, ~~or reasonably expect to receive,~~ a Low Income Energy Assistance Program (LIHEAP) (89 Ill. Adm. Code 109) payment of \$21 or more during the month of application or the preceeding 12-month period, ~~beginning with the date of the SNAP application,~~ shall be allowed the air conditioning/heating standard allowance (7 CFR 273.9 ~~(20132012)~~). The provisions of subsection (f)(3) of this Section are applicable to households whose expenses for heating or electricity, or both, are covered by indirect energy assistance payments.

DEPARTMENT OF HUMAN SERVICES

NOTICE OF EMERGENCY AMENDMENT

- 7) A household that has both an occupied home and an unoccupied home is entitled to only one standard. The appropriate utility standard may be used for the home the household chooses.
- h) Excess Medical Deduction. A deduction for excess medical expenses shall be allowed for households which contain an elderly or disabled member as defined at 7 CFR 271.2 (~~20132008~~) and Section 121.61. When a qualifying household member incurs medical expenses that are over \$35, the household will be given a Standard Medical Deduction if the expenses will not be reimbursed by insurance or a third party. The Standard Medical Deduction is a result of a Demonstration Project authorized by USDA FNS. The Standard Medical Deduction is \$450 a month for residents of Group Homes or Supportive Living Facilities and \$210 a month for all other eligible households. Households whose medical expenses exceed \$485 and \$245 a month, respectively, may opt to claim actual documented medical expenses in lieu of the Standard Medical Deduction and the amount over \$35 will be allowed as a deduction. To ensure federal costs do not increase, the Standard Deduction in subsection (c) of this Section will be reduced by \$4 per month for all SNAP households.

SECRETARY OF STATE

NOTICE OF EMERGENCY AMENDMENT

- 1) Heading of the Part: Issuance of Licenses
- 2) Code Citation: 92 Ill. Adm. Code 1030
- 3) Section Number: 1030.7 Emergency Action:
Amendment
- 4) Statutory Authority: Implementing Article I of the Illinois Driver Licensing Law of the Illinois Vehicle Code [625 ILCS 5/Ch. 6, Art. I] and authorized by Section 2-104(b) of the Illinois Vehicle Title and Registration Law of the Illinois Vehicle Code [625 ILCS 5/2-104(b)]
- 5) Effective Date of Amendment: April 4, 2014
- 6) If this emergency rule is to expire before the end of the 150-day period, please specify the date on which it is to expire: This emergency rule will expire at the end of the 150-day period or upon adoption of the permanent rule, whichever comes first.
- 7) Date Filed with the Index Department: April 4, 2014
- 8) A copy of the emergency rulemaking, including any material incorporated by reference, is on file in the Department's Springfield office and is available for public inspection.
- 9) Reason for Emergency: As described below, the Secretary of State's office requires undocumented immigrants applying for drivers licenses to make an appointment prior to coming to SOS facilities and applying and testing for the license. Several private, for-profit entities are charging fees to make appointments for undocumented immigrants. These entities then utilize sophisticated computer programs that dominate the SOS online appointment process, make it more difficult for other, non-paying applicants to get appointments, and adversely affect the operations of the Secretary of State's overall computer system.

In December of 2013 the Secretary of State's office began issuing drivers licenses to undocumented immigrants pursuant to Section 6-105.1(a-5) of the Illinois Vehicle Code. 625 ILCS 5/6-105.1(a-5). Research conducted for the planning and implementation of this licensing program indicated there would be tremendous initial demand for the licenses, with the total number of potential applicants ranging from 250,000 to 500,000. In order to manage this demand, and limit the impact on the other operations of SOS

SECRETARY OF STATE

NOTICE OF EMERGENCY AMENDMENT

facilities, applicants for these new licenses were required to make appointments for their initial application and testing. Appointments can be made either over the Internet or by telephone. Appointments can be made up to 90 days in advance. Therefore the dates on which appointments are available increases by one day every day (e.g., on March 1 appointments can be made through May 30; on March 2 appointments can be made through May 31). Available appointments are rapidly scheduled, particularly for facilities in metropolitan areas. As a result, each day there is great demand for the new day of appointments that has been made available.

Several private entities are charging undocumented immigrants to make appointments for them. These entities charge up to \$65 and assert that they are able to make appointments when others are unable to access our system and make appointments. These entities are utilizing sophisticated computer programs to dominate our online appointment making process. These entities run scripts against our program that enable them to make dozens of appointments in the first few minutes that the appointment making program becomes available for each day. This is causing major disturbances and interruptions with the Secretary of State's daily workflow. The multiple transactions (scripting) have caused SOS to temporarily stop services to the general public. This has also adversely affected other SOS Internet applications, including commercial drivers license testing, processing drivers education instructors, emergency contact database, facility finder tool, organ donation link and registry, parental access, and safe driver renewal process.

In addition to the interruptions of the Internet applications listed, the scripting caused major resource shortages and degradation of service to the office's mainframe (enterprise server). Processor usage shot to 100% several times during this period and responses to all mainframe users including facilities and law enforcement were degraded.

- 10) Complete Description of the Subjects and Issues Involved: The amended rule limits the number of appointments to apply for an undocumented immigrant driver's license made by any one individual or entity or from any one internet protocol address within a 24-hour period, and allows the Secretary to cancel any appointments made in excess of those limitations.
- 11) Are there any other proposed rulemakings pending on this Part? Yes

DPH, consistent with DHS's authority to do so, may propose and adopt under the Illinois Administrative Procedure Act such other rules of DHS that will now be administered by DPH. To the extent that, prior to the effective date
