2 AMENDMENT NO. _____. Amend Senate Bill 772, AS AMENDED, by
3 replacing everything after the enacting clause with the
4 following:

5 "Section 5. The Illinois Controlled Substances Act is
6 amended by changing Sections 314.5 and 316 as follows:

7 (720 ILCS 570/314.5)

8 Sec. 314.5. Medication shopping; pharmacy shopping.

9 (a) It shall be unlawful for any person knowingly or
10 intentionally to fraudulently obtain or fraudulently seek to
11 obtain any controlled substance or prescription for a
12 controlled substance from a prescriber or dispenser while being
13 supplied with any controlled substance or prescription for a
14 controlled substance by another prescriber or dispenser,
15 without disclosing the fact of the existing controlled
16 substance or prescription for a controlled substance to the

1 prescriber or dispenser from whom the subsequent controlled
2 substance or prescription for a controlled substance is sought.

3 (b) It shall be unlawful for a person knowingly or
4 intentionally to fraudulently obtain or fraudulently seek to
5 obtain any controlled substance from a pharmacy while being
6 supplied with any controlled substance by another pharmacy,
7 without disclosing the fact of the existing controlled
8 substance to the pharmacy from which the subsequent controlled
9 substance is sought.

10 (c) A person may be in violation of Section 3.23 of the
11 Illinois Food, Drug and Cosmetic Act or Section 406 of this Act
12 when medication shopping or pharmacy shopping, or both.

5 the Pharmacy Practice Act for controlled substances within the
6 course of a continuous 30-day period, the Prescription
7 Monitoring Program may issue an unsolicited report to the
8 prescribers, dispensers, and their designees informing them of
9 the potential medication shopping. If an unsolicited report is
10 issued to a prescriber or prescribers, then the report must
11 also be sent to the applicable dispensing pharmacy.

12 (e) Nothing in this Section shall be construed to create a
13 requirement that any prescriber, dispenser, or pharmacist
14 request any patient medication disclosure, report any patient
15 activity, or prescribe or refuse to prescribe or dispense any
16 medications.

17 (f) This Section shall not be construed to apply to
18 inpatients or residents at hospitals or other institutions or
19 to institutional pharmacies.

20 (g) Any patient feedback, including grades, ratings, or
21 written or verbal statements, in opposition to a clinical
22 decision that the prescription of a controlled substance is not
23 medically necessary shall not be the basis of any adverse
24 action, evaluation, or any other type of negative
25 credentialing, contracting, licensure, or employment action
26 taken against a prescriber or dispenser.
